# Our Story

Sharing Nature's Beauty with the Urban World

Russell's has been in business for almost 40 years. We have strived to grow the best and highest quality Air Plants in the business. In 2022, Russell's was taken over by an Army Veteran, who along with his wife and children, exchanged the bustling city life of New York to become plant growers in Central Florida. Their 5-acre farm is home to over 75 species of stunning, beautiful and novelty Air Plants of different shapes and sizes. It has provided the ideal environment for the couple to share their passion, excellence and love of nature with their family, team and all of you.

# PLANT VARIETIES —

Russell's Bromeliads is home to over a million plants ready to transform your space. Whether you're seeking a single statement piece or planning a large-scale project, our diverse inventory, spanning a wide range of sizes and unique varieties, offers endless design possibilities.

# VARIETIES

## **ABDITA PREMIUM HYB.**

Available in 2"-3", 3"-5" and 5"-7"

It has a fuller body with wider leaves that spread out in a more balanced way from its center in a classic rosette shape

## **ABDITA V. BRACH**

Available in 2"-3", 3"-5" and 5"-7"

Abdita has long, soft triangular leaves. Ordinarily a bright green color, it naturally turns a fiery red during inflorescence.

## **AERANTHOS STRICTA (HYB.)**

Available in 4"-5"

Available in bloom all year-round, we developed this popular cultivar in-house. A fast growing and resilient variety.

## **ALBIDA V. MINOR**

Available in 3"-5"

It has a very light green to silvery-white foliage. It grows taller as each new thin, triangular leaf emerges.

# VARIETIES

## ANDREANA

Available in 3"-4"

Its foliage is made up of very thin and soft green blades. When in bloom, it presents a red trumpet flower.

## ANTONIO

Available in 10"-12"

Its bold form makes it a natural focal point, perfect for tabletops, wall displays, or hanging arrangements.

## ARGENTEA THIN

Available in 2"-3"

It has a very thin and silvery foliage. When in bloom, this plant's flower rises up taller than the plant itself.

## ALBIDA V. MINOR

Available in 3"-5"

It has bright green, round-shaped leaves that extend out in crooked directions making it resemble a sea creature.

# VARIETIES

## BAILEY

Available in 7"-9"

Its subtle beauty is greatly admired for its soft, silvery-green leaves and graceful shape.

## BULBOSA BELIZE

Available in 4"-6"

Its bold form makes it a natural focal point, perfect for tabletops, wall displays, or hanging arrangements.

## BULBOSA GUATEMALA

Available in 2"-3"

A more compact bulbosa species with tubular leaves having the appearance of a miniature sea creature's tentacles.

## BUTZII

Available in 2"-4" and 4"-6"

This plant has no stem and begins with a bulbous body that extends into a series of thin, tubular leaves.

**Ionantha Guatemala, 1"-2"**

MARIE-HELENE,  
CO-OWNER OF RUSSELL'S BROMELIADS

# VARIETIES

## CACTICOLA

Available in 4"-7" and 7"-10"

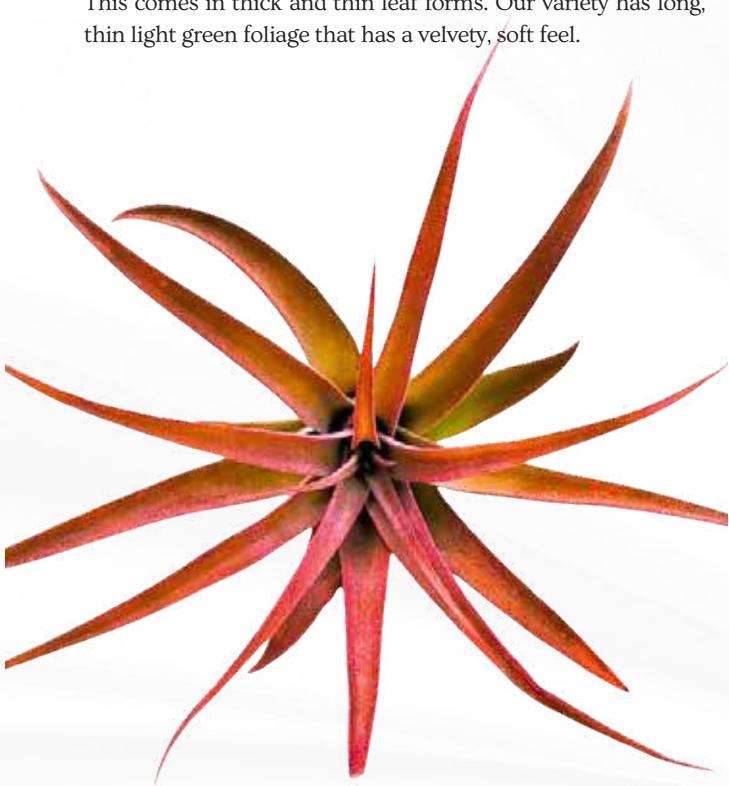

This comes in thick and thin leaf forms. Our variety has long, thin light green foliage that has a velvety, soft feel.

## CAPITATA FASCICULATA

Available in 7"-10", 10"-14" and 14"+

Its elongated, slender foliage is characterized by its light green to silvery hue and a robust, leathery texture.

## CAPITATA FUCHSIA

Available in 2"-3", 3"-5" and 5"-7"

In addition to its lovely color, the bloom forms in the center of the plant and gives off purple flowers.

## CAPITATA GREEN

Available in 5"-6" and 6"-9"

Its abundant, stiff, triangular leaves form a dense rosette, with the upper leaves blushing a melon hue as it prepares to bloom.

# VARIETIES

## CAPITATA MAROON

Available in 4"-7", 7"-10", 10"-12" and 12"-16"

True to its name, its maroon foliage (with occasional green blades) deepens in color with increased light.

## CAPITATA PEACH

Available in 2"-3", 3"-5", 5"-7" and 7"-10"

This plant has a rosette shape with soft foliage that turns a beautiful peach color when in bloom.

## CAPITATA RED

Available in 10"-12"

It is a captivating air plant admired for its striking reddish-pink foliage, especially vibrant during bloom.

## CAPITATA XERO

Available in 8"-10", 10"-12" and 12"-14"

It is known for its striking silvery-green foliage that forms a dense, sculptural rosette.

# VARIETIES

## CAPITATA YELLOW STAR

Available in 5"-7", 7"-9" and 9"+

The inner leaves will naturally lighten all the way to a greenish yellow when in bloom and produce purple flowers.

## CAPUT MEDUSAE

Available in 2"-4", 4"-6", 6"-9" and 9"+

Caput Medusae species has foliage that resembles wild, curling snakes emanating from its bulbous body.

## CURLY SLIM

Available in 5"-7"

Its curly form gives a playful yet elegant touch, making it a standout in terrariums, driftwood mounts, or hanging arrangements.

## CONCOLOR

Available in 5"-7"

Featuring elongated, rigid triangular leaves arranged in a dense rosette formation - in line with the classic bromeliad.

# VARIETIES

## **CYANEA VARIEGATA**

Available in 10"-12"

A striking variety with beautifully variegated leaves and a vibrant pink bloom spike that adds a tropical flair to any display.

## **DURATII**

Available in 4"-6" and 8"-11"

It is one of the very few specimens with fragrant flowers – a true rarity among Tillandsia.

## **ELONGATA**

Available in 6"-8" and 8"-12"

It's long, thin, triangular leaves form a rosette shape and display a bright green hue accented by occasional dark purple spots.

## **FASCICULATA**

Available in 5"-7", 7"-9" and 9"-12"

It has long, stiff and silvery-green foliage. The bloom lasts months and transitions from yellow to pink to cherry red.

# VARIETIES

## **FASC. TROPIFLORA**

Available in 5"-7", 7"-10", 10"-12" and 12"-16"

It is very hardy and tolerates direct sunlight and temperatures down to the mid-40s°F, producing a massive, braided bloom that can last over three months.

## **FASCICULATA HYBRID**

Available in 6"-8", 8"-10" and 10"-12"

While in bloom, the spike comes out very tall and yellow with purple flowers. Inflorescence can last for months.

## **FLEXUOSA**

Available in 6"-7" and 10"+

Its leaves are very stiff and have a strong ability to absorb water, which aids in withstanding dryer environments.

## **FILIFOLIA**

Available in 2"-3"

With its thin array of thin green leaves and purplish flowers in bloom, this petite plant works very well in terrariums.

Fasc. Tropiflora, 10"-12"

# VARIETIES

## FUCHSII

Available in 3"-4"

It features light sage green foliage and blooms with purple flowers emerging from a long, slender red spike.

## FUNCKIANA

Available in 3"-5"

Its very short leaves create pine-like needles that may twist and turn into funky shapes. A vibrant red trumpet flower emerges during bloom.

## GARDNERII

Available in 2"-4"

The foliage almost has a fuzzy, frosty white appearance due to its dense trichome coverage.

## HARRISII

Available in 2"-3", 3"-5" and 5"-7"

From its fuzzy blades emerge blushed leaves followed by a weeks-long inflorescence, turning from a brief yellow spike to ruby red and culminating in purple flowers.

# VARIETIES

## **HONDURENSIS**

Available in 2"-4"

In bloom, the leaves will naturally blush pink and present a peach-colored spike that shoots out purple flowers.

## **IONANTHA BALL**

Available in 4"-5" and 5"-7"

Each of the resulting Ionantha "Balls" is made up of at least 15 individual Ionanthas. Amazing color when they bloom!

## **IONANTHA BRAC.**

Available in 2"-4"

This plant's foliage is made up of long, thin velvety green leaves, which turn a peachy pink color when in bloom.

## **IONANTHA CLUSTER**

Available in 2"-4" and 4"-6" (hanging)

An Ionantha Cluster consists of a mother Ionantha plant with its offsets still attached.

# VARIETIES

## **IONANTHA DRUID**

Available in 2"-3"

During its bloom, the foliage turns a vibrant yellow and tubular white flowers emerge.

## **IONANTHA FUEGO**

Available in 1"-2" and 2"-3"

Named for its fiery, cherry-red during bloom, it produces tubular purple flowers.

## **IONANTHA GUATEMALA**

Available in 1"-2" and 2"-3"

During inflorescence, this plant's foliage transitions to a light pink and then eventually to a reddish red.

## **IONANTHA HUAMELULA**

Available in 2"-3"

Having a rosette shape, the foliage is dark green with slightly stiffer leaves than a typical Ionantha.

HAWORTHIA (25 PLANTS)

# VARIETIES

## **IONANTHA MEXICAN**

Available in 1"-2"

A fast grower and loves water, it has thick green leaves that curve downwards at the tips with the top layer turning red when in bloom.

## **IONANTHA RUBRA**

Available in 1"-2" and 2"-3"

During blooming, this plant's foliage shifts from green to orange to eventually red with purple flowers.

## **IONANTHA SCAPOSA**

Available in 2"-3"

Vibrant green leaves that blush red when blooming, adding a pop of color to any display.

## **IONANTHA VANHYNINGII**

Available in 1"-2", 2"-4" and 4"-6"

When in bloom, the leaves will blush to a peach color and the plant will emit purple flowers.

# VARIETIES

## **IONANTHA VANHYNINGII PINK**

Available in 4"-5"

It features succulent, star-shaped green leaves on a caulescent, branch-like structure.

## **JONESII**

Available in 2"-3"

It features fuzzy, silvery coat. It has a unique, almost ethereal appearance and grows with long, delicate and wispy leaves.

## **JUNCEA**

Available in 5"-7", 7"-10", 10"-14" and 14"+

Resembling tufts of thick grass (though a Tillandsia), Juncea boasts a bloom spike taller than itself, bearing purple flowers.

## **JUNCIFOLIA**

Available in 4"-6" and 7"-10"

This plant grows vertically to a fairly long length, making it a great addition to arrangements that require some height.

# VARIETIES

## MINIATA

Available in 2"-3" and 3"-5"

It has soft, narrow foliage that starts out dark green color then transitions to a vibrant red color during blooming.

## LAUTNERI

Available in 4"-6"

This species differentiates itself from Capitata through its scaled sepals and pronounced reddish colors in bloom.

## LEONAMIANA STRICTA

Available in 2"-3" and 3"-5"

A house specialty available year-round in bloom. It has a multitude of pink/salmon-colored petals in its flower.

## MAGNUSIANA

Available in 3"-5"

Magnusiana presents dense, plentiful foliage that is thin, soft and fuzzy and consists of silver, hair-like leaves.

Soft Leaf Stricta (Cultivar)

# VARIETIES

## MURORUM

Available in 3"-4", 4"-5" and 5"-7"

The bloom, which is a short, stiff braid that turns a dark reddish color, has clearly visible trichomes all over it.

## NANA

Available in 3"-4"

It's a miniature air plant with a bulbous base and tightly packed, short leaves, making it a cute, compact addition.

## OAXACANA

Available in 3"-5"

Plagiotropica's light green to silvery, narrow triangular leaves form a rosette, with tips that blush purple, especially after watering.

## PLAGIOTROPICA

Available in 2"-3", 3"-5" and 5"-7"

Plagiotropica's light green to silvery, narrow triangular leaves form a rosette, with tips that blush purple, especially after watering.

# VARIETIES

## POHLIANA

Available in 3"-5"

Pohliana presents long, thin triangular leaves in a rosette shape. The foliage is light green with silvery trichomes.

## PRUINOSA

Available in 2"-3"

These leaves are a velvety green and silver color, and they eventually grow out and flow in all directions.

## PRUINOSA SILVER

Available in 4"-6"

This drought-tolerant beauty boasts silver colored foliage with a thick bulbous base.

## PSEUDOBALLEYII

Available in 3"-4" and 4"-6"

This plant has stiff, tubular-shaped leaves that are silvery-green with purple hues.

# VARIETIES

## PURPUREA

Available in 4"-5" and 5"-7"

Its silvery-green foliage is striking and plentiful, eventually curving downward below the plant.

## RECURVIFOLIA

Available in 4"-5"

It displays long, slender leaves that dramatically curve backward, creating a spreading, open rosette.

## RESURRECTION

Available in 2"-3"

While normally a 2" bulb in its dormant state, once hydrated, it opens up and comes back to life, looking like a green moss.

## SAMANTHA

Available in 5"-7"

Its stunning rosette of luxuriously wide, soft green leaves produces equally stunning blooms and pups.

Fasciculata Hybrid, 10"-12"

# VARIETIES

## SELERIANA

Available in 2"-3", 3"-5" and 5"-7"

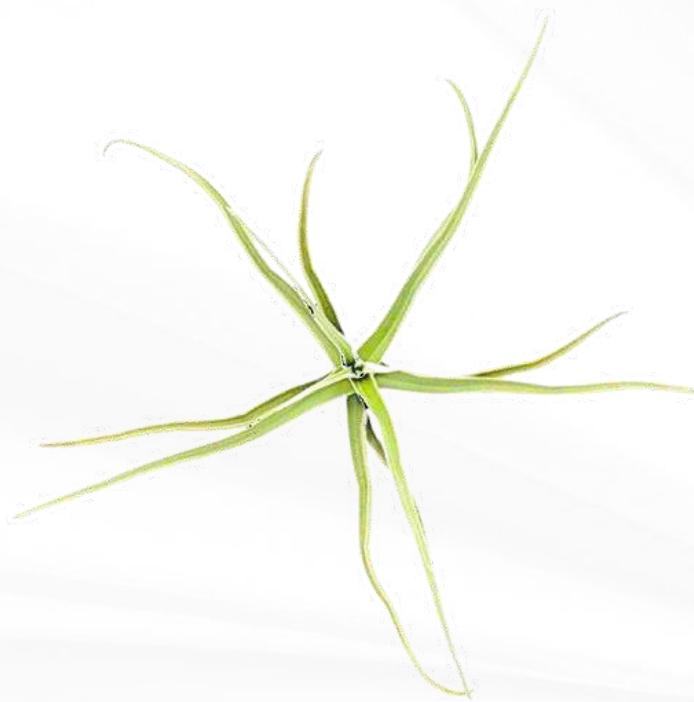

This plant has a thick, bulbous base from which grow thick, fuzzy green leaf tips.

## SOFT LEAF STRICTA (C.)

Available in 3"-4" and 4"-5"

One of our very popular cultivars, this plant is available year-round in bloom and stands out with its thick array of soft, light green foliage.

## STREPTOCARPA

Available in 4"-6" and 6"-8"

Its light green, stiff, narrow, and upward-curving leaves form a star-like shape when viewed from above.

## STREPTOPHYLLA

Available in 4"-7"

It has plentiful foliage made up of light green, fuzzy leaves that twist and curl, especially when dry.

# VARIETIES

## STREPTOPHYLLA RED CLONE

Available in 3"-5"

Streptophylla have a twisty, undulating shape with the upper row of leaves staying upright above the plant.

## STRICTA HYBRID

Available in 2"-3" and 3"-5"

The beautiful hybrid Stricta that we grow in-house has sage green to silver-colored foliage.

## TECTORUM

Available in 1"-3", 3"-4", 4"-5", 5"-6" and 6"-8"

A less prevalent, slow grower, this plant is best known for its soft, fuzzy blades that are a silver to almost white color.

## TRICOLOR

Available in 3"-4", 4"-6" and 6"-7"

Tricolor has slender, slightly stiff, dark green foliage that is a characteristically dark brown color at their base.

# VARIETIES

## USNEOIDES

Available in 60 grams

This is a wonderful plant that can serve as highly versatile filler. Its foliage is thick, velvety and cascades beautifully.

## VELUTINA

Available in 2"-3", 3"-5" and 5"-7"

Velutina exhibits velvety, olive-green foliage then turns a reddish color during inflorescence.

## VERNICOSA

Available in 3"-5" and 5"-7"

Vernicosa has a rosette shape with very stiff green leaves having an occasional purple hue.

## XEROGRAPHICA

Available in 3"-5", 5"-7", 7"-9" and 9"+

"King of Air Plants" - It has wide, very stiff silver/white leaves that curl downward and under the base of the plant.

Xerographica 3"-4"

# HANGING PLANTS

Adds effortless style and natural movement to any space. Lightweight and low-maintenance, they bring a fresh tropical touch to any décor or display.

### **DURATII, 4-6" (HANGING)**

With long, elegant leaves that curl naturally, this piece brings a sculptural, almost wild look. Its graceful form makes it a standout in any hanging arrangement.

### **ION DRUID HANGING CLUSTER, 4-6"**

Known for its bright, almost golden coloration, this cluster brings a warm and cheerful glow. Perfect for adding lightness and contrast to plant groupings.

### **ION FUEGO HANGING CLUSTER, 2-4"**

Bright, fiery tones give this compact cluster a bold, eye-catching presence. Its small size makes it perfect for adding a punch of color to tight spaces.

### **ION MIX HANGING CLUSTER, 4-5"**

A lively blend of Ionantha varieties creates a textured, colorful display. Each cluster offers a natural mix of shapes and hues for a vibrant hanging accent.

### **PURPUREA, 5-7" (HANGING)**

Soft, velvety leaves with purple undertones give this plant a refined, earthy charm. Its upright shape adds a sophisticated touch to décor or displays.

### **STREPTOPHYLLA , 3-5" (HANGING)**

Ribbon-like leaves twist into playful curls, giving this piece a whimsical, airy character. Its compact form adds movement and personality to small areas.

### **STRICTA HANGING CLUSTER, 5-7"**

Firm, structured leaves create a full and dynamic silhouette. This cluster adds a fresh, tropical feel with a clean, architectural presence.

### **XERO & FRIENDS, 5-7" (HANGING)**

A mix built around the iconic Xerographica, a novelty variety, paired with complementary companions for rich texture and volume. It brings a balanced blend of softness and structure to any space.

# — DECOR LINE

Russell's offers stunning, long-lasting decor, including fresh, beautiful plants perfect for any space.
