NURSERIES, LLC

2026-2028

Dear Friends,

As we move into another growing season, we're proud to be celebrating 37 years in the nursery business. What began in 1989 with a single greenhouse and a passion for plants has grown into a 500-acre operation. None of this would be possible without the support of our dedicated team and valued partners. We are especially proud to be a woman-owned business, rooted in hard work, experience, and a commitment to quality.

This year's catalog highlights the continued development of our Japanese maple and grafted conifer programs—core to who we are and where we're headed. From the careful process of grafting to years of growing and shaping, these specialty plants represent the craftsmanship and attention to detail that define our nursery. Alongside these offerings, we continue to expand our diverse selection of trees, shrubs, perennials, grasses, and ferns all of which are updated regularly through our weekly availability.

Looking ahead, we remain focused on thoughtful growth, innovation, and strengthening our position as a trusted supplier of high-quality plant material. We are excited about what is to come and look forward to sharing new developments as they unfold over the next few seasons.

As always, we welcome you to visit the nursery and see our plants firsthand. Please reach out to schedule a tour—we always enjoy connecting with our customers in person.

For questions, pricing, or to join our weekly availability list, contact us at 503.628.8685 option 2 or email salesteam@eshraghinursery.com. To place your spring orders, check out our Spring Booking List, which can be obtained in early Fall via e-mail from salesteam@eshraghinursery.com.

Thank you for your continued partnership,

Linda Hockersmith Eshraghi, Founder

Tags make a difference

How our tags benefit retail garden centers

- Our tags will help reduce labor costs, sell more plants, and increase traffic flow.
- The attractive and informative tags will answer many of your customers' questions, freeing up your salespeople to see more customers and sell more plants.
- Tags are made from a waterproof, fade resistant material called MilkMade, made from recycled milk jugs.
- The tag design incorporates a large 4-color image, cultural information, botanical and common names, planting instructions and a perforated bottom strip.
- For a nominal fee you can include your retail price and SKU on our tags so that your plants arrive ready for display, saving you time and money!

High-quality image of plant

No matter whether it is the foliage, unusual habit or beautiful blooms, our large 4-color image helps sell the beauty of the plant.

Large common and botanical names

What is in a name? We think everything is in a name, especially if it is the name of the plant your customer wants to buy!

Planting instructions with diagram

Our planting instructions help ensure your customers will have success with their new plant.

Easy-to-understand descriptions

When your customers are better informed they are more apt to buy!

Care instructions with simple icons

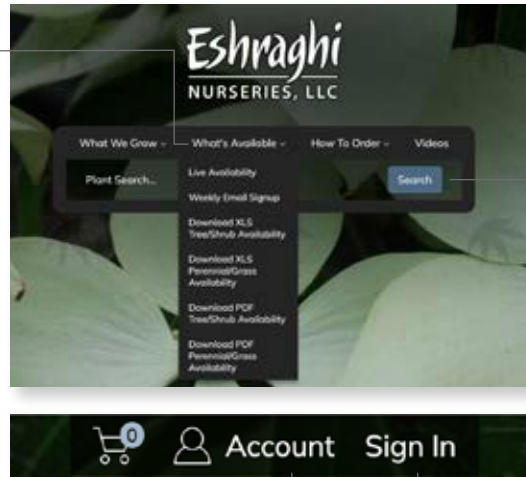

Our tags will build your customers' confidence with simple care instructions helping your staff close sales.

Website / Online Ordering

We encourage you to visit our website where you can view live inventory, source plant material information, images, and even sign up to do online ordering!

How to **view live inventory**

- From our homepage, click on **"What's Available"**
- From the dropdown menu, select **"Live Availability"**

Search for plant material information and images from the plant search field on the homepage.

Online ordering is a feature available to existing customers. To create an account, click on **"Account"** or **"Sign In"**

Click the **"request access"** link if you are a current customer

The 'Sign In' page features a heading 'Sign In' and a paragraph stating the company is a wholesale nursery supplying plant material to businesses with a state nursery license. It provides instructions for existing customers to use the 'What's Available' dropdown menu and a link to request access. Below this, there are input fields for 'Email Address' and 'Password', with a 'Forgot your password?' link next to the password field. A 'Sign In' button is at the bottom. A note at the bottom mentions browser cookies.

If you would like to **become a customer**, please download the **"New Customer Packet"** and submit it with your first order to the sales office: salesteam@eshraghinursery.com

Then, fill out the requested information on the linked page

The 'Register User' page has a heading 'Register User' and instructions for new users. It states that all fields are required and that users can request account activation. The form is divided into two columns. The left column contains fields for 'Email*', 'Business Name*', 'Business Type*', 'Full Name*' (with sub-fields for First and Last), 'Phone*', 'Fax', and a CAPTCHA image. The right column contains fields for 'Billing Address*' (with sub-fields for Street, City, State, and Zip), 'Shipping Address*' (with sub-fields for Street, City, State, and Zip), 'Comments', and 'How did you hear about us*'. A 'Register' button is at the bottom.

Our Plants

(alphabetical)

Abelia x grandiflora 'Kaleidoscope'

Abelia x grandiflora Suntastic™ 'Radiance' PP21929

Abies koreana 'Cis'

Abies koreana 'Kohouts Icebreaker'

Abelia x grandiflora nana Suntastic™ 'Rhabpe22' Peach PP34885

Abies concolor 'Blue Cloak'

Abies koreana 'Horstmann's Silberlocke'

Abies koreana 'Silberperle'

ABELIA X GRANDIFLORA 'KALEIDOSCOPE'

Glossy Abelia

Size: 2.5 x 4'
Exposure: Sun-Part shade
Zone: 6

This semi-evergreen shrub has green and yellow variegated leaves. Fall color is a striking combination of yellow, orange, pink, and red. Best color in full sun. Small white, fragrant flowers bloom from late spring through summer.

ABELIA X GRANDIFLORA SUNTASTIC™ 'RADIANCE' PP21929

Glossy Abelia

Size: 3 x 5'
Exposure: Sun-Part shade
Zone: 6

A tight, compact shrub with bright red stems. Glossy green leaves edged with creamy white margins maintain their color throughout the season. A vigorous grower that becomes more beautiful as the fragrant, white, tubular flowers appear in midsummer. Unlicensed propagation prohibited.

ABIES KOREANA 'CIS'

Korean Fir

Size: 1.5 x 2'
Exposure: Sun-Part shade
Zone: 4

A low rounded shape and dark green evergreen needles make this a great plant for the front of the border or along a walkway. This dwarf conifer stays neat and compact.

ABIES KOREANA 'KOHOUTS ICEBREAKER'

Korean Fir

Size: 6 x 3'
Exposure: Sun-Part shade
Zone: 4

A witch's broom of 'Horstmann's Silberlocke', this cultivar will maintain a small stature in the garden. Radial branching and curled needles that expose their white undersides are its signature features. Over time it may develop a leader and mature into a squat tree.

ABELIA X GRANDIFLORA NANA SUNTASTIC™ 'RHABPE22' PEACH PP34885

Glossy Abelia

Size: 3 x 5'
Exposure: Full sun
Zone: 6

This plant displays rare, variegated foliage in warm apricot shades, with its colors most vibrant during winter. New leaves start with yellow and green hues, transitioning to a warm apricot tone in cooler months. The stems are vividly crimson. White tubular flowers bloom in summer. Unlicensed propagation prohibited.

ABIES CONCOLOR 'BLUE CLOAK'

White Fir

Size: 8 x 4'
Exposure: Full sun
Zone: 4

This conifer has striking light blue needles that grow along slightly weeping branches. The pyramidal form makes a great specimen in areas with restricted space.

ABIES KOREANA 'HORSTMANN'S SILBERLOCKE'

Korean Fir

Size: 20 x 10'
Exposure: Sun-Part shade
Zone: 5

This unusual yet handsome medium sized conical tree has irregular branching and blue-green needles curling up to reveal bright silver undersides. Likes lower elevations and tolerates heat and drought.

ABIES KOREANA 'SILBERPERLE'

Korean Fir

Size: 1.5 x 1.5'
Exposure: Sun-Part shade
Zone: 4

Deep green needles have silver-white undersides and white, pearl-like winter buds. Its slow, dense growth initially forms a flattened globe, eventually becoming conical in shape. Protect from hot sun.

Acer circinatum 'Burgundy Jewel'

Acer circinatum 'Little Gem'

Acer circinatum 'Sunny Sister'

Acer griseum

Acer circinatum 'Kisetsu dore'

Acer circinatum 'Pacific Fire'

Acer circinatum

Acer japonicum 'Aconitifolium'

ACER CIRCINATUM 'BURGUNDY JEWEL'

Vine Maple

Size: 6 x 4'

Exposure: Full sun-Part Shade

Zone: 5

This selection can take the form of a small deciduous tree or a large shrub. The leaves hold their purple-red color well throughout the summer, especially in full sun. In fall the leaves transition to orange and red.

ACER CIRCINATUM 'LITTLE GEM'

Vine Maple

Size: 5 x 5'

Exposure: Full sun-Shade

Zone: 5

This dwarf vine maple forms a dense mound. Small green leaves emerge with a slight red tinge in the spring and turn shades of orange and red in fall.

ACER CIRCINATUM 'SUNNY SISTER'

Vine Maple

Size: 6 x 3'

Exposure: Full sun-Part shade

Zone: 5

This small, upright, deciduous tree is a great addition to any landscape. Leaves emerge orange-yellow, with pink highlights in full sun, maturing to light green. In fall, leaves change to bright yellow and orange.

ACER GRISEUM

Paperbark Maple

Size: 25 x 20'

Exposure: Full sun-Part shade

Zone: 4

A gorgeous, deciduous tree where the cinnamon to reddish brown bark peels away in paper thin strips. Bluish green toothed foliage changes to orange-red in the fall.

ACER CIRCINATUM 'KISETSU DORE'

Compact Vine Maple

Size: 6 x 4'

Exposure: Full sun-Part shade

Zone: 6

Foliage emerges orange-pink and matures to green with yellow to orange fall color. This dwarf has a bushy habit.

ACER CIRCINATUM 'PACIFIC FIRE'

Vine Maple

Size: 12 x 8'

Exposure: Full sun-Part Shade

Zone: 5

This selection forms an open mound featuring light green foliage that takes on orange highlights in full sun. Brilliant red twigs are the highlight of this vine maple. Fall colors are especially striking with contrasting golden yellow and orange foliage.

ACER CIRCINATUM

Vine Maple

Size: 15 x 20'

Exposure: Full sun-Shade

Zone: 5

Small spreading tree with up to 4" wide green leaves which turn gorgeous gold, orange, and red in fall. A great understory tree, but fall color is better with more sun.

ACER JAPONICUM 'ACONITIFOLIUM'

Fernleaf Fullmoon Maple

Size: 9 x 9'

Exposure: Full sun-Part shade

Zone: 5

An upright tree with a bushy habit and large, rounded fern-like leaves. Rich green color turns scarlet in fall.

Acer japonicum 'Fairy Lights'

Acer japonicum 'Ruby'

Acer palmatum 'Aka shigitatsu sawa'

Acer palmatum 'Aoyagi'

Acer japonicum 'Green Cascade'

Acer palmatum 'Adrian's Compact'

Acer palmatum 'Akita yatsubusa'

Acer palmatum 'Ariadne'

ACER JAPONICUM 'FAIRY LIGHTS'

Dwarf Fullmoon Maple

Size: 5 x 3'

Exposure: Full sun-Part shade

Zone: 5

This dwarf maple features highly dissected leaves. Light green spring foliage becomes deep green in summer. In autumn, the leaves take on gold and scarlet colors.

ACER JAPONICUM 'RUBY'

Fullmoon Maple

Size: 8 x 5'

Exposure: Full sun-Part shade

Zone: 5

A broad-headed deciduous tree, this maple features green leaves edged in reddish purple. Fall colors are orange, red and purple.

ACER PALMATUM 'AKA SHIGITATSU SAWA'

Samurai Japanese Maple

Size: 15 x 10'

Exposure: Part sun-Part shade

Zone: 5

Palmate leaves sport an unusual color combination. Leaves open maroon changing to green with dark veins, tones of pink, and red washed overall. Fantastic orange to red fall color. Upright habit. Protect from wind and late spring frost.

ACER PALMATUM 'AOYAGI'

Green Coral Maple

Size: 26 x 20'

Exposure: Full sun-Part shade

Zone: 5

Bright green bark is quite unusual and more intense in winter. Light green foliage is densely arranged on the branches, which form a broadly upright crown. Fall color is a nice yellow.

ACER JAPONICUM 'GREEN CASCADE'

Fullmoon Maple

Size: 5 x 7'

Exposure: Full sun-Part shade

Zone: 5

A weeping form of japonicum, with more substantial leaves and more intense color than 'Viridis'. Medium green color turns a concentrated yellow-gold to crimson in fall.

ACER PALMATUM 'ADRIAN'S COMPACT'

Japanese Maple

Size: 6 x 3'

Exposure: Full sun-Part shade

Zone: 5

A nice upright, compact tree, with small burgundy red leaves. Fall color includes bright orange and red.

ACER PALMATUM 'AKITA YATSUBUSA'

Japanese Maple

Size: 3 x 3'

Exposure: Full sun-Part shade

Zone: 5

This shrub maple grows in a round form. Its leaves emerge as pinkish yellow-red, mature to green, and in the fall transition to full red. Its leaves also feature long, thin lobes.

ACER PALMATUM 'ARIADNE'

Japanese Maple

Size: 7 x 5' in 10 years

Exposure: Full sun-Part shade

Zone: 5

Coarsely serrated foliage emerges light orange, pink and red, with contrasting bright green veins. Fall color is a combination of brighter orange, pink and red.

Acer palmatum 'Atrolineare'

Acer palmatum 'Beni hageromo'

Acer palmatum 'Beni maiko'

Acer palmatum 'Beni shi en'

Acer palmatum 'Atropurpureum'

Acer palmatum 'Beni hime'

Acer palmatum 'Beni otake'

Acer palmatum 'Bihou'

ACER PALMATUM 'ATROLINEARE'

Japanese Maple

Size: 15 x 12'
Exposure: Full sun
Zone: 5

Semi-dwarf tree with upright habit. Narrow lobed leaves emerge a bright red, fading to purple-green in the summer, followed by red in the fall. Also known as 'Scolopendrifolium Rubrum'.

ACER PALMATUM 'BENI HAGOROMO'

Red Angel Feather Maple

Size: 15 x 10' in 20 years
Exposure: Full sun-Part shade
Zone: 5

Unlike most palmatus, the feather-like leaf lobes of this cultivar are completely separate and attached directly to the stem. Leaves emerge red, maturing to maroon and then green in summer. Fall color is bright red. This deciduous tree has an upright vase-shape. Heat tolerant.

ACER PALMATUM 'BENI MAIKO'

Japanese Maple

Size: 10 x 8'
Exposure: Full sun-Part shade
Zone: 5

Varying leaf color makes this small tree an exciting addition to the garden. Leaves emerge scarlet-red, maturing to greenish red with red veins. In fall, leaves turn deep pink starting along the edges and eventually spreading across the entire leaf.

ACER PALMATUM 'BENI SHI EN'

Red Smoke Maple

Size: 20 x 20'
Exposure: Full sun-Part shade
Zone: 5

Deeply divided leaves emerge rosy red, darkening to purple. In summer, the foliage becomes green with a lighter midrib. Some leaves have an irregular, creamy margin. Finally, in fall, the leaves turn golden. This deciduous tree has an upright form and provides ever-changing seasonal interest.

ACER PALMATUM 'ATROPURPUREUM'

Japanese Maple

Size: 25 x 20'
Exposure: Full sun-Part shade
Zone: 5

A small tree with a bushy habit. Spring flush of red-purple leaves mature to rich burgundy and turn scarlet in fall. Summer heat may fade leaves to green-bronze.

ACER PALMATUM 'BENI HIME'

Japanese Maple

Size: 5 x 4'
Exposure: Part shade
Zone: 5

A dwarf, shrubby tree with small, rounded star-shaped leaves. New growth is pinkish red with red margins and green veins. Remains both red and green through summer becoming more intensely red and purple in fall.

ACER PALMATUM 'BENI OTAKE'

Japanese Maple

Size: 20 x 10'
Exposure: Filtered sun-Part shade
Zone: 5

A bushy, upright deciduous tree with narrow lobed leaves that give the appearance of bamboo. Foliage is dark red in spring and summer, turning orange in fall.

ACER PALMATUM 'BIHOU'

Japanese Maple

Size: 7 x 3'
Exposure: Full sun-Part shade
Zone: 5

A small, upright deciduous tree with tiny yellow-green leaves. Fall color is yellow to orange. Bark on twigs and branches turns a vivid coral yellow with an orange overcast in winter. The Japanese name means "beautiful mountain range".

Acer palmatum 'Bloodgood'

Acer palmatum 'Butterfly'

Acer palmatum 'Cotton Candy'

Acer palmatum 'Elizabeth'

Acer palmatum 'Bonfire'

Acer palmatum 'Catalina Mendoza Yatsubusa'

Acer palmatum 'Dr. Seuss'

Acer palmatum 'Elmwood'

ACER PALMATUM 'BLOODGOOD'

Japanese Maple

Size: 20 x 20'

Exposure: Full sun-Part shade

Zone: 5

A vigorous, upright habit with blackish red new stems. Large, deeply cut red leaves turn bright red in fall. The iconic red upright Japanese maple to which all others are compared.

ACER PALMATUM 'BUTTERFLY'

Japanese Maple

Size: 6 x 15'

Exposure: Full sun-Part shade

Zone: 5

Small tree with an upright form. Small green leaves are edged in white and soft pink margins that turn brighter pink in fall.

ACER PALMATUM 'COTTON CANDY'

Japanese Maple

Size: 10 x 10'

Exposure: Part sun-Part shade

Zone: 5

A dwarf cultivar, this maple has irregularly pink and cream variegation. For best color, protect from hot afternoon sun. Leaves become orange and red in fall. Newer branches can become bright pink-red in winter.

ACER PALMATUM 'ELIZABETH'

Japanese Maple

Size: 5 x 3'

Exposure: Full sun-Part shade

Zone: 5

This dwarf Japanese maple has a dense upright form. Foliage has long, slim lobes and is deep red, aging to bronzy red. In shade, the leaves will be greener.

ACER PALMATUM 'BONFIRE'

Japanese Maple

Size: 15 x 15'

Exposure: Full sun

Zone: 5

A small upright tree with glossy leaves that emerge bright red and fade to green. Nice multicolor effect all summer, brilliant red in fall. Dense growth habit.

ACER PALMATUM 'CATALINA MENDOZA YATSUBUSA'

Japanese Maple

Size: 6 x 4'

Exposure: Full sun-Part shade

Zone: 5

Unusual leaves have long narrow lobes, that are somewhat irregularly shaped. Foliage is tightly arranged on branches, creating a dense appearance. Yellow to lime green variegation with darker green. Fall color orange to red. 'Mikawa yatsubusa' lineage, with a more upright form.

ACER PALMATUM 'DR. SEUSS'

Japanese Maple

Size: 5 x 3'

Exposure: Full sun-Part shade

Zone: 6

This maple features small, irregularly shaped leaves. Green foliage has slight yellow variegation that is most prominent on new growth. In the fall the leaves transition from yellow to orange.

ACER PALMATUM 'ELMWOOD'

Japanese Maple

Size: 7 x 4'

Exposure: Full sun-Part shade

Zone: 5

Light green foliage with dark green reticulation turns golden orange in fall. Upright form.

Acer palmatum 'Emperor I'

Acer palmatum 'Fireball'

Acer palmatum 'First Ghost'

Acer palmatum 'Geisha Gone Wild'

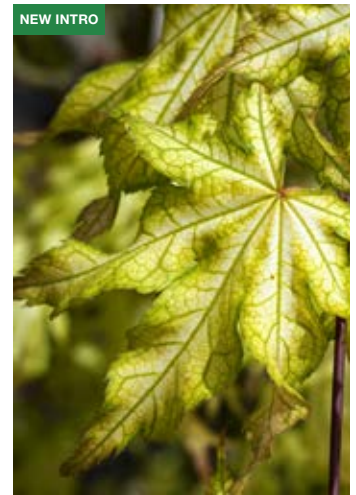

Acer palmatum 'Fascination'

Acer palmatum 'Fireglow'

Acer palmatum 'Gable Glory'

Acer palmatum 'Ghost Dancer'

ACER PALMATUM 'EMPEROR I'

Japanese Maple

Size: 20 x 20'
Exposure: Full sun-Part shade
Zone: 5

An upright maple, similar to 'Bloodgood', but with a faster growth rate. This cultivar has a narrower habit with dark red-purple leaves which turn scarlet in the fall. Ideal for colder climates.

ACER PALMATUM 'FIREBALL'

Japanese Maple

Size: 4 x 3'
Exposure: Full sun-Part shade
Zone: 5

A dwarf maple, this cultivar flushes cherry red in spring. Leaves become deep purple-red, then turn vivid red and orange in fall.

ACER PALMATUM 'FIRST GHOST'

Japanese Maple

Size: 10 x 10'
Exposure: Part sun-Shade
Zone: 5

Foliage emerges creamy white with red edges. Matures to soft green with dark green veins. Fall color is yellow and orange. Upright habit. For extended spring color, protect from hot afternoon sun.

ACER PALMATUM 'GEISHA GONE WILD'

Japanese Maple

Size: 6 x 3'
Exposure: Part shade
Zone: 6

A small variegated form with narrow, purple-green foliage, that is irregularly edged with pink and white. New growth is bright hot-pink while fall foliage changes to purple-orange, then red.

ACER PALMATUM 'FASCINATION'

Japanese Maple

Size: 26 x 20'
Exposure: Full sun-Part shade
Zone: 5

'Fascination' is a medium to large maple with deeply cut leaves. The foliage emerges yellow-orange in spring, then turns a darker green. The fall color is bright orange-red. Tolerates humidity.

ACER PALMATUM 'FIREGLOW'

Japanese Maple

Size: 16 x 16'
Exposure: Full sun-Part shade
Zone: 5

Upright maple similar to 'Bloodgood', but on the smaller side with brighter red fall coloration. New leaves are also slightly more pink. Heat tolerant.

ACER PALMATUM 'GABLE GLORY'

Chameleon Maple

Size: 15 x 15'
Exposure: Part shade
Zone: 5

Bright new red leaf color is long-lasting, especially in some shade, maturing to burgundy-green. Fall color is orange to red. Unusual bark is yellow-green and provides winter interest.

ACER PALMATUM 'GHOST DANCER'

Japanese Maple

Size: 9 x 7' in 10 years
Exposure: Part sun-Part shade
Zone: 5

New foliage emerges greenish white with a hint of purple on the tips of the lobes. Foliage becomes pale green with contrasting dark green veins. Summer color is green, turning yellow and red in fall. For best color, avoid afternoon sun.

NEW INTRO

Acer palmatum 'Gwen's Rose Delight' Shirazz PP18728

NEW INTRO

Acer palmatum 'Hime shojo'

Acer palmatum 'Iijima sunago'

Acer palmatum 'JN4' Dragon Tears™ PP22249

NEW INTRO

Acer palmatum 'Hangover'

Acer palmatum 'Hoshi kuzu'

Acer palmatum 'Ilarian'

Acer palmatum 'John's Jubilee'

ACER PALMATUM 'GWEN'S ROSE DELIGHT' SHIRAZZ PP18728

Japanese Maple

Size: 12 x 8' in 10 years

Exposure: Full sun-Part shade

Zone: 5

A colorful cultivar with irregularly shaped lobes that can be curved or twisted. Spring color is maroon to red with irregular pink variegation along the margins. In summer, leaves may hold their spring color in shade or change to grey-green with cream variegation. Fall color is purple-red. Unlicensed propagation prohibited.

ACER PALMATUM 'HIME SHOJO'

Japanese Maple

Size: 5 x 4'

Exposure: Full sun-Part shade

Zone: 5

An excellent dwarf red palmatum, growing densely, and taller than wide. Flushes of red, deeply divided new leaves appear all season, maturing to a dark maroon, giving this treasure a contrasting color effect. Best color in full sun, although afternoon shade in hot climates is appreciated.

ACER PALMATUM 'IJIMA SUNAGO'

Japanese Maple

Size: 26 x 20'

Exposure: Full sun-Part shade

Zone: 5

With an upright habit, this maple eventually forms a rounded head. Spring leaves emerge red with an orange hue, and are large for a palmatum. In summer they become purple-brown, sometimes developing tiny green speckles. The yellow-green veins provide interesting contrast, even when the leaves turn yellow, orange and red in fall.

ACER PALMATUM 'JN4' DRAGON TEARS™ PP22249

Japanese Maple

Size: 10 x 8'

Exposure: Full sun-Part shade

Zone: 5

This Japanese maple cascades like a dissectum but is not as wide. Its spring color is crimson red, turning burgundy red as the leaves mature. By summer's end the color changes to rusty red. Autumn leaf color is bright red. A "must have" for the collector. Unlicensed propagation prohibited.

ACER PALMATUM 'HANGOVER'

Japanese Maple

Size: 10 x 8'

Exposure: Full sun-Part shade

Zone: 5

Aptly named for its outward-hanging branching and drooping foliage. It also has interesting, irregularly shaped, bright green foliage. Its form is a bit disorganized in a wild, beautiful way. Yellow fall color.

ACER PALMATUM 'HOSHI KUZU'

Japanese Maple

Size: 8 x 5'

Exposure: Full sun-Part shade

Zone: 5

Compact habit. Small leaves have light green on green variegation. Fall color is red, pink, and purple. Irregular star-shaped leaves inspired the name which means "star-studded sky".

ACER PALMATUM 'ILARIAN'

Japanese Maple

Size: 8 x 4'

Exposure: Full sun-Part shade

Zone: 6

Small, deciduous, upright tree with unusual, tiny pink, green and white variegated leaves. Stunning foliage changes to a bright orange or red in fall.

ACER PALMATUM 'JOHN'S JUBILEE'

Japanese Maple

Size: 20 x 20'

Exposure: Full sun-Shade

Zone: 5

Discovered at Oregon Ornamentals by John Ellerbrook, circa 2000, this cultivar is distinguished by its ability to hold its red color well into fall. An upright tree, its form is softened by branches that are somewhat cascading.

Acer palmatum 'Kamagata'

Acer palmatum 'Kihachijo'

Acer palmatum 'Koto-no-ito'

Acer palmatum 'Kurui jishi'

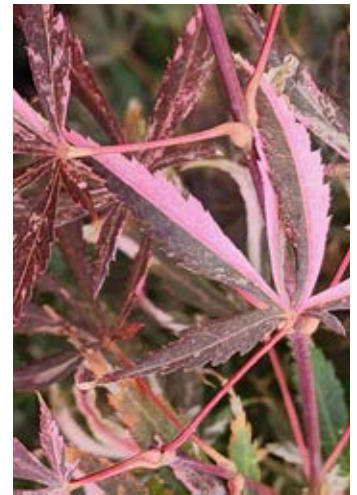

Acer palmatum 'Katsura'

Acer palmatum 'Kiyohime'

Acer palmatum 'Kurenai jishi'

Acer palmatum 'Lilianne's Jewel'

ACER PALMATUM 'KAMAGATA'

Eagle Claw Maple

Size: 10 x 10'
Exposure: Full sun
Zone: 5

Small leaves with long angular lobes emerge light green with a red margin. Mid-summer color is bright green before turning intense orange-yellow and red in fall. Has a soft appearance and a dense habit.

ACER PALMATUM 'KIHACHIO'

Japanese Maple

Size: 15-20 x 12-15'
Exposure: Full sun-Part shade
Zone: 5

This rounded tree has bright green, flat leaves with double serrations on the margins, giving it a distinctly tiered and lacey appearance. Fall color is a yellow-gold with rose highlights.

ACER PALMATUM 'KOTO-NO-ITO'

Harp Strings Maple

Size: 10 x 8'
Exposure: Full sun-Part shade
Zone: 5

Meaning "harp strings", the name of this cultivar aptly describes this tree's very narrow leaves. Foliage opens with a hint of crimson, quickly turning green. Fall color is bright yellow. Graceful, upright habit.

ACER PALMATUM 'KURUI JISHI'

Confused Lion Japanese Maple

Size: 3 x 2' in 10 yrs
Exposure: Part shade
Zone: 5

A slow growing, upright dwarf tree. Spring leaves emerge deep green with tightly rolled edges and slightly hooked tips. Fall color is bright yellow.

ACER PALMATUM 'KATSURA'

Japanese Maple

Size: 12 x 12'
Exposure: Full sun-Part shade
Zone: 5

Beautiful bright yellow leaves with coral tones last into summer. Leaves fade to soft green before turning brilliant gold and orange in autumn. New branches turn vibrant coral-orange in winter. Vase-shaped when young, maturing to a rounded crown.

ACER PALMATUM 'KIYOHIME'

Japanese Maple

Size: 6 x 6'
Exposure: Full sun
Zone: 5

Small, star-shaped leaves on a vigorous but dense, compact grower. Rich green leaves initially emerge with bright red-orange margins around yellow centers. Fall color is yellow-orange to bronze.

ACER PALMATUM 'KURENAI JISHI'

Red Lion Maple

Size: 4 x 3'
Exposure: Full sun-Part shade
Zone: 5

This maple is a dwarf shrub with a compact form. The leaves are small with twisted lobes. New leaf growth emerges bright red, transitioning to a light orange-brown color, and as they mature, the leaves become purple-brown. In the fall, the leaves range from yellow to red.

ACER PALMATUM 'LILLEANNE'S JEWEL'

Japanese Maple

Size: 12' in 15 yrs
Exposure: Full sun-Part shade
Zone: 5

Unusual pink and white variegation on bright red leaves create a focal point in the garden. In summer, the variegation holds well on leaves that have matured to green-red. Fall colors are crimson red and hot pink. Needs some sun for better variegation. Upright, shrubby habit. Heat tolerant.

Acer palmatum 'Lima Gold'

Acer palmatum 'Manyo no sato'

Acer palmatum 'Mikazuki'

Acer palmatum 'Nishiki gawa'

Acer palmatum 'Little Sango'

Acer palmatum 'Mikawa yatsubusa'

Acer palmatum 'Miss Piggy'

Acer palmatum 'Olsen's Frosted Strawberry'

ACER PALMATUM 'LIMA GOLD' <i>Japanese Maple</i> Size: 4 x 4' Exposure: Full sun-Part sun Zone: 5 Tiny yellow-green, seven-lobed leaves adorn this dense, dwarf maple. Fall color is a light golden yellow. Its compact stature makes it highly suitable for a container or small garden.	ACER PALMATUM 'MANYO NO SATO' <i>Japanese Maple</i> Size: 6 x 4' Exposure: Full sun-Part shade Zone: 5 Narrow-lobed, deeply divided leaves emerge purple, and harden off to green and purple. In late summer, the purple turns deep green, creating a two-toned green effect. Fall color is purple and orange. Broad upright habit.	ACER PALMATUM 'MIKAZUKI' <i>Crescent Moon Maple</i> Size: 13 x 7' Exposure: Part sun-Part shade Zone: 5 Spring growth emerges red with green venation. As the deeply divided and undulating foliage matures, it changes to creamy white with pink margins. Fall brings back the green veins highlighting the orange leaves. A great cultivar for humid climates.	ACER PALMATUM 'NISHIKI GAWA' <i>Pine Bark Maple</i> Size: 20 x 16' Exposure: Full sun-Part shade Zone: 5 This upright deciduous tree features green leaves with yellow to red fall color. The most distinctive feature of this maple is its interesting bark. As it ages, the bark develops attractive, corky fissures, similar to the Japanese black pine.
ACER PALMATUM 'LITTLE SANGO' <i>Japanese Maple</i> Size: 5 x 3' in 10 yrs Exposure: Full sun-Part shade Zone: 6 This small deciduous tree has a dense, upright form. Light green leaves become yellow and orange in fall. Newer stems are bright red in winter.	ACER PALMATUM 'MIKAWA YATSUBUSA' <i>Japanese Maple</i> Size: 12 x 12' Exposure: Full sun-Shade Zone: 5 Large, overlapping leaves make this maple quite unusual. Bright yellow-green new growth matures to rich green. Yellow to deep red fall color. Irregularly branched with dense growth. Very striking dwarf tree.	ACER PALMATUM 'MISS PIGGY' <i>Japanese Maple</i> Size: 6 x 4' in 10 years Exposure: Full sun-Part shade Zone: 5 This unique cultivar does not have the typical opposite leaf growth of most maples. Branches are often fasciated, resulting in dense growth. Spring foliage is green with reddish purple edges, which fade to green. New growth during the season may be salmon pink, and in fall the foliage turns orange-red.	ACER PALMATUM 'OLSEN'S FROSTED STRAWBERRY' <i>Japanese Maple</i> Size: 6 x 6' Exposure: Sun-Part shade Zone: 5 This small tree features reticulated leaves of purple-red and silver-white. The pink color is most vibrant in spring. Orange to pinkish red fall foliage continues the changing show of color. Develops a rounded, somewhat weeping shape. Protect from hot afternoon sun for best color.

Acer palmatum 'Omato'

Acer palmatum 'Orange Dream'

Acer palmatum 'Peaches and Cream'

Acer palmatum 'Onyx'

Acer palmatum 'Oregon Sunset'

Acer palmatum 'Osakazuki'

Acer palmatum 'Peridot Flame'

ACER PALMATUM 'OMATO'

Japanese Maple

Size: 25 x 25'

Exposure: Full sun-Part sun

Zone: 5

This upright, green maple has large leaves with 5-7 broadly ovate lobes. Leaves emerge with a hint of orange-red, mature to rich green, then turn brilliant tones of red in fall. Forms a rounded crown.

ACER PALMATUM 'ORANGE DREAM'

Japanese Maple

Size: 25 x 15'

Exposure: Part shade

Zone: 5

Similar to 'Katsura' but even more colorful. A nicely branched upright tree, the large leaves begin coral-orange and progress to vibrant yellow with red undertones, eventually maturing to soft green. Bright gold and coral in fall.

ACER PALMATUM 'ORION'

Japanese Maple

Size: 5 x 4'

Exposure: Full sun-Part shade

Zone: 6

Very small leaves emerge bright red and mature to maroon, copper, and green. Fall color is soft orange.

ACER PALMATUM 'PEACHES AND CREAM'

Japanese Maple

Size: 10 x 10'

Exposure: Part shade

Zone: 5

Spring foliage emerges cream with green highlights and rose-red tips. Deep green veins create a variegated appearance. Fall color is yellow with dark tips. Forms a small tree, about the same width as height.

ACER PALMATUM 'ONYX'

Japanese Maple

Size: 15 x 10'

Exposure: Full sun-Part shade

Zone: 5

Leaves emerge in spring with a deep burgundy foliage color against the striking white-streaked bark. Fall color is deep red. More narrow habit than 'Bloodgood'. Discovered at Oregon Ornamentals by John Ellerbrook.

ACER PALMATUM 'OREGON SUNSET'

Japanese Maple

Size: 10 x 10'

Exposure: Full sun-Part shade

Zone: 5

Large leaves round out the overall globe-shape of this compact grower. Purple-red leaves begin as a soft red in spring. In fall, the leaves turn an outstanding orange-red.

ACER PALMATUM 'OSAKAZUKI'

Japanese Maple

Size: 25 x 15'

Exposure: Full sun-Part sun

Zone: 5

A small, rounded tree. Large, green leaves cup at the base. Brilliant red fall color.

ACER PALMATUM 'PERIDOT FLAME'

Japanese Maple

Size: 12 x 6'

Exposure: Part shade

Zone: 5

An upright Japanese maple, whose foliage emerges peachy red in spring, then matures to a bronze-green. Deep lobes and serrated leaf edges mimic a flame. Fall tones are yellow and orange. Found at Oregon Ornamentals by John Ellerbrook.

ACER PALMATUM 'PEVE OLLIE'

Japanese Maple

Size: 10 x 6'

Exposure: Full sun-Part shade

Zone: 5

Broadly palmate purple-red foliage has bright red fall color. Upright form.

ACER PALMATUM 'PHOENIX'

Japanese Maple

Size: 16 x 8'

Exposure: Full sun-Part shade

Zone: 5

The leaves of this upright, deciduous tree change throughout the season. Emerging pink-red with yellow veins, the leaves become more yellow, while the veins become green. Eventually the leaves are shiny green with bronze-red margins. Finally, fall brings bright orange and red colors.

ACER PALMATUM 'PUNG KIL'

Japanese Maple

Size: 15 x 12'

Exposure: Full sun-Part shade

Zone: 5

Slender lobes emerge light red, maturing to dark purple, with bright red fall color. Broad upright form.

ACER PALMATUM 'RAINBOW'

Japanese Maple

Size: 8 x 4'

Exposure: Part sun-Part shade

Zone: 5

A dwarf maple with deeply cut leaves. Variegated foliage is pink and purple, with the markings quite different from leaf to leaf. Fall color is red. Protect from hot afternoon sun for best color.

ACER PALMATUM 'PEVE STANLEY'

Japanese Maple

Size: 10 x 8'

Exposure: Full sun-Part shade

Zone: 5

Deeply dissected, serrated leaves on an upright tree create a strong textured appearance. Foliage emerges bright red, maturing to dark purplish red in summer. Fall color is brilliant crimson.

ACER PALMATUM 'PIXIE'

Japanese Maple

Size: 8 x 8'

Exposure: Full sun-Part shade

Zone: 5

Semi-dwarf tree with compact growth habit and black-red new stems. Deep purple-red foliage turns bright red in the fall.

ACER PALMATUM 'PURPLE GHOST'

Japanese Maple

Size: 18 x 18'

Exposure: Full sun-Part shade

Zone: 5

Purple-red foliage, with dark black veins, turns bright red to orange in fall. The more sun, the darker the leaves. Upright habit.

ACER PALMATUM 'RED PYGMY'

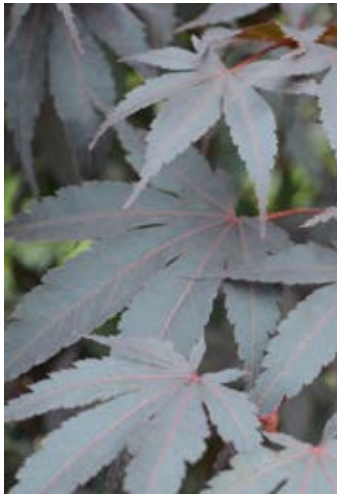

Japanese Maple

Size: 6 x 6'

Exposure: Part shade

Zone: 5

Very narrow leaf lobes give these red leaves a strap-like look. Leaves are bright scarlet as the season ends. Forms a vase-shaped, small tree.

ACER PALMATUM 'RHODE ISLAND RED'

Japanese Maple

Size: 6 x 7'

Exposure: Full sun-Part shade

Zone: 5

This compact, red-leaved maple forms a broad dome-shaped crown. Bright red leaves mature to burgundy red, finally turning orange to red in fall. Dark red stems provide winter interest.

ACER PALMATUM 'RUSLYN IN THE PINK'

Dwarf Japanese Maple

Size: 6 x 3'

Exposure: Full sun-Part shade

Zone: 5

New foliage is pink-red to bright red, maturing to dark purple-red with shades of green. Fall color is bright orange to pink-red. This upright dwarf is perfect for containers and small garden areas.

ACER PALMATUM 'RYUZU'

Dragon's Head Dwarf Maple

Size: 4 x 6'

Exposure: Full sun-Part shade

Zone: 5

Dwarf maple with very compact habit and twisting, salmon-pink tinged foliage in spring. Color deepens to nice green in summer then to a striking, orangish-red in fall.

ACER PALMATUM 'SANGO KAKU'

Coral Bark Maple

Size: 25 x 20'

Exposure: Full sun-Part shade

Zone: 5

'Sango kaku' is best known for its magnificent coral-pink bark in the winter. This upright grower has medium-sized, light green leaves until fall, when they become apricot-orange followed by a brilliant gold. Very showy tree with a nice upright form. Avoid heavy shade for best color.

ACER PALMATUM 'RUBY STARS'

Japanese Maple

Size: 6 x 3'

Exposure: Full sun-Part shade

Zone: 5

Small, broadly star-shaped leaves emerge red in spring, maturing to green in summer. A second flush of red growth creates a lovely contrast against the older green leaves. Fall color is yellow to orange. A lovely dwarf tree.

ACER PALMATUM 'RYU SEI'

Japanese Maple

Size: 10 x 6'

Exposure: Full sun-Part shade

Zone: 5

A weeping palmatum, this cultivar has green spring and summer foliage, that turns red and gold in fall. Branches initially grow upwards but quickly become pendulous. Height depends on training.

ACER PALMATUM 'SAGARA NISHIKI'

Japanese Maple

Size: 10 x 8'

Exposure: Full sun-Part shade

Zone: 5

Leaves begin life with some apricot coloration, becoming chartreuse to dark green with yellow margins as the season progresses. The foliage will turn orange and yellow in the fall. For best color, protect from hot afternoon sun.

ACER PALMATUM 'SEIUN KAKU'

Japanese Maple

Size: 10 x 10'

Exposure: Full sun-Part shade

Zone: 5

Forming a flat-topped crown, the foliage on this upright maple emerges yellow-green, maturing to dark green in summer, and finally turning a lovely red in fall.

Acer palmatum 'Skeeter's Broom'

Acer palmatum 'Summer Gold'

ACER PALMATUM 'SHAINA'

Japanese Maple

Size: 8 x 8'

Exposure: Full sun-Part shade

Zone: 5

A popular compact, upright, and densely branching tree. Small, deeply cut leaves remain close to the branches. Leaves begin a bright red and mature to a deep reddish purple and then bright red in fall.

ACER PALMATUM 'SHIGURE BATO'

Japanese Maple

Size: 10 x 10'

Exposure: Full sun-Part shade

Zone: 5

Palmate leaves are irregularly toothed, almost like a lace leaf. New growth is light green with reddish tips, with the red fading as the leaves mature. Gold tones adorn the leaves in fall. This rounded maple can be treated as a large shrub or small tree.

ACER PALMATUM 'SISTER GHOST'

Japanese Maple

Size: 10 x 10'

Exposure: Full sun-Part shade

Zone: 5

Foliage emerges yellow with red tips, matures to light green with dark green reticulation. Fall color is orange with yellow and red.

ACER PALMATUM 'STRAWBERRY SPRING'

Dwarf Japanese Maple

Size: 8 x 6'

Exposure: Full sun-Part shade

Zone: 6

Foliage emerges with reticulated green veinage and pink, light orange, and yellow colors that fade to pink and white before maturing to green. Fall color is orange and red. Partial shade will protect the colors of this upright dwarf. Discovered at Buchholz Nursery.

ACER PALMATUM 'SHARP'S PYGMY'

Japanese Maple

Size: 4 x 4'

Exposure: Part sun

Zone: 5

A dwarf, shrubby tree with very compact growth. Small, serrated, green leaves turn brilliant yellow and scarlet-orange in autumn. Discovered at Sharp's Nursery in Oregon.

ACER PALMATUM 'SHISHIGASHIRA'

Lion's Head Maple

Size: 20 x 15'

Exposure: Full sun-Part shade

Zone: 5

Small, bright green leaves curl tightly against branches. Densely packed leaves create a striking appearance on this slow-growing, compact, upright tree. The foliage turns brilliant gold with some red and pink shades in autumn.

ACER PALMATUM 'SKEETER'S BROOM'

Japanese Maple

Size: 15 x 6'

Exposure: Full sun-Part shade

Zone: 5

New growth on this compact Japanese maple emerges a lovely bright red. As the foliage matures it takes on more of a burgundy color. Upright habit creates a somewhat columnar form. Discovered by Ed "Skeeter" Rod in Pennsylvania.

ACER PALMATUM 'SUMMER GOLD'

Japanese Maple

Size: 13 x 8'

Exposure: Full sun-Part shade

Zone: 5

A lovely yellow-leaved maple that is sun tolerant. New leaves emerge orange-yellow, transitioning through light yellow, yellow-gold, yellow-green, and finally golden yellow in fall. This yellow maple, developed at Fratelli Gilardelli Nursery in Italy, tolerates sun and heat.

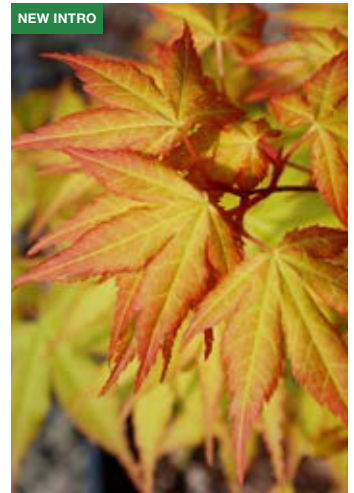

Acer palmatum 'Taylor'

Acer palmatum 'Twombly's Red Sentinel'

Acer palmatum 'Ukigumo'

ACER PALMATUM 'TAYLOR'

Japanese Maple

Size: 4 x 3'
Exposure: Full sun-Part shade
Zone: 6

This dwarf shrub maple is known for its stunning pink new growth. Eventually, leaf centers turn green while pink margins transition to white. The leaves turn lime green in fall before they drop.

ACER PALMATUM 'TROMPENBURG'

Japanese Maple

Size: 26 x 16'
Exposure: Full sun-Part shade
Zone: 5

Narrow leaf lobes radiate outward, creating a starburst effect. The color starts out deep purple-red, maturing to reddish green and bronze in summer, and finally becoming crimson in fall.

ACER PALMATUM 'TSUMA GAKI'

Painted Nails Japanese Maple

Size: 6-10 x 6-10'
Exposure: Full sun-Part shade
Zone: 5

Light green leaves have red lobe-tips like painted fingernails. Late summer may bring burgundy tones before the crimson-red fall color appears. Small, rounded, upright tree.

ACER PALMATUM 'UENO YAMA'

Japanese Maple

Size: 6 x 4' in 10 yrs
Exposure: Part shade
Zone: 6

Leafing out fairly early in spring, this Japanese maple boasts yellow-orange foliage color both in spring and fall. Red-orange margins in spring outline the small leaves. Summer color is bright green. Double-toothed leaves create a feathery appearance.

ACER PALMATUM 'TOBIOSHO'

Japanese Maple

Size: 20 x 15'
Exposure: Full sun-Part shade
Zone: 5

Known for its brilliant red fall color, 'Tobiosho' has an upright, wide-topped habit and bears medium green leaves through spring and summer. Red leaf stems. Discovered by Milt Tobie.

ACER PALMATUM 'TSUKASA SILHOUETTE'

Japanese Maple

Size: 20 x 7'
Exposure: Sun-part shade
Zone: 5

The columnar form of this maple makes it a great accent plant for any landscape. New foliage emerges chartreuse in early spring, changing to deep green by summer. Fall colors range from orange to red. Heat tolerant.

ACER PALMATUM 'TWOMBLY'S RED SENTINEL'

Japanese Maple

Size: 6 x 3'
Exposure: Full sun-Part shade
Zone: 5

This compact and narrow growing tree has lovely deep maroon foliage. The color holds well throughout the hot summer months and becomes a beautiful crimson in autumn. Spring color is bright red. Found at Twombly's Nursery.

ACER PALMATUM 'UKIGUMO'

Floating Cloud Maple

Size: 12 x 8'
Exposure: Full sun-Part shade
Zone: 5

A very small ornamental tree. Leaves are mixed green, white, and pink with variegation changing throughout the season. Some years, the leaves will emerge almost completely white. Fall color is bright yellow to orange.

ACER PALMATUM 'UZEN NISHIKI'

Variegated Japanese Maple

Size: 10 x 6'
Exposure: Full sun-Part shade
Zone: 5

Foliage emerges green with pink and purple borders. Gradually white develops until summer when leaves mature to green with pink and white. This upright maple takes on yellow and orange colors in fall. Partial shade preserves the unique coloration.

ACER PALMATUM 'WINTER'S COLUMNAR RED'

Japanese Maple

Size: 10 x 8'
Exposure: Full sun-Part shade
Zone: 5

Small foliage emerges bright red, deepens to maroon, then turns an outstanding bright red in fall. Dense, columnar variety great for narrow spaces. Found at Oregon Ornamentals by John Ellerbrook.

ACER PALMATUM

Japanese Maple

Size: 20 x 20'
Exposure: Full sun-Part shade
Zone: 5

The principal species to which most Japanese maple cultivars belong. An excellent upright form. Light green leaves turn shades of yellow, orange, and bronze-red in fall.

ACER PALMATUM DISSECTUM 'BALDSMITH'

Laceleaf Maple

Size: 5 x 6' in 10 yrs
Exposure: Part sun
Zone: 5

A mounding laceleaf with finely cut leaves. Spring color is bright orange-red, fading to soft green in summer, finally turning brilliant orange in fall.

ACER PALMATUM 'WINTER RED'

Japanese Maple

Size: 10 x 6'
Exposure: Full sun-Part shade
Zone: 6

Fiery, coral-red bark provides interest winter through early spring. Then bright yellow-green leaves emerge, creating a lovely contrast to the bark. Leaves mature to medium green, with new growth light green. Fall brings golden yellow and small accents of red. Upright habit, smaller than 'Sango kaku'.

ACER PALMATUM 'YELLOW CASCADE'

Japanese Maple

Size: 6 x 4'
Exposure: Sun-part shade
Zone: 5

Pink and yellow new foliage matures to yellow and becomes a brighter yellow in fall. The cascading form makes this palmatum special.

ACER PALMATUM DISSECTUM 'BABY LACE'

Laceleaf Maple

Size: 3 x 3'
Exposure: Part sun-Part shade
Zone: 5

Small, very finely dissected leaves emerge a pinkish red fading to a bronze-green. Fall color is more reddish with hints of pink and orange. A delicate looking maple as leaves have an airy, spider-like appearance. Remains quite dwarf.

ACER PALMATUM DISSECTUM 'CONTORTA'

Laceleaf Maple

Size: 12 x 12'
Exposure: Full sun-Part shade
Zone: 5

Prized contorted branches, weeping habit, and tall pyramidal form. Lime green to green foliage turns yellow and orange in fall. Heat and sun tolerant.

ACER PALMATUM DISSECTUM 'CRIMSON QUEEN'

Laceleaf Maple

Size: 8 x 12'

Exposure: Part sun

Zone: 5

A lovely laceleaf maple with deep purple-red color and a nice cascading habit. Holds color well in heat and turns deep scarlet in fall.

ACER PALMATUM DISSECTUM 'FIRECRACKER'

Laceleaf Maple

Size: 6 x 7' in 10 yrs

Exposure: Full sun-Part shade

Zone: 5

A fast-growing laceleaf maple, the branches of this cultivar arch up and out, eventually cascading downwards. Leaves emerge ruby red, darkening to maroon. Summer heat and sun may cause the leaves to become green-red. Fall color is scarlet red.

ACER PALMATUM DISSECTUM 'INABA SHIDARE'

Laceleaf Maple

Size: 7 x 10'

Exposure: Full sun-Part shade

Zone: 5

Rich maroon laceleaf with a cascading habit that is a bit more upright than most. Crimson in fall. Faster growing than other red laceleaves.

ACER PALMATUM DISSECTUM 'LEMON LIME LACE'

Laceleaf Maple

Size: 4 x 9'

Exposure: Full sun-Part shade

Zone: 5

Lace-like leaves emerge yellow, maturing to lime green, giving this weeping Japanese maple a lovely two-toned appearance. Fall color ranges from yellow to orange.

ACER PALMATUM DISSECTUM 'EMERALD LACE'

Laceleaf Maple

Size: 12 x 12'

Exposure: Full sun-Part shade

Zone: 5

This maple has lacy green leaves on arching branches. Foliage emerges light green, deepening to emerald green. In fall, the color becomes red and orange. In hotter climates, provide some shade.

ACER PALMATUM DISSECTUM 'HANA MATOI'

Laceleaf Maple

Size: 6 x 3'

Exposure: Part shade

Zone: 5

Deeply cut lobes and fine serrations create a lacy effect. Adding to the appeal are the variations of deep pink, yellow-green, and cream on the green leaves. Protect from hot sun to retain color.

ACER PALMATUM DISSECTUM 'JEDDELOH ORANGE'

Laceleaf Maple

Size: 5 x 6'

Exposure: Part sun

Zone: 5

Finely dissected leaves have strong red-orange margins and pale green centers. Fall color is intense red. A lovely small specimen tree.

ACER PALMATUM DISSECTUM 'ORANGEOLA'

Laceleaf Maple

Size: 8 x 7'

Exposure: Full sun-Part shade

Zone: 5

Leaves emerge orange-red then fade to dark red-green. Heavy shade encourages a deep green cast. It is a beautiful effect enhanced by leaves that are a bit glossier than most of the reddish purple laceleaf varieties. Color becomes bright red-orange in autumn. Dense branches cascade nicely.

ACER PALMATUM DISSECTUM 'ORNATUM'

Laceleaf Maple

Size: 5 x 6' in 10 years, eventually 15 x 10'
Exposure: Full sun-Part shade
Zone: 5

This slow-growing shrubby laceleaf maple has an elegant cascading umbrella habit. Red spring foliage turns partly green in summer and crimson in fall.

ACER PALMATUM DISSECTUM 'PRINCE CHARMING'

Laceleaf Maple

Size: 5 x 6'
Exposure: Part shade
Zone: 5

Foliage emerges pink, red, and green, maturing to green. Fall color is brilliant red. Compact cascading habit. Reverted sport of 'Hana matoi'.

ACER PALMATUM DISSECTUM 'RED FILIGREE LACE'

Laceleaf Maple

Size: 5 x 5'
Exposure: Part shade
Zone: 5

Extremely lacy, deep purple uniform color, with deep purple to red fall color. One of the most unusual laceleaves available.

ACER PALMATUM DISSECTUM 'SCARLET PRINCESS'

Laceleaf Maple

Size: 4 x 4'
Exposure: Full sun-Part shade
Zone: 5

A dwarf laceleaf, this cultivar has beautiful red leaves and a uniform, compact shape. Foliage emerges bright pink, with long slender lobes.

ACER PALMATUM DISSECTUM 'OTTO'S DISSECTUM'

Laceleaf Maple

Size: 4 x 5'
Exposure: Part sun-Part shade
Zone: 5

New spring foliage on this weeping laceleaf is orange-red, maturing to bronze, then green in summer. Fall brings a return to orange red. Spring color will last longer with protection from hot afternoon sun. This dwarf tree is great for smaller gardens.

ACER PALMATUM DISSECTUM 'RED DRAGON'

Laceleaf Maple

Size: 7 x 10'
Exposure: Full sun-Part shade
Zone: 5

A beautiful weeping laceleaf with new red leaves which mature to purple-red. This cultivar holds deep red color in sun or shade, better than any other red dissectum. Rich red in fall.

ACER PALMATUM DISSECTUM 'RED WEB'

Laceleaf Maple

Size: 4 x 5'
Exposure: Full sun-Part shade
Zone: 5

Thin leaf lobes radiate out like a web, giving this cultivar its name. This weeping laceleaf has red spring color that changes to reddish green. In fall, the leaf color ranges from yellow to orange, a truly multi-season tree.

ACER PALMATUM DISSECTUM 'SEIRYU'

Upright Laceleaf Maple

Size: 25 x 15'
Exposure: Full sun-Part shade
Zone: 5

A very attractive upright growth form with small, lacy green leaves until autumn, when leaves turn red and gold with tones of purple. A very attractive and unusual upright.

ACER PALMATUM DISSECTUM 'SPRING DELIGHT'

Laceleaf Maple

Size: 4 x 8' in 10 yrs
Exposure: Part shade
Zone: 5

A strong growing cascading maple with green leaves edged in red. Red leaf margin disappears by late summer, solid green turning to orange and red in the fall.

ACER PALMATUM DISSECTUM 'TOYAMA NISHIKI'

Variegated Laceleaf Japanese Maple

Size: 10 x 10'
Exposure: Part shade-Shade
Zone: 5

Slow-growing laceleaf with variegated foliage. Color is better in shade. Foliage emerges bronze with prominent splashes of pink and creamy white. Mature foliage is green-red to purple-red. Fall color is gold to orange; potentially pink-red in late autumn.

ACER PALMATUM DISSECTUM 'VIRIDIS'

Laceleaf Maple

Size: 10 x 10'
Exposure: Part sun-Part shade
Zone: 5

The most common green laceleaf maple. Chartreuse leaves mature to rich green in summer. Foliage turns yellow-gold with hints of orange and red in fall. Cascading habit.

ACER SHIRASAWANUM 'AUREUM'

Full Moon Maple

Size: 20 x 20'
Exposure: Part sun-Part shade
Zone: 5

Beautiful tree with bright yellow leaves that turn orange-red in fall. Leaves have many more lobes than a palmatum, giving them a rounded appearance. In shade, the leaves will be more chartreuse. Upright and bushy growth habit.

ACER PALMATUM DISSECTUM 'TAMUKE YAMA'

Laceleaf Maple

Size: 8 x 12'
Exposure: Full sun-Part shade
Zone: 5

A rich red-purple laceleaf which holds its color well through summer. Leaves emerge slightly more red; fall color is brilliant red. Grows quickly to maturity.

ACER PALMATUM DISSECTUM 'VICTORIA'S RED SENSATION'

Laceleaf Maple

Size: 5 x 5'
Exposure: Full sun-Part shade
Zone: 5

Foliage emerges brick red with green stems. Matures to green and bronze. Fall color is yellow and orange. Cascading umbrella habit. This rare and attractive small tree is great for the landscape or patio.

ACER PALMATUM DISSECTUM 'WATERFALL'

Laceleaf Maple

Size: 6 x 12'
Exposure: Full sun-Part shade
Zone: 5

Small, deciduous tree that has strongly cascading branches. Green foliage turns gold with traces of orange and scarlet in the fall. Needs more shade in hot summer areas.

ACER SHIRASAWANUM 'AUTUMN MOON'

Fullmoon Maple

Size: 20 x 15'
Exposure: Part sun-Part shade
Zone: 5

Small, deciduous tree. Leaves have many more lobes than a palmatum, giving them a rounded appearance. Foliage is burnt orange in sun, yellow in shade, and rose-orange in the fall.

Siebold's Maple

Size: 10 x 6'
Exposure: Full sun-Part shade
Zone: 4

Broad-lobed, palmate leaves are mottled with varying shades of green and creamy white. Fall colors are orange and red.

ACER SIEBOLDIANUM 'SODE-NO-UCHI'

Dwarf Siebold Maple

Size: 12 x 12' in 15 years
Exposure: Full sun-Part sun
Zone: 4

This dwarf maple forms a rounded shrub over time. Small foliage is green, becoming yellow blended with orange and red in fall. Suitable for containers or bonsai.

ARBUTUS X 'MARINA'

Strawberry Tree

Size: 50 x 40'
Exposure: Full sun
Zone: 7

Medium to dark pink flowers yield interesting, strawberry-shaped red to yellow fruits. Foliage is evergreen, and bark is red-brown, providing good year-round interest.

ARCTOSTAPHYLOS 'PACIFIC MIST'

Manzanita

Size: 2 x 8'
Exposure: Sun-Part sun
Zone: 7

Perfect for coastal gardens, this spreading ground-cover manzanita thrives in beach sand but will tolerate heavier soils, too. Local birds, including hummingbirds, will love the white flowers that dot 'Pacific Mist' in late winter, followed by attractive berries.

ACER SIEBOLDIANUM 'SHORYU-NO-TSUME'

Siebold Maple

Size: 12 x 12'
Exposure: Full sun-Part shade
Zone: 4

Shoryu-no-tsume means "claw of the dragon," illustrated by the green foliage with unique elongated lobes. Fall color is orange and red. Arching habit, mounding form. Cold tolerant.

ARBUTUS UNEDO 'COMPACTA'

Compact Strawberry Tree

Size: 10 x 10'
Exposure: Sun-Part shade
Zone: 7

White urn-shaped flowers bloom in late summer followed by strawberry-like red fruit persisting into winter. Attractive flaky, red-brown bark. Compact growth habit.

ARCTOSTAPHYLOS 'EMERALD CARPET'

Carpet Manzanita

Size: 1 x 6'
Exposure: Sun-Part shade
Zone: 7

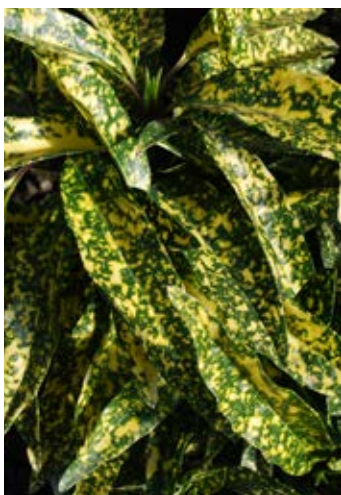

Evergreen groundcover with small, shiny green leaves. Dense, compact and slow-growing. It produces clusters of white urn-shaped flowers in early spring, followed by red berries. Drought tolerant in cool summer areas. Deer resistant.

ARCTOSTAPHYLOS UVA-URSI 'MASSACHUSETTS'

Kinnikinnick

Size: 1 x 6'
Exposure: Sun-Part shade
Zone: 2

An evergreen groundcover with small deep green leaves. Flowers are white, tinged with pink in spring. Scarlet-red fruit appears in late summer.

Aucuba japonica 'Hosoba Hoshifu'

Azalea 'Canzonetta'

Azalea 'Girard's Fuchsia'

Azalea 'Gumpo Pink'

Aucuba japonica 'Mr. Goldstrike'

Azalea 'Cherry Drops'

Azalea 'Girard's Pleasant White'

Azalea 'Hino-crimson'

AUCUBA JAPONICA 'HOSOBA HOSHIFU'

Gold Dust Plant

Size: 5 x 4'

Exposure: Part shade-Shade

Zone: 7

This evergreen, shade-loving shrub has narrow, glossy green leaves with heavy, bright yellow speckling. It is a female Aucuba, and produces pretty, ornamental red fruit when planted near a male cultivar. The fruit is long lasting, persisting through the winter. Drought tolerant once established. Adds a fun, tropical aesthetic.

AZALEA 'CANZONETTA'

Evergreen Azalea (pink)

Size: 1 x 1.5'

Exposure: Part shade

Zone: 6

Rosy pink, cup-shaped flowers bloom for weeks in spring on this dwarf evergreen shrub. Dark green, shiny leaves turn burgundy red in winter. All in all, with its low spreading habit, this is a beautiful groundcover shrub.

AZALEA 'GIRARD'S FUCHSIA'

Evergreen Azalea (pink)

Size: 3 x 4'

Exposure: Part sun

Zone: 5

Red-violet flowers. Dark, glossy green evergreen leaves take on a reddish color in winter. Will tolerate some sun in cool climates.

AZALEA 'GUMPO PINK'

Evergreen Azalea (pink)

Size: 2 x 3'

Exposure: Part shade

Zone: 7

Dwarf evergreen Azalea growing wider than tall. Blooms late spring with showy light pink to pink flowers with speckled throat.

AUCUBA JAPONICA 'MR. GOLDSTRIKE'

Gold Dust Plant

Size: 6 x 5'

Exposure: Part shade-Shade

Zone: 6

This evergreen shrub is heavily variegated with golden-yellow flecks. The glossy leaves add color to shaded areas. A male clone which will not produce berries but acts as a pollinator. In colder climates, plant in sheltered locations.

AZALEA 'CHERRY DROPS'

Evergreen Azalea (red)

Size: 2 x 2'

Exposure: Part sun

Zone: 7

A dainty, compact evergreen azalea. Small dark green leaves are covered by cherry red flowers during mid-season. Will tolerate some sun in cool climates.

AZALEA 'GIRARD'S PLEASANT WHITE'

Evergreen Azalea (white)

Size: 3 x 3'

Exposure: Part sun

Zone: 5

An upright, low-growing evergreen azalea with dark green leaves. Large white rounded flowers appear in spring. Will tolerate some sun in cool climates.

AZALEA 'HINO-CRIMSON'

Evergreen Azalea (red)

Size: 4 x 5'

Exposure: Part sun

Zone: 5

Bright crimson-red flowers cover its glossy, deep green foliage that is tinged with red in winter. Will tolerate some sun in cool climates.

Azalea 'Hino-white Dwarf'

Azalea 'Petticoat'

Azalea 'Rosebud'

Azalea Deciduous 'Arneson Gem'

Azalea 'Mother's Day'

Azalea 'Pink Clusters'

Azalea 'Stewartstonian'

Azalea Deciduous 'Cannon's Double'

AZALEA 'HINO-WHITE DWARF'

Evergreen Azalea (white)

Size: 1 x 2'

Exposure: Part sun

Zone: 6

Clean white, star-shaped flowers engulf the evergreen foliage of this fantastic dwarf shrub. Will tolerate some sun in cool climates.

AZALEA 'PETTICOAT'

Evergreen Azalea (pink)

Size: 24 x 32"

Exposure: Part shade

Zone: 6

Deep pink, ruffled, hose-in-hose flowers add texture and color to any shady garden. Blooms in late spring for 2-3 weeks. A nice evergreen shrub.

AZALEA 'ROSEBUD'

Evergreen Azalea (pink)

Size: 3 x 4'

Exposure: Part sun

Zone: 6

This evergreen azalea produces shell pink hose-in-hose flowers which resemble roses. Slow spreading habit makes it ideal for the front of mixed borders. Will tolerate some sun in cool climates.

AZALEA DECIDUOUS 'ARNESON GEM'

Exbury Azalea (yellow/orange)

Size: 3 x 4'

Exposure: Sun-Part shade

Zone: 5

A deciduous azalea with bright green foliage edged in bronze and red fall color. Red buds open to reveal yellow-orange blossoms that are darker toward the margins. Disease resistant. Will tolerate some sun in cool climates. An Exbury hybrid.

AZALEA 'MOTHER'S DAY'

Evergreen Azalea (red)

Size: 5 x 5'

Exposure: Part sun

Zone: 6

This evergreen azalea produces large hose-in-hose rose-red flowers with dark spotting in the throat. Gets its name from almost always blooming around Mother's Day. Will tolerate some sun in cool climates.

AZALEA 'PINK CLUSTERS'

Evergreen Azalea (pink)

Size: 3 x 6'

Exposure: Part sun

Zone: 6

This evergreen azalea produces frilled pink flowers with orange centers. Leaves take on a reddish hue in winter to add to this plant's beauty. Will tolerate some sun in cool climates.

AZALEA 'STEWARTSTONIAN'

Evergreen Azalea (orange)

Size: 5 x 5'

Exposure: Part shade

Zone: 5

Orange-red flowers cover this dense spreading shrub in spring. Dark green leaves are evergreen, but turn red-brown in cold weather, adding winter interest. A Gable hybrid.

AZALEA DECIDUOUS 'CANNON'S DOUBLE'

Exbury Azalea (pink/yellow)

Size: 5 x 5'

Exposure: Sun-Part shade

Zone: 5

Creamy yellow and pink hose-in-hose flowers bloom late mid-season. Foliage is green with bronze to reddish tints on a deciduous shrub with open habit. An Exbury hybrid.

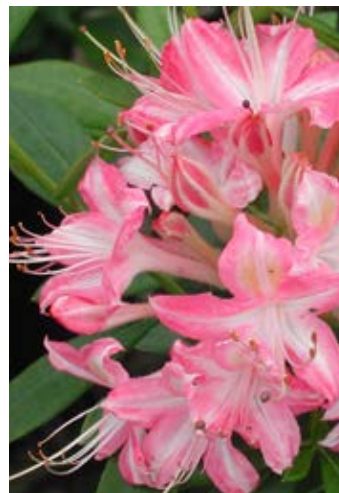

Azalea Deciduous 'Gibraltar'

Azalea Deciduous 'Henry's Triumph'

Azalea Deciduous 'Mandarin Lights'

Azalea Deciduous 'Ribbon Candy'

Azalea Deciduous 'Golden Lights'

Azalea Deciduous 'Lemon Lights'

Azalea Deciduous 'Northern Hi-Lights'

Azalea Deciduous 'Tangerine Delight'

AZALEA DECIDUOUS 'GIBALTAR'

Exbury Azalea (orange)

Size: 6 x 6'

Exposure: Part sun-Part shade

Zone: 5

Fragrant, 2-3", vivid crimson-orange flowers bloom on large trusses mid-season on this deciduous shrub. Foliage is a medium green with leaves that turn bronze orange in the fall. Mildew resistant. More tolerant of sun in cooler climates. An Exbury hybrid.

AZALEA DECIDUOUS 'HENRY'S TRIUMPH'

Weston Azalea (pink/orange)

Size: 8 x 5'

Exposure: Sun-Part shade

Zone: 3

Summer bloomer, heavily covered in pink flowers with an orange eye. Deciduous foliage is a nice green. A Weston hybrid.

AZALEA DECIDUOUS 'MANDARIN LIGHTS'

Northern Lights Azalea (orange)

Size: 8 x 8'

Exposure: Sun-Part shade

Zone: 4

Upright, rounded deciduous shrub with ruffled, lightly fragrant, bright red-orange flowers which bloom late season. Fall showcases orange-red leaves. A Northern Lights hybrid.

AZALEA DECIDUOUS 'RIBBON CANDY'

Weston Azalea (pink/white)

Size: 4 x 3'

Exposure: Sun-Part shade

Zone: 5

A deciduous azalea with dark green leaves. Fragrant, reblooming flowers are pink with white stripes. Fall foliage is red and orange. A Weston hybrid.

AZALEA DECIDUOUS 'GOLDEN LIGHTS'

Northern Lights Azalea (yellow/orange)

Size: 4 x 4'

Exposure: Sun-Part shade

Zone: 4

Large, fragrant, golden flowers bloom in late mid-season. This dense, mounding, deciduous shrub has green foliage, good mildew resistance and is very cold hardy and heat tolerant. A Northern Lights hybrid.

AZALEA DECIDUOUS 'LEMON LIGHTS'

Northern Lights Azalea (yellow)

Size: 4 x 4'

Exposure: Sun-Part shade

Zone: 4

This is a cold hardy azalea with plentiful lemon-yellow flowers that appear late mid-season. Deciduous leaves are elongated and medium green. A Northern Lights hybrid.

AZALEA DECIDUOUS 'NORTHERN HI-LIGHTS'

Northern Lights Azalea (white/yellow)

Size: 5 x 5'

Exposure: Part shade

Zone: 4

Soft creamy white flowers with a yellow blotch on upper petals make a good contrast against green foliage. Blooms age to pale yellow, and leaves turn burgundy red in fall. Vigorous and very cold hardy deciduous plant. A Northern Lights hybrid.

AZALEA DECIDUOUS 'TANGERINE DELIGHT'

Exbury Azalea (orange)

Size: 10 x 8'

Exposure: Sun-Part shade

Zone: 5

A fast growing, large, deciduous azalea with abundant fragrant flower clusters. The brilliant orange and peach colored petals open in mid-season. Flowers are intensely scented with a sweet and spicy fragrance. Bright green foliage tinted in burgundy emerges in spring, maturing to a rich dark green. A spectacular specimen.

AZALEA DECIDUOUS CANDY LIGHTS™

Northern Lights Azalea (pink)

Size: 6 x 6'
Exposure: Sun-Part shade
Zone: 4

Light pink-lavender flowers accented with yellow stripes and wonderful fragrance. This deciduous azalea blooms mid to late spring and has good mildew resistance. A Northern Lights hybrid.

AZALEA ENCORE® 'CONLEC' AUTUMN ROYALTY®

Evergreen Azalea (purple)

Size: 4.5 x 4'
Exposure: Part sun-Part shade
Zone: 6

Lovely purple flowers bloom in spring, and rebloom into fall. With evergreen foliage, this plant is a good filler, even when not in bloom.

AZALEA ENCORE® 'ROBLEC' AUTUMN CARNATION®

Evergreen Azalea (pink)

Size: 4.5 x 4'
Exposure: Sun-Part sun
Zone: 6

Ruffled, semi-double flowers bloom in spring, and again in summer to fall. Pink flowers have darker pink spotting on the upper petals. Glossy dark green leaves turn purple in cold weather.

AZALEA ENCORE® 'ROBLEZ' AUTUMN FIRE® PP28279

Evergreen Azalea (red)

Size: 2.5 x 3'
Exposure: Part sun-Part shade
Zone: 6

Dwarf azalea with rich, true red color with semi-double velvety blooms. Glossy, dark green foliage deepens to a saturated purple bronze in winter adding year round appeal to gardens. Unlicensed propagation prohibited.

AZALEA ENCORE® 'CONLEA' AUTUMN ROUGE®

Evergreen Azalea (pink)

Size: 4 x 4.5'
Exposure: Part sun-Part shade
Zone: 6

Pinkish red, semi-double flowers bloom in mid-spring and in fall. Glossy foliage is evergreen and dark green.

AZALEA ENCORE® 'HOMLEA' AUTUMN DOVE® PP26037

Evergreen Azalea (white)

Size: 3.5 x 3'
Exposure: Part sun-Part shade
Zone: 6

Specifically for the West Coast, this repeat bloomer produces bright white flowers. Evergreen foliage makes a nice backdrop for the blooms. Growth is dense and upright. Unlicensed propagation prohibited.

AZALEA ENCORE® 'ROBLEG' AUTUMN ANGEL®

Evergreen Azalea (white)

Size: 3 x 3'
Exposure: Part sun-Part shade
Zone: 7

Pure white flowers bloom in spring, and again summer into fall. Glossy evergreen foliage makes this compact plant a nice filler, even when not in bloom.

AZALEA ENCORE® 'ROBLEZA' AUTUMN BONFIRE® PP29770

Evergreen Azalea (red)

Size: 3 x 3.5'
Exposure: Part sun-Part shade
Zone: 6

A fast-growing dwarf azalea, with numerous true red, semi-double and single blooms in spring, summer and fall. Autumn Bonfire holds its bright green foliage year-round. Unlicensed propagation prohibited.

AZALEA ENCORE® 'ROBLEZD' AUTUMN MAJESTY® PP32967

Evergreen Azalea (purple)

Size: 3 x 3'

Exposure: Past sun-Part shade

Zone: 6

Autumn Majesty glows with masses of petite, ruffled, semi-double, dark purple blooms in spring, summer and fall. Its evergreen foliage grows in a rounded, compact habit. Unlicensed propagation prohibited.

BERBERIS THUNBERGII 'ADMIRATION'

Barberry

Size: 2 x 2'

Exposure: Sun-Part sun

Zone: 4

Compact and rounded, with vivid coral red leaves that have golden yellow margins. This deciduous shrub is rust resistant and drought tolerant.

BERBERIS THUNBERGII 'CONCORDE'

Barberry

Size: 18-24 x 18-24"

Exposure: Full sun

Zone: 4

Low-growing and dense shrub is ideal for the front of the border. Deep burgundy foliage on thorny branches becomes crimson in fall. Yellow spring blooms yield red berries in fall. Rust resistant.

BERBERIS THUNBERGII 'FIREBALL' PP21100

Barberry

Size: 2 x 2'

Exposure: Sun-Part shade

Zone: 4

A compact, rounded, deciduous shrub. Its vibrant, bright fiery red foliage stands out in the landscape. This cultivar is Federally approved as cereal rust resistant. Unlicensed propagation prohibited.

AZALEA ENCORE® 'ROBLEZE' AUTUMN STARBURST® PP32506

Evergreen Azalea (pink/white)

Size: 3 x 3.5'

Exposure: Part sun-Part shade

Zone: 6

Unique blooms are coral pink with white ruffled edges and bloom profusely in spring, summer, and fall against compact dark green foliage. Unlicensed propagation prohibited.

BERBERIS THUNBERGII 'BOGOZAM' BONANZA GOLD®

Barberry

Size: 1.5 x 3'

Exposure: Sun-Part shade

Zone: 4

This dwarf, golden barberry is a low rounded, deciduous shrub with bright yellow leaves that resist leaf scorch. Fall color is orange. Low maintenance. Rust resistant.

BERBERIS THUNBERGII 'CRIMSON PYGMY'

Barberry

Size: 2-3 x 2'

Exposure: Full sun

Zone: 4

A dwarf form of purple barberry, reaching heights of only 2-3'. New growth is crimson-red, holding color best in full sun. Red berries develop in fall. Rust resistant.

BERBERIS THUNBERGII 'GOLDEN ROCKET'

Barberry

Size: 4 x 1.5'

Exposure: Sun-Part sun

Zone: 4

This deciduous shrub has a tight columnar habit that fits into smaller gardens. Bright chartreuse foliage holds its color and contrasts with coral stems and tip growth. Rust resistant.

Berberis thunbergii 'Orange Rocket' PP18411

Berberis thunbergii 'Tiny Gold'

Buxus micro. japonica 'Griegem' Baby Gem™ PP21159

Buxus sempervirens 'Green Pillar'

**BERBERIS THUNBERGII
'ORANGE ROCKET' PP18411**

Barberry

Size: 5 x 3'
Exposure: Sun-Part sun
Zone: 4

Upright, columnar habit on this deciduous shrub with bright orange-red spring foliage. Leaves mature to green in summer and then become brilliant red in fall. Rust resistant. Unlicensed propagation prohibited.

**BERBERIS THUNBERGII
'TINY GOLD'**

Barberry

Size: 2 x 2'
Exposure: Sun-Part shade
Zone: 4

Lovely yellow leaves mature to pale lime green in summer, finally taking on red hues in fall. A compact, rounded, deciduous shrub, it's perfect for small spaces. Rust resistant.

**BUXUS MICRO. JAPONICA
'GRIEGEM' BABY GEM™ PP21159**

Boxwood

Size: 4 x 5'
Exposure: Sun-Part sun
Zone: 5

The dark green leaves on this compact mounding boxwood hold their color well year-round. Perfect for low hedges. Deer resistant and drought tolerant. Unlicensed propagation prohibited.

**BUXUS SEMPERVIRENS
'GREEN PILLAR'**

Green Tower Boxwood

Size: 9 x 2'
Exposure: Sun-Part sun
Zone: 5

The extremely narrow form of this evergreen shrub makes it useful for a narrow hedge or as a focal point. Young plants will have a more irregular shape. Does not brown out in winter.

**BERBERIS THUNBERGII
'ROSE GLOW'**

Variegated Barberry

Size: 6 x 7'
Exposure: Sun-Part shade
Zone: 4

Small, rounded, deciduous shrub with marbled bronze red, pink and white leaves that darken to rosy bronze. Bright red berries in the fall attract birds. Best color in full sun. Rust resistant.

BETULA NIGRA 'HERITAGE'

Heritage River Birch

Size: 40-60' x 70'
Exposure: Full sun
Zone: 3

Multi-branched tree desired for its striking exfoliating bark and superior disease resistance. Thrives in moist soils.

**BUXUS SEMPERVIRENS
'AUREO-VARIEGATA'**

Variegated Boxwood

Size: 8 x 8'
Exposure: Sun-Part sun
Zone: 5

Loosely mounding evergreen shrub with light green foliage that has a creamy margin. Tolerates pruning well. Great for hedging or topiary.

**BUXUS SEMPERVIRENS
'SUFFRUTICOSA'**

True Dwarf English Boxwood

Size: 4 x 4'
Exposure: Sun-Part sun
Zone: 5

A slow-growing, dense, compact evergreen with a mounding growth habit and small, glossy, dark green foliage. Great in borders.

Buxus sempervirens

Buxus sinica var. *insularis* 'Wintergreen'

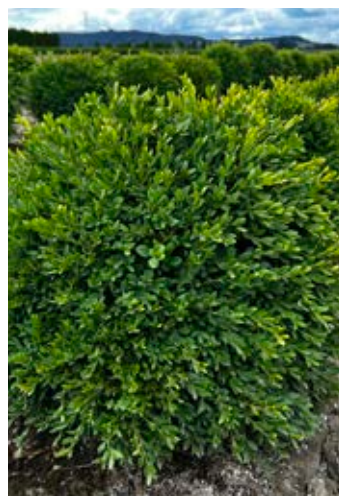

Buxus x 'Green Mountain'

Calluna vulgaris 'Blazeaway'

Buxus sinica var. *insularis* 'Winter Gem'

Buxus x 'Green Gem'

Buxus x 'Green Velvet'

Calluna vulgaris 'Multicolor'

BUXUS SEMPERVIRENS

American Boxwood

Size: 15 x 15'

Exposure: Sun-Part sun

Zone: 5

Dense evergreen that has rich green color, which may bronze in harsh winters. Tolerates shearing and is ideal for formal gardens.

BUXUS SINICA VAR. INSULARIS 'WINTERGREEN'

Korean Boxwood

Size: 4 x 4'

Exposure: Sun-Part sun

Zone: 5

Mounded evergreen shrub has dainty, rounded leaves that are a lustrous green throughout the year. Tolerates pruning well. Deer resistant.

BUXUS X 'GREEN MOUNTAIN'

Boxwood

Size: 8 x 5'

Exposure: Sun-Part sun

Zone: 4

Lustrous green foliage is borne on a plant that has a naturally conical shape. Regular pruning enhances the shape even further. Evergreen

CALLUNA VULGARIS 'BLAZEAWAY'

Heather

Size: 12 x 12"

Exposure: Full sun

Zone: 4

Fiery orange-red winter foliage is the main attraction of this evergreen shrub. New spring foliage is yellow, maturing to gold and green in summer. In late summer, small lavender flowers bloom on this low-growing plant.

BUXUS SINICA VAR. INSULARIS 'WINTER GEM'

Korean Boxwood

Size: 4 x 4'

Exposure: Sun-Part sun

Zone: 5

A compact, mounded, evergreen shrub with small rich green leaves. In colder climates can acquire a golden bronze hue but will become green again in spring. One of the hardiest small leaved boxwoods if located in a sheltered position. Can take shearing to shape for more formal gardens. Excellent for small hedges.

BUXUS X 'GREEN GEM'

Boxwood

Size: 4 x 4'

Exposure: Sun-Part sun

Zone: 4

A broadleaf evergreen shrub that typically grows in a dense globe shape. Glossy, dark green leaves hold their color well in winter. More resistant to winter burn, but best protected from cold winds.

BUXUS X 'GREEN VELVET'

Boxwood

Size: 4 x 4'

Exposure: Sun-Part sun

Zone: 4

Deserving of its name, this evergreen shrub has lovely green foliage that remains throughout the year. A compact and bushy plant. Tolerates pruning well.

CALLUNA VULGARIS 'MULTICOLOR'

Heather

Size: 8 x 12"

Exposure: Full sun

Zone: 5

Abundant late summer pink-mauve flowers over a base of copper, orange and red foliage. Early and mid-summer foliage is more green. Low and spreading.

Calluna vulgaris 'Spring Torch'

Camellia japonica 'Glen 40'

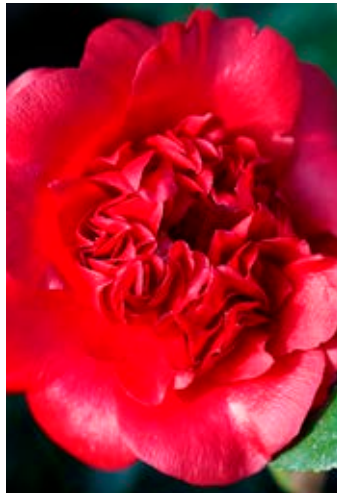

Camellia sasanqua 'Asakura'

Camellia sasanqua 'Yuletide'

Camellia japonica 'Curly Lady'

Camellia japonica 'Midnight Magic'

Camellia sasanqua 'Kanjiro'

Ceanothus 'Lemon Ice' PP20938

CALLUNA VULGARIS 'SPRING TORCH'

Heather

Size: 16 x 24"
Exposure: Full sun
Zone: 5

Medium green foliage has pink and red tips in the winter and spring, then cream and pink tips in the summer. Mauve flowers bloom August to October. Good in borders, rock gardens, and containers.

CAMELLIA JAPONICA 'GLEN 40'

Camellia (red)

Size: 8 x 8'
Exposure: Part shade-Shade
Zone: 5

A medium-sized, moderately slow-growing compact variety. 4 inch double blooms are a light red shade. Shelter from frost and wind to avoid damage to buds and blooms.

CAMELLIA SASANQUA 'ASAKURA'

Winter Blooming Camellia (white)

Size: 15 x 8'
Exposure: Sun-Part shade
Zone: 7

Pink buds open to large, semi-double white blooms. Bright yellow stamens create a nice contrast. Flowers in fall, extending the garden season nicely. An upright, vigorous evergreen shrub.

CAMELLIA SASANQUA 'YULETIDE'

Winter Blooming Camellia (red)

Size: 5 x 8'
Exposure: Part sun-Shade
Zone: 7

Single, deep red flowers have showy yellow stamens. Dark green foliage is evergreen. Winter-blooming. Drought and heat tolerant.

CAMELLIA JAPONICA 'CURLY LADY'

Camellia (red)

Size: 8 x 5'
Exposure: Full shade
Zone: 7

This unique camellia is a large evergreen shrub with dark green, glossy, slightly twisted leaves and twisted, curling branches. Large buds develop in winter and open into large rosettes of pinkish red flowers in early spring producing a spectacular show. Plant away from cold winter winds and morning sun.

CAMELLIA JAPONICA 'MIDNIGHT MAGIC'

Camellia (red)

Size: 6 x 4'
Exposure: Part shade-Shade
Zone: 7

Peony form flowers are very dark red, with some white markings in the center. Late blooming. Glossy evergreen leaves are dense, on an upright shrub.

CAMELLIA SASANQUA 'KANJIRO'

Winter Blooming Camellia (pink)

Size: 10 x 8'
Exposure: Sun-Part shade
Zone: 7

Blooming from fall into winter, this cultivar has cherry red semi-double flowers. Glossy, dark green leaves are evergreen. An upright, dense shrub. More shade is better in hot summer areas.

CEANOTHUS 'LEMON ICE' PP20938

California Lilac

Size: 5 x 4'
Exposure: Sun-Part sun
Zone: 6

A bushy evergreen with an upright habit and stiff stems. Dark green foliage with broad, irregular yellow margins stands out in the garden. In early summer it blooms heavily with clusters of blue flowers. Drought tolerant, takes shearing, and withstands salt spray. Unlicensed propagation prohibited.

Ceanothus griseus var. horizontalis 'FIT02' Tuxedo PP20754

Cedrus atlantica 'Fastigiata'

Cedrus atlantica 'Glauca'

Cedrus atlantica 'Horstmann'

Ceanothus impressus 'Victoria'

Cedrus atlantica 'Glauca Pendula'

Cedrus atlantica 'Granny Louise'

Cedrus atlantica 'Sapphire Nymph'

CEANOTHUS GRISEUS VAR. HORIZONTALIS 'FIT02' TUXEDO PP20754

California Lilac

Size: 7 x 10'

Exposure: Sun-Part sun

Zone: 6

Violet-blue, late summer flower clusters stand out against the dark bronzy purple foliage. Leaves may take on a greenish cast as the season progresses. This evergreen shrub has upright branching. Unlicensed propagation prohibited.

CEDRUS ATLANTICA 'FASTIGIATA'

Blue Atlas Cedar

Size: 40 x 15'

Exposure: Full sun-Part sun

Zone: 6

This upright variety has a narrower profile than the species. The evergreen foliage has a beautiful green-blue color, adding to this plant's beauty.

CEDRUS ATLANTICA 'GLAUCA'

Blue Atlas Cedar

Size: 60 x 40'

Exposure: Sun-Part sun

Zone: 6

This evergreen conifer has silvery blue needles in whorls. Upright barrel-shaped cones are 2-3" tall. Needs a lot of space to grow.

CEDRUS ATLANTICA 'HORSTMANN'

Blue Atlas Cedar

Size: 12 x 8'

Exposure: Full sun

Zone: 5

Short, silver-blue needles and stiff, irregular branching make this intermediate sized evergreen tree stand out in the garden. Drought tolerant once established.

CEANOTHUS IMPRESSUS 'VICTORIA'

California Lilac

Size: 9 x 9'

Exposure: Sun-Part sun

Zone: 7

Dense, rounded evergreen shrub has very dark glossy green foliage. In early summer it blooms heavily with clusters of blue flowers. Very drought tolerant when established, takes shearing and withstands salt spray, making it a great candidate for coastal gardens.

CEDRUS ATLANTICA 'GLAUCA PENDULA'

Weeping Blue Atlas Cedar

Size: 10 x 15'

Exposure: Full sun-Part sun

Zone: 6

Weeping evergreen conifer has blue-green needles on long, pendulous branches. A unique specimen for the landscape. Size and form depend on training: cascade over low walls, stake to form a central leader, or train along strong supports.

CEDRUS ATLANTICA 'GRANNY LOUISE'

Blue Atlas Cedar

Size: 40 x 10'

Exposure: Full sun

Zone: 6

This evergreen features a strongly narrow columnar form with unique, shorter than usual blue needles. Discovered in Oregon at Evans Farms in 1979.

CEDRUS ATLANTICA 'SAPPHIRE NYMPH'

Atlas Cedar

Size: 24 x 30"

Exposure: Full sun

Zone: 7

This dwarf blue atlas cedar has a prostrate habit. The short needles are initially creamy white, and mature to silvery blue. Height will depend on staking. Originally from McCracken's Nursery.

Cedrus deodara 'Devinely Blue'

Cedrus deodara 'Feelin Blue'

Cedrus deodara 'Karl Fuchs'

Cedrus deodara 'Snow Sprite'

Cedrus deodara 'Electra Blue'

Cedrus deodara 'Gold Cascade'

Cedrus deodara 'Miles High'

Cephalotaxus harringtonia 'Duke Gardens'

CEDRUS DEODARA 'DEVINELY BLUE'

Himalayan Cedar

Size: 6 x 3'
Exposure: Full sun
Zone: 7

Dwarf, dense, compact shrub with mounding habit. Pale gray-green new growth darkens to blue-green with age. Height depends on training. Named after Bill Devine at Angelica Nurseries.

CEDRUS DEODARA 'FEELIN BLUE'

Himalayan Cedar

Size: 1 x 6'
Exposure: Full sun
Zone: 6

One of the lowest dwarf forms of blue cedar. A spreading, evergreen conifer that rarely develops a leader. Needles are blue-green and soft textured which contrast easily with other low growing plants. Can be staked to achieve desired height.

CEDRUS DEODARA 'KARL FUCHS'

Himalayan Cedar

Size: 60 x 20'
Exposure: Full sun
Zone: 6

Blue-green foliage adorns layered branches that droop slightly over time. Upright, graceful appearance. Good resistance to storm damage.

CEDRUS DEODARA 'SNOW SPRITE'

Himalayan Cedar

Size: 10 x 7'
Exposure: Part sun-Part shade
Zone: 7

Initially mounding, this evergreen will develop a leader over time. New growth is almost white, becoming cream to pale green. Makes a great specimen to brighten up a shady spot.

CEDRUS DEODARA 'ELECTRA BLUE'

Himalayan Cedar

Size: 8 x 5'
Exposure: Full sun
Zone: 6

A lovely evergreen that lends both color and texture to the landscape, especially during the winter months. Eye-catching powder blue needles are borne on horizontal to slightly upswept branches. Upright pyramidal habit makes a fine specimen for smaller gardens.

CEDRUS DEODARA 'GOLD CASCADE'

Himalayan Cedar

Size: 8 x 15'
Exposure: Full sun
Zone: 7

This broadly upright evergreen has gracefully cascading branches. The upper sides of the needles are yellow, contrasting nicely with the lower and inner growth, which is light green.

CEDRUS DEODARA 'MILES HIGH'

Himalayan Cedar

Size: 30 x 15'
Exposure: Sun-Part sun
Zone: 7

This evergreen is excellent for adding height to the landscape with its tall central leader and graceful pendulous branches. Its irregular shape lends a unique feature to any landscape. Foliage is a nice blue-green color.

CEPHALOTAXUS HARRINGTONIA 'DUKE GARDENS'

Japanese Plum Yew

Size: 4 x 4'
Exposure: Part shade-Shade
Zone: 6

A shade loving evergreen that has deep green, needle-like foliage and grows into a dense, bushy plant. Excellent for low hedges or mixed plantings. Deer resistant.

Cephalotaxus harringtonia 'Korean Gold'

Cercis canadensis 'Merlot' PP22297

Cercis canadensis 'RNI-RCC3' Midnight Express® PP34213

Cercis canadensis var. texensis 'Oklahoma'

Cephalotaxus harringtonia 'Prostrata'

Cercis canadensis 'Ruby Falls' PP22097

Chamaecyparis lawsoniana 'Snow White'

CEPHALOTAXUS HARRINGTONIA 'KOREAN GOLD'

Japanese Plum Yew

Size: 5 x 2'

Exposure: Part shade-Shade

Zone: 6

A slow-growing, fastigate evergreen that has needle-like foliage with a lovely golden hue that is sure to make a statement in the landscape. Color holds well throughout the summer and turns a deep green during the winter months. Deer resistant.

CERCIS CANADENSIS 'MERLOT' PP22297

Eastern Redbud

Size: 15 x 15'

Exposure: Full sun

Zone: 6

Plentiful bright lavender-pink flowers appear in spring, followed by deep purple foliage. Small, glossy leaves mature to burgundy, then green. Produces fewer seed pods than other Cercis. Heat & drought tolerant. Unlicensed propagation prohibited.

CERCIS CANADENSIS 'RNI-RCC3' MIDNIGHT EXPRESS® PP34213

Eastern Redbud

Size: 30 x 20'

Exposure: Full sun

Zone: 5

Small pink, spring flowers are followed by lovely burgundy foliage. Leaves become yellow-green with age. This deciduous tree has an upright, rounded habit. Unlicensed propagation prohibited.

CERCIS CANADENSIS VAR. TEXENSIS 'OKLAHOMA'

Texas Redbud

Size: 18 x 18'

Exposure: Sun-Part shade

Zone: 6

Native to Oklahoma and Texas, this Redbud features a rounded crown and rosy magenta to wine red flowers that emerge in spring before the foliage.

CEPHALOTAXUS HARRINGTONIA 'PROSTRATA'

Japanese Plum Yew

Size: 4 x 8'

Exposure: Sun-Part shade

Zone: 6

Arching pendulous branches create a feathery evergreen groundcover. New growth is lime green, becoming dark glossy green as the season progresses. Deer resistant and drought tolerant.

CERCIS CANADENSIS 'NC2016-2' FLAME THROWER® PP31260

Eastern Redbud

Size: 20 x 15'

Exposure: Full sun

Zone: 5

Pink flowers precede the foliage in spring. Burgundy, gold, and copper leaves create a wonderful multi-colored specimen for the garden. Unlicensed propagation prohibited.

CERCIS CANADENSIS 'RUBY FALLS' PP22097

Eastern Redbud

Size: 8 x 12'

Exposure: Full sun

Zone: 4

A weeping redbud with large purple leaves which become green in late summer. Red-purple flowers bloom on bare stems in early spring. Unlicensed propagation prohibited.

CHAMAECYPARIS LAWSONIANA 'SNOW WHITE'

Port Orford Cedar

Size: 4 x 2'

Exposure: Full sun

Zone: 5

A slow-growing, conical, dwarf cypress with grey-green foliage that features white tips in the spring.

Chamaecyparis lawsoniana 'Wissel's Saguaro'

Chamaecyparis nootkatensis 'Green Arrow'

Chamaecyparis obtusa 'Compacta'

Chamaecyparis obtusa 'Fernspray Gold'

Chamaecyparis nootkatensis 'Glauca Pendula'

Chamaecyparis nootkatensis 'Pendula'

Chamaecyparis obtusa 'Confucius'

Chamaecyparis obtusa 'Gracilis'

CHAMAECYPARIS LAWSONIANA 'WISSEL'S SAGUARO'

Port Orford Cedar

Size: 8 x 3'
Exposure: Full sun
Zone: 5

An interesting and unique specimen with blue-green foliage on branches that arch out, reminiscent of the shape of a saguaro cactus. Looks great as a specimen or planted in mixed conifer beds.

CHAMAECYPARIS NOOTKATENSIS 'GREEN ARROW'

Weeping Alaskan Cedar

Size: 30 x 4'
Exposure: Full sun
Zone: 4

Very narrow habit with deep green, pendulous branches. A clean and graceful tree. Likes a moderately humid atmosphere. Great specimen tree for limited spaces. Deer resistant.

CHAMAECYPARIS OBTUSA 'COMPACTA'

Compact Hinoki Falsecypress

Size: 25 x 15'
Exposure: Sun-Part shade
Zone: 5

Dark green evergreen foliage is in flattened, fan-like sprays on slightly ascending branches. Develops an irregular, conical shape.

CHAMAECYPARIS OBTUSA 'FERNSPRAY GOLD'

Hinoki Falsecypress

Size: 10 x 10'
Exposure: Sun-Part sun
Zone: 4

Coniferous evergreen shrub with bright yellow foliage in fern-like sprays. Older interior foliage becomes green. Protect from strong winds and hot afternoon sun. Likes a moderately humid atmosphere.

CHAMAECYPARIS NOOTKATENSIS 'GLAUCA PENDULA'

Blue Weeping Alaskan Cedar

Size: 30 x 20'
Exposure: Sun-Part sun
Zone: 4

Dense, deep, bluish green foliage on graceful weeping branches. Tiny red-purple cones mature to brown. Peeling red-brown bark adds interest. Likes a moderately humid atmosphere.

CHAMAECYPARIS NOOTKATENSIS 'PENDULA'

Weeping Alaskan Cedar

Size: 45 x 40'
Exposure: Full sun
Zone: 4

A strong upright trunk rises up with pendulous side branches draped with branchlets of dark green foliage. The tip of the leader is often nodding. The slender, pyramidal form is striking and elegant. Needs lots of space to grow. Likes a moderately humid atmosphere and cool summers.

CHAMAECYPARIS OBTUSA 'CONFUCIUS'

Hinoki Falsecypress

Size: 10 x 8'
Exposure: Sun-Part shade
Zone: 5

Bright, lemon-yellow foliage on the outside, deeper yellow, gold, and emerald green on the interior. Broad conical form with graceful branching.

CHAMAECYPARIS OBTUSA 'GRACILIS'

Hinoki Falsecypress

Size: 15 x 6'
Exposure: Sun-Part shade
Zone: 4

Narrow, upright, pyramidal evergreen with graceful horizontal branching. Reddish new growth matures to deep green. Foliage takes on a bronzy color in the fall.

Chamaecyparis obtusa 'Kamaeni hiba'

Chamaecyparis obtusa 'Nana Lutea'

Chamaecyparis obtusa 'Tempelhof'

Chamaecyparis pisifera 'Cream Ball'

Chamaecyparis obtusa 'Kosteri'

Chamaecyparis obtusa 'Nana'

Chamaecyparis obtusa 'Vokel's Upright'

Chamaecyparis pisifera 'Fairy Puff'

CHAMAECYPARIS OBTUSA 'KAMAENI HIBA'

Hinoki Falsecypress

Size: 4 x 4'
Exposure: Sun-Part shade
Zone: 5

A dwarf cultivar with a rounded habit and golden twisted threads of foliage that become a creamy ochre-green on the interior. Likes a moderately humid atmosphere with shade.

CHAMAECYPARIS OBTUSA 'NANA LUTEA'

Golden Dwarf Hinoki Falsecypress

Size: 3 x 3'
Exposure: Sun-Part shade
Zone: 5

A very vivid form of dwarf Hinoki with golden yellow foliage. Lime green in full shade. Eventually forms a narrow pyramid. Likes a moderately humid atmosphere.

CHAMAECYPARIS OBTUSA 'TEMPELHOF'

Hinoki Falsecypress

Size: 4 x 3'
Exposure: Full sun
Zone: 5

Rounded evergreen conifer. A dark green, dwarf form of Hinoki False Cypress. Dense foliage appears in rounded sprays. Red stems and bronze winter foliage color. Develops a broad ovate to conical form. Likes a moderately humid atmosphere.

CHAMAECYPARIS PISIFERA 'CREAM BALL'

Sawara Cypress

Size: 5 x 5'
Exposure: Sun-Part shade
Zone: 4

Globe-shaped dwarf with splashes of white on green foliage. Juvenile foliage, like other sawara false cypress, is thread-like.

CHAMAECYPARIS OBTUSA 'KOSTERI'

Hinoki Falsecypress

Size: 4 x 4'
Exposure: Full sun
Zone: 5

A loosely globe-shaped conifer that will take on a more pyramidal form as it matures. Foliage is produced in flattened sprays that are medium green in color with a lacey texture. Hints of bronze appear in winter. A great plant for containers as well as the landscape.

CHAMAECYPARIS OBTUSA 'NANA'

Dwarf Hinoki Falsecypress

Size: 3 x 3'
Exposure: Full sun
Zone: 4

A slow-growing, mounding form with dark green foliage. Bronze tinge on winter foliage.

CHAMAECYPARIS OBTUSA 'VOKEL'S UPRIGHT'

Hinoki Falsecypress

Size: 4 x 1' in 10 years
Exposure: Sun-Part shade
Zone: 4

Slow-growing and columnar, this cultivar is perfect for smaller gardens. New growth on the foliage sprays are bright green, darkening towards the stems, creating a highlighted effect.

CHAMAECYPARIS PISIFERA 'FAIRY PUFF'

Sawara Cypress

Size: 1 x 2'
Exposure: Sun-Part shade
Zone: 4

This cute dwarf conifer has green foliage, tipped in white. It has a soft rounded form, perfect for tucking into small spaces.

Chamaecyparis pisifera 'Golden Mop'

Chamaecyparis pisifera 'Sungold'

Choisya x 'Aztec Pearl'

Cornus alba 'Bailhalo' Ivory Halo®

Chamaecyparis pisifera 'King's Gold'

Choisya ternata 'Lich' Sundance

Choisya x dewitteana 'Limo' Goldfingers

Cornus alba 'Bud's Yellow'

CHAMAECYPARIS PISIFERA 'GOLDEN MOP'

Sawara Cypress

Size: 5 x 5'
Exposure: Part sun-Part shade
Zone: 4

This mounding, dwarf shrub has pendulous filaments, giving it a mop-like appearance. Foliage is golden yellow and holds its color year-round.

CHAMAECYPARIS PISIFERA 'SUNGOLD'

Sawara Cypress

Size: 8 x 12'
Exposure: Sun-Part sun
Zone: 4

Tight foliage on weeping thread-like branches gives this evergreen shrub a mop-like appearance. Golden yellow foliage matures to green. Mounding to broadly conical. Good as a small hedge, as an accent, and in borders. Best color in sun.

CHOISYA X 'AZTEC PEARL'

Mexican Orange

Size: 8 x 8'
Exposure: Sun-Part shade
Zone: 8

This evergreen shrub has fragrant white flowers tinged with pink. The narrowly lobed, palmate leaves are glossy green. Deer resistant.

CORNUS ALBA 'BAILHALO' IVORY HALO®

Red Twig Dogwood

Size: 6 x 6'
Exposure: Sun-Part shade
Zone: 3

Deciduous, compact shrub with green and white variegated foliage that turns a dusty red in fall. Clusters of fragrant, small creamy white flowers bloom late spring, attracting birds. Bright red stems in winter.

CHAMAECYPARIS PISIFERA 'KING'S GOLD'

Sawara Cypress

Size: 6 x 4'
Exposure: Sun-Part sun
Zone: 4

Fine foliage held closely on thin branches creates a corded appearance. Bright gold foliage has best color in full sun. Soft, rounded habit.

CHOISYA TERNATA 'LICH' SUNDANCE

Mexican Orange

Size: 8 x 8'
Exposure: Sun-Part shade
Zone: 7

This glossy, evergreen shrub has yellow-green to golden oval-lobed, palmate leaves. White flowers in late spring and late summer give off an orange blossom fragrance. Bestowed the Award of Garden Merit by the Royal Horticulture Society.

CHOISYA X DEWITTEANA 'LIMO' GOLDFINGERS

Mexican Orange

Size: 5 x 5'
Exposure: Sun-Part shade
Zone: 8

This medium sized evergreen shrub has narrow, bright yellow foliage. More sun tolerant than other Mexican Orange, the sun intensifies the color. Crushed leaves emit a spicy fragrance and white spring flowers have a sweet orange scent. Drought tolerant.

CORNUS ALBA 'BUD'S YELLOW'

Yellow Twig Dogwood

Size: 8 x 8'
Exposure: Sun-Part shade
Zone: 3

Bright yellow winter stems are the outstanding feature of this deciduous shrub. Best color is on younger growth. Small yellowish white flowers produce white berries in late summer. Spreads by suckers. Disease resistant.

Cornus alba 'Jefreb' 'Little Rebel' PP27402

Cornus florida 'Rutnut' 'Red Pygmy'

Cornus kousa 'Summer Fun'

CORNUS ALBA 'JEFREB' LITTLE REBEL® PP27402

Red Twig Dogwood

Size: 3-4 x 3-4'

Exposure: Sun-Part shade

Zone: 2

Small, compact, rounded shrub with bright green foliage during the growing season. In winter stems turn from greenish red to a brilliant blood red color creating a striking appearance in the landscape. Unlicensed propagation prohibited.

CORNUS FLORIDA 'RUTNUT' RED PYGMY®

Flowering Dogwood (red)

Size: 7 x 5'

Exposure: Sun-Part shade

Zone: 5

This cultivar is small with showy red flower bracts with white tip at the notch. Flowers produce bright red fruit in fall. Rusty red color in fall. Red Pygmy® is a registered trademark of Rutgers University and is marketed under a trademark license. Unauthorized use of its trademark name is prohibited by law.

CORNUS KOUSA 'SAMZAM' SAMARITAN®

Kousa Dogwood (white)

Size: 25 x 20'

Exposure: Sun-Part shade

Zone: 4

A multi-season performer, with creamy white star-shaped flowering bracts in spring. Green foliage with cream variegation through the summer which takes on red tones in the fall. Also has bright red fall fruit.

CORNUS KOUSA 'SNOW TOWER'

Kousa Dogwood (white)

Size: 12 x 4'

Exposure: Sun-Part shade

Zone: 5

This flowering dogwood has upright branching with large white flowers covering the tree in spring. Beautiful rich green foliage shows off the large crisp white flower bracts, which are about 7" across, and they bloom later in the season.

CORNUS ALBA 'PRAIRIE FIRE'

Red Twig Dogwood

Size: 7 x 7'

Exposure: Full Sun - Part Shade

Zone: 3

Bright golden foliage that fades to soft yellow in the summer with creamy white, spring flowers and ornamental berries. Brilliant red foliage drops in late fall to reveal red stems for winter drama.

CORNUS KOUSA 'RUTPINK' SCARLET FIRE® PP28311

Kousa Dogwood (pink)

Size: 25 x 20'

Exposure: Sun-Part shade

Zone: 5

Blooming in late spring, medium to large bracts range from dusky purple to fuchsia-pink. Bracts are long lasting, and dark green leaves provide a nice background. Round fruit also has a strong pink color. Disease resistant. Unlicensed propagation prohibited.

CORNUS KOUSA 'SCHMRED' HEART THROB®

Kousa Dogwood (pink)

Size: 20 x 20'

Exposure: Sun-Part shade

Zone: 5

Large rosy pink flower bracts adorn this deciduous tree for up to 2 months. Dark attractive green leaves will turn deep red in fall. Red fruits attract birds.

CORNUS KOUSA 'SUMMER FUN'

Kousa Dogwood (white)

Size: 18 x 15'

Exposure: Sun-Part shade

Zone: 5

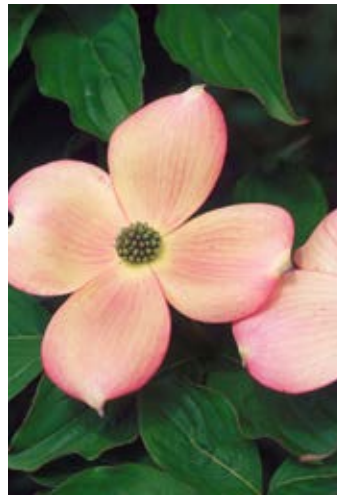

An impressive new white variegated kousa dogwood. In spring, each leaf emerges with a stunning pink-white margin, and displays showy fall color. White flower bracts open in late spring.

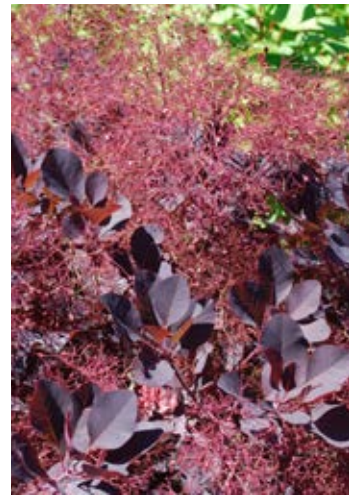

Cornus kousa var. *chinensis*

Cornus x 'KN30-8' Venus®

CORNUS KOUSA VAR. CHINENSIS

Kousa Dogwood (white)

Size: 30 x 30'
Exposure: Sun-Part shade
Zone: 5

Chinese dogwood bears white flower bracts in spring, followed by red berries in summer. Dark green foliage becomes orange-red in fall. This deciduous tree eventually develops a rounded crown.

CORNUS X 'KN30-8' VENUS®

Flowering Dogwood (white)

Size: 25 x 25'
Exposure: Sun-Part shade
Zone: 5

Deciduous tree with showy white, 6" flowers, followed by bright, shiny red fruit. Dark green foliage turns orange in the fall. Highly disease resistant!

CORNUS X 'RUTGAN' STELLAR PINK®

Flowering Dogwood (pink)

Size: 30 x 20'
Exposure: Sun-Part shade
Zone: 5

A deciduous tree with large soft pink, sterile flower bracts. Dark green leaves turn purple-red in fall. Disease and pest resistant.

COTINUS COGGYGRIA 'ROYAL PURPLE'

Smoketree

Size: 15 x 12'
Exposure: Full sun
Zone: 5

Deciduous, multi-stemmed shrub with broad, urn-shaped habit has deep purple-red leaves that maintain their color throughout the growing season. Clusters of tiny spring flowers are followed by attractive, airy puffs of smoky pink seed heads that last from June to August or September.

CORNUS X 'KN144-2' ROSY TEACUPS® PP26211

Flowering Dogwood (pink)

Size: 23 x 25'
Exposure: Sun-Part shade
Zone: 6

Ornamental tree with double-petaled rosy, pink blooms that resemble teacups that stand out against glossy green foliage. Brilliant fall color with ornamental berries. Insect and disease resistant. Prefers shade in hot summer climates. Unlicensed propagation prohibited.

CORNUS X 'KN4-43' STARLIGHT®

Flowering Dogwood (white)

Size: 30 x 20'
Exposure: Sun-Part shade
Zone: 6

Masses of white bracts with soft greenish tones in spring yield brilliant red, strawberry-like fruit. This hybrid (C. kousa x C. nuttallii) is both disease-resistant and drought tolerant once established.

COTINUS COGGYGRIA 'ANCOT' GOLDEN SPIRIT

Smoketree

Size: 15 x 15'
Exposure: Sun-Part shade
Zone: 4

Intense, deciduous lime-green spring foliage turns to bright yellow in summer. Abundant flower plumes appear in late summer. Outstanding fall color hues of red and orange. An interesting large, upright shrub.

COTINUS COGGYGRIA 'YOUNG LADY'

Smoketree

Size: 6 x 6'
Exposure: Full sun
Zone: 4

The most floriferous of the smoke bush varieties, 'Young Lady' is also prized for its dwarf habit. Fall color is orange-red. Tolerates most soil types.

COTINUS X 'DUSKY MAIDEN' PP20358

Smoketree

Size: 8 x 8'
Exposure: Full sun
Zone: 5

Oval leaves are greenish purple and hold their color well. Fine, profuse flowers create a smokey effect. This deciduous shrub is compact with a rounded habit. Unlicensed propagation prohibited.

COTONEASTER X SUECICUS 'EMERALD SPRITE' PP31719

Cotoneaster

Size: 1 x 2.5'
Exposure: Sun-Part sun
Zone: 6

A compact, mounding shrub with glossy dark green leaves. New growth is tinged with purple. Tiny pink buds open to small white flowers. No trimming needed, evergreen to semi-evergreen. Ideal for small yards or rock gardens. Disease resistant and drought tolerant. Unlicensed propagation prohibited.

CRYPTOMERIA JAPONICA 'GLOBOSA NANA'

Japanese Cedar

Size: 4 x 4'
Exposure: Sun-Part shade
Zone: 6

This evergreen shrub has blue-green needles that take on a reddish hue in winter. Slow-growing, it develops an irregular rounded shape. A tough, tolerant plant.

CRYPTOMERIA JAPONICA 'SPIRALIS'

Japanese Cedar

Size: 30 x 15'
Exposure: Sun-Part shade
Zone: 6

The light green needles of this semi-dwarf cultivar wrap around the branches in a tight spiral. This feature gives the appearance of ringlets, hence the common name Granny's Ringlets. A unique specimen for the garden or container.

COTONEASTER X SUECICUS 'EMERALD BEAUTY' PP32308

Cotoneaster

Size: 1.5 x 3'
Exposure: Sun-Part sun
Zone: 5

Shiny evergreen leaves give this cotoneaster its name. White flowers produce red berries. A tight, mounding version of 'Coral Beauty'. Disease resistant. Unlicensed propagation prohibited.

CRYPTOMERIA JAPONICA 'BLACK DRAGON'

Japanese Cedar

Size: 10 x 8'
Exposure: Full sun
Zone: 6

Light green new foliage deepens to dark green. Winter color is almost black. Grows vigorously to size, then slows and fills in, to an irregular pyramidal form.

CRYPTOMERIA JAPONICA 'GOLDEN PROMISE'

Japanese Cedar

Size: 1 x 1'
Exposure: Sun-Part shade
Zone: 6

This dwarf cedar forms a globe shape comprised of bright yellow foliage. Very little pruning required to maintain tidy form. The foliage is coarse, small, and awl-like, and deepens to purple in fall. Works well in containers or rock gardens.

CRYPTOMERIA JAPONICA 'TWINKLE TOES'

Japanese Cedar

Size: 3 x 2'
Exposure: Sun-Part shade
Zone: 6

Evergreen shrub that catches the eye with vivid yellow new growth against the backdrop of bright green mature foliage. Develops an irregular mounded habit. Protect from hot afternoon sun.

ESCALLONIA LAEVIS 'LADES' PINK ELLE PP23984

Escallonia

Size: 5 x 5'

Exposure: Sun-Part shade

Zone: 6

Large panicles of small pink flowers bloom from late spring to early summer. And as a bonus, this compact, mounding shrub will have a light rebloom in fall. Flowers contrast nicely against glossy, medium to dark green, evergreen leaves. Unlicensed propagation prohibited.

EUONYMUS ALATUS 'ODOM' LITTLE MOSES

Dwarf Burning Bush

Size: 3 x 3'

Exposure: Sun-Shade

Zone: 4

Smaller, mounded version of the classic dwarf burning bush. This densely branched, multi-stemmed shrub has tapered drooping leaves that emerge lime-green, mature to pale green, and finally turn brilliant red in fall.

EUONYMUS FORTUNEI 'EMERALD 'N GOLD'

Wintercreeper

Size: 3 x 3'

Exposure: Sun-Part shade

Zone: 5

Low, mounding evergreen shrub has 1.5" emerald green leaves with golden edges that tint pink in winter. Mature plants produce tiny, greenish white flowers, followed by pinkish red fruit that attracts birds. Climbs if planted next to a taller shrub or structure.

EUONYMUS FORTUNEI 'MOONSHADOW'

Wintercreeper

Size: 3 x 5'

Exposure: Sun-Part shade

Zone: 5

Evergreen groundcover or low hedge can reach heights of 5' tall if not sheared. Glossy green leaves have yellow blotch in the middle. Markings are variable between new and mature leaves.

EUONYMUS ALATUS 'COMPACTUS'

Dwarf Burning Bush

Size: 8 x 8'

Exposure: Full sun

Zone: 4

Deciduous vase-shaped shrub. Branches have thin tan corky strips. Tapered, drooping leaves turn brilliant red in the fall.

EUONYMUS FORTUNEI 'DANDEL' DAN'S DELIGHT PP26003

Wintercreeper

Size: 16 x 24"

Exposure: Sun-Part shade

Zone: 5

A beautiful plant that features bright white margins on deep green foliage. A great choice for brightening the garden year-round, this lovely evergreen is perfect for containers or in small gardens. Unlicensed propagation prohibited.

EUONYMUS FORTUNEI 'EMERALD GAIETY'

Wintercreeper

Size: 3 x 3'

Exposure: Sun-Part shade

Zone: 5

A broadleaf, semi-evergreen shrub with low mounded or sprawling trailing stems. Glossy green leaves are edged in white, tinged pink in winter. Climbing habit if planted next to a taller shrub or structure.

EUONYMUS JAPONICUS 'AUREO-MARGINATUS'

Gold Edge Japanese Euonymus

Size: 10 x 8'

Exposure: Sun-Part shade

Zone: 6

Upright evergreen shrub. Shiny 3" golden yellow leaves with green centers create a bold color statement. Useful as a low hedge or specimen plant. Best color in full sun.

EUONYMUS JAPONICUS 'GREEN SPIRE'

Green Spire Euonymus

Size: 8 x 2'
Exposure: Sun-Part shade
Zone: 6

A unique selection that can be very effective to add height to the landscape or even to containers. The foliage is a rich, deep green color. Upright branches form an irregular columnar shape. Will tolerate salt spray.

EUONYMUS JAPONICUS 'SILVER KING'

Japanese Euonymus

Size: 8 x 3'
Exposure: Sun-Part shade
Zone: 6

Dense, upright, evergreen shrub with glossy, green leaves that are edged in bright white. Useful as a low hedge or screen. Best color in full sun.

FAGUS SYLVATICA 'DAWYCK PURPLE'

Columnar Beech

Size: 25 x 50'
Exposure: Full sun
Zone: 5

A lovely purple-leaved cultivar that has a narrow, upright form, though it stays slightly smaller than 'Fastigiata'. Purple leaf color remains strong through the summer months.

FAGUS SYLVATICA 'PURPUREA PENDULA'

Beech

Size: 10 x 12'
Exposure: Full sun
Zone: 5

Makes a beautiful specimen tree with its graceful weeping form. The branches will form a large, weeping dome that trails to the ground. Foliage also has a nice purple color, adding to the beauty of this tree.

EUONYMUS JAPONICUS 'LANKVELD03' PALOMA BLANCA PP24156

Japanese Euonymus

Size: 2.5 x 1'
Exposure: Sun-Shade
Zone: 6

New spring growth is white, creating an eye-catching contrast to the dark green older foliage. This versatile evergreen shrub is great as a low hedge, a small specimen, or in a container. Unlicensed propagation prohibited.

FAGUS SYLVATICA 'DAWYCK GOLD'

Columnar Beech

Size: 40 x 12'
Exposure: Full sun
Zone: 4

This beautiful deciduous tree features bright yellow and chartreuse tones while maintaining a compact narrow form. A great choice for adding height to small gardens, using in parking lots or for brightening any garden.

FAGUS SYLVATICA 'PURPLE FOUNTAIN'

Beech

Size: 25 x 15'
Exposure: Full sun
Zone: 5

A fascinating tree which has an overall upright shape, with lateral branches that cascade down to the ground, giving it an elegant and interesting look. The glossy, green-purple leaves take on a lovely bronze color during the fall season.

FAGUS SYLVATICA 'TRICOLOR'

Beech

Size: 30 x 20'
Exposure: Part shade
Zone: 4

A beautiful tree with very interesting foliage. The slightly serrated leaves have a base color of deep purple which is surrounded by a broad irregular margin that has pinkish white and rose colors.

Ginkgo biloba 'Chi Chi'

Ginkgo biloba 'Fastigiata'

FOTHERGILLA MAJOR 'MOUNT AIRY'

Fothergilla

Size: 5 x 5'

Exposure: Sun-Part shade

Zone: 5

Discovered at the Mount Airy Arboretum in Ohio. Tiny white flowers bloom in spring on bottlebrush-like spikes. Flowers have a distinctive honey fragrance. Thick, dark green leaves have blue-gray undersides, and turn varying shades of yellow, orange, and red in fall.

GARDENIA JASMINOIDES 'CROWN JEWEL' PP19896

Gardenia

Size: 3 x 5'

Exposure: Part sun-Part shade

Zone: 7

This broadleaf evergreen will be covered in fragrant white flowers in summer. This compact shrub blooms on both old and new wood. It has a low, wide shape, perfect for mass planting or lining a walkway where its fragrance can be appreciated. Tolerates more sun in cooler areas. Unlicensed propagation prohibited.

GINKGO BILOBA 'AUTUMN GOLD'

Maidenhair Tree

Size: 50 x 30'

Exposure: Sun-Part sun

Zone: 3

This male cultivar of Ginkgo is practically pest-free and resistant to storm damage. The shape is often irregular with a large branch or two seemingly forming its own tree on the trunk. Unique fan-shaped green foliage turns golden yellow in fall; however, leaves drop quickly and the fall show is short.

GINKGO BILOBA 'CRISPIN'S JADED JESTER'

Maidenhair Tree

Size: 6 x 6'

Exposure: Sun-Part sun

Zone: 3

Leaves on this male cultivar are variegated with stripes of blue-green and yellow. Fall color is yellow.

GARDENIA JASMINOIDES 'BAB1183' SUMMER SNOW® PP22797

Gardenia

Size: 5 x 5'

Exposure: Part shade

Zone: 7

Forms double pure white, waxy flowers. Sturdy and cold tolerant, blooms in late spring, emitting a strong sweet fragrance. Unlicensed propagation prohibited.

GAULTHERIA SHALLON 'GAULSIDH12' CASCADE SUNRISE PP34625

Salal (pink)

Size: 4 x 3'

Exposure: Full sun-Shade

Zone: 6

Orange-red new growth matures to green. Bears pink urn-shaped flowers in spring, which produce edible summer berries. Evergreen. Drought tolerant once established. Unlicensed propagation prohibited.

GINKGO BILOBA 'CHI CHI'

Maidenhair Tree

Size: 4 x 3'

Exposure: Sun-Part sun

Zone: 4

This dwarf deciduous tree boasts a round form and dense branching. The leaves transition from their summer green to a gorgeous golden display in the fall.

GINKGO BILOBA 'FASTIGIATA'

Maidenhair Tree

Size: 75 x 15'

Exposure: Sun-Part sun

Zone: 4

Interesting fan-shaped, green leaves turn golden yellow in fall. Columnar habit and tolerant of urban conditions. Male cultivar.

GINKGO BILOBA 'JN9' SKY TOWER™

Maidenhair Tree

Size: 20 x 10'
Exposure: Sun-Part sun
Zone: 5

Great as a vertical accent, this deciduous tree is densely branched, with fan-shaped, green leaves that turn golden yellow in fall.

GINKGO BILOBA 'MARIKEN'

Maidenhair Tree

Size: 3 x 8'
Exposure: Sun-Part sun
Zone: 3

A dwarf, low-spreading, somewhat weeping male cultivar. Small, fan-shaped leaves are a medium green that turn a golden yellow in the fall. Deer resistant.

GINKGO BILOBA 'SARATOGA'

Maidenhair Tree

Size: 30 x 20'
Exposure: Sun-Part sun
Zone: 4

'Saratoga' is an elegant variety that has unique, elongated fan-shaped leaves with veins. Emerald green foliage turns gold in the fall.

GINKGO BILOBA 'TROLL'

Maidenhair Tree

Size: 6 x 6'
Exposure: Sun-Part sun
Zone: 4

A dwarf cultivar of the ancient ginkgo tree. Growing slowly, it forms a bushy mound of rich green fan-shaped leaves that change to yellow in the fall. Can be grown on a standard or as a small tree. Suitable for container gardening.

GINKGO BILOBA 'MAGYAR'

Maidenhair Tree

Size: 60 x 30'
Exposure: Full sun
Zone: 3

The typical fan-shaped leaves have a shallow split creating two distinct lobes. Fall color is an attractive golden yellow. This male cultivar is upright and taller than wide.

GINKGO BILOBA 'PNI 2720' PRINCETON SENTRY®

Maidenhair Tree

Size: 45 x 25'
Exposure: Sun-Part sun
Zone: 3

Narrow, columnar, deciduous tree with chartreuse fan-shaped leaves. Fall color is a spectacular yellow. Resistant to pests and disease. A male, non-fruiting selection.

GINKGO BILOBA 'SPRING GROVE'

Maidenhair Tree

Size: 6 x 4'
Exposure: Sun-Part sun
Zone: 4

This dwarf ginkgo forms a dense, upright pyramid. Excellent for smaller spaces, its bright green foliage turns golden yellow in fall, extending its seasonal interest. Deer resistant and pollution tolerant.

GINKGO BILOBA 'WEEPING WONDER'

Maidenhair Tree

Size: Height depends on training.
Exposure: Sun-Part sun
Zone: 4

A unique Ginkgo with weeping growth habit. Graceful pendulous branches with green foliage descend from the upright leader. Leaves vary from the typical fan-shape to thread-like. Yellow fall color.

HIBISCUS SYRIACUS 'APHRODITE'

Rose of Sharon (pink/red)

Size: 8 x 6'
Exposure: Sun-Part shade
Zone: 5

Vigorous, multi-stemmed, upright, deciduous flowering shrub. Numerous showy, deep rose-pink, 5-petaled flowers with dark red eyes are borne throughout the summer. Attractive 3-lobed, coarsely toothed leaves grow on erect stems. Tolerant of heat, drought, and poor soils. Produces very little seed.

HIBISCUS SYRIACUS 'HELENE'

Rose of Sharon (white/red)

Size: 9 x 6'
Exposure: Sun-Part sun
Zone: 5

White flowers with burgundy red eyes make a striking contrast against dark green leaves. This deciduous shrub is summer blooming and sets very little seed. Pollution tolerant.

HIBISCUS SYRIACUS 'MINERVA'

Rose of Sharon (purple)

Size: 9 x 7'
Exposure: Sun-Part shade
Zone: 5

Lavender flowers with a pink overlay and dark red eye provide a welcome color accent during a long summer flowering season. This deciduous shrub has leathery, dark green leaves and a dense, compact growth habit. Highly tolerant to air pollution and drought.

HIBISCUS SYRIACUS FIRST EDITIONS® 'MINERU' TAHITI™

Rose of Sharon (pink)

Size: 8 x 7'
Exposure: Sun-Part shade
Zone: 5

Large flowers bloom from summer to fall on this upright, deciduous shrub. Trumpet-shaped flowers are semi-double and deep pink with a red center. Green foliage is coarsely toothed, adding texture to the landscape.

HIBISCUS SYRIACUS 'DIANA'

Rose of Sharon (white)

Size: 8 x 6'
Exposure: Sun-Part shade
Zone: 5

Showy pure white flowers bloom mid-summer to early fall. This deciduous vase-shaped shrub has dark green, leathery leaves that are deer resistant. Ideal for a range of conditions; heat, humidity, drought, and salt tolerant.

HIBISCUS SYRIACUS 'LUCY'

Rose of Sharon (pink)

Size: 8 x 6'
Exposure: Sun-Part shade
Zone: 5

Showy rose-pink flowers bloom summer to fall, on a vase-shaped deciduous shrub. Green lobed leaves provide a nice backdrop to the double blooms, which are sterile. Plant in full sun for best flowering. Tolerates heat and humidity.

HIBISCUS SYRIACUS 'ORSTHIB5X1' PETITE PINK FLAMINGO™ PP35866

Rose of Sharon (pink)

Size: 10' x 8'
Exposure: Full sun.
Zone: 5

Numerous deep pink flowers with dark centers, blooming on this compact upright deciduous shrub. Attractive foliage is deep green. Seedless. Unlicensed propagation prohibited. Oregon State University Introduction.

HIBISCUS SYRIACUS FIRST EDITIONS® 'MINFREN' BALI™

Rose of Sharon (white/red)

Size: 8 x 7'
Exposure: Full sun
Zone: 5

Blooming from mid to late summer, this deciduous shrub is a nice addition to the garden. Semi-double flowers are white with purple-red centers. Foliage is dark green.

HYDRANGEA PANICULATA 'INTERHYDIA' PINK DIAMOND

Hydrangea (pink)

Size: 8 x 8'

Exposure: Sun-Part shade

Zone: 4

Flowers open creamy white in large cone shaped panicles, aging to deep rosy pink by fall. Upright and open in habit.

HYDRANGEA PANICULATA 'KOLMAVESU' FLARE™ PP26928

Hydrangea (white/red)

Size: 3 x 3'

Exposure: Full sun-Shade

Zone: 3

White panicles gradually become pinkish red from base to tip. Compact and easy maintenance. Unlicensed propagation prohibited.

HYDRANGEA PANICULATA 'PHANTOM'

Hydrangea (white/pink)

Size: 10 x 8'

Exposure: Sun-Part sun

Zone: 4

'Phantom' Hydrangea features bold, conical panicles of white flowers with pink overtones from mid-summer to late fall. The flowers are excellent for cutting. It has green foliage throughout the season.

HYDRANGEA QUERCIFOLIA 'FLEMYGEA' SNOW QUEEN™

Oakleaf Hydrangea (white/pink)

Size: 4-6 x 6-8'

Exposure: Full sun-Part shade

Zone: 5

Midsummer bloomer with large white flower clusters held upright above dark green oak leaf shaped leaves. Blooms age to a rose-pink color.

HYDRANGEA PANICULATA 'JANE' LITTLE LIME® PP22330

Hydrangea (green/pink)

Size: 5 x 5'

Exposure: Sun-Part shade

Zone: 3

Dwarf form of 'Limelight' hydrangea. Little Lime® has flower panicles that emerge creamy white, becoming chartreuse-green, then pink-rose, and finally fading to beige. Dark green leaves become red in the fall. Unlicensed propagation prohibited.

HYDRANGEA PANICULATA 'LIMELIGHT'

Hydrangea (green/pink)

Size: 6-8 x 6-8'

Exposure: Sun-Part shade

Zone: 3

Large panicles of flowers emerge creamy white, becoming chartreuse-green, then pink-rose, and finally fading to beige. Dark green leaves become red in fall.

HYDRANGEA PANICULATA 'RENHY' VANILLA STRAWBERRY™ PP20670

Hydrangea (white/pink)

Size: 8 x 5'

Exposure: Sun-Part shade

Zone: 3

White flowers age to a strawberry red. Blooms on new wood from mid-summer to fall. Branches will arch down with the weight of flower panicles. Does best in full sun. Tolerates urban conditions. Unlicensed propagation prohibited.

HYDRANGEA QUERCIFOLIA 'PEE WEE'

Oakleaf Hydrangea

Size: 3x5'

Exposure: Part shade

Zone: 5

Beautiful long racemes of bright white blossoms appear during the summer on a compact plant. Oak leaf like foliage takes on beautiful red tones during the fall.

HYDRANGEA QUERCIFOLIA 'RUBY SLIPPERS'

Oakleaf Hydrangea (white/red)

Size: 4 x 5'

Exposure: Sun-Part shade

Zone: 5

This compact hydrangea produces large panicles of white flowers that change to pink, then ruby red. Deep green leaves turn mahogany red in fall. Leaves are shaped like oak leaves, providing extra interest.

ILEX CRENATA 'DWARF PAGODA'

Dwarf Japanese Holly

Size: 3 x 2'

Exposure: Sun-Part shade

Zone: 6

A very slow-growing evergreen holly. Tiny rounded leaves grow in close layers on stiff stems creating an irregular bonsai effect. Dainty white flowers in spring are followed by small, shiny, black fruit in fall and winter. Fabulous for rock gardens and small landscape settings. Protect from early frosts.

ILEX GLABRA 'SHAMROCK'

Inkberry

Size: 4 x 4'

Exposure: Sun-Part shade

Zone: 4

Shiny, dark leaves are evergreen and hold up well in winter, unless temperatures are sub-zero. This cultivar forms a compact, rounded shrub, that spreads by suckers, but more slowly than the species.

ILEX X 'BLUE PRINCESS/PRINCE COMBO'

Blue Holly

Size: 15 x 10'

Exposure: Sun-Part shade

Zone: 4

A combination of male and female plants ensure that this evergreen shrub will produce abundant dark red fruit. Lustrous blue-green foliage is spiny and attractive year-round.

ILEX CRENATA 'ANNIS5' LUXUS GLOBE PP29992

Japanese Holly

Size: 2 x 1.5'

Exposure: Sun-Shade

Zone: 6

Dark green, glossy leaves and a compact rounded shape are perfect qualities for a boxwood substitute. Evergreen foliage retains its color well, year-round. Disease tolerant, male cultivar. Unlicensed propagation prohibited.

ILEX CRENATA 'SKY PENCIL'

Columnar Japanese Holly

Size: 8 x 2'

Exposure: Sun-Part shade

Zone: 6

A strongly upright evergreen that is a fantastic choice for adding vertical accents to the landscape. Small rounded leaves are glossy green and grow densely along the vertical branches. Also works well in containers.

ILEX VERTICILLATA 'JIM DANDY'

Winterberry

Size: 6 x 8'

Exposure: Sun-Part shade

Zone: 3

Used as a male pollinator for other winterberries, this is a dwarf cultivar with glossy, dark green leaves.

ILEX X 'MESCHICK' DRAGON LADY

Holly

Size: 20 x 6'

Exposure: Sun-Part shade

Zone: 6

This attractive evergreen has dark green spiny leaves and scarlet berries which persist through winter. Its narrow conical shape is excellent for smaller areas. A male cultivar is required for fruit production.

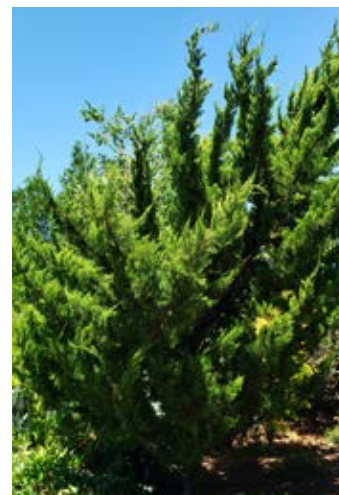

Ilex x 'Rutzan' Red Beauty®

Juniperus chinensis 'Bakaurea' Gold Star

Juniperus chinensis 'Daub's Frosted'

ILEX X 'RUTZAN' RED BEAUTY®

Blue Holly

Size: 10 x 5'

Exposure: Sun-Part shade

Zone: 6

A narrow, conical holly requiring little to no pruning to maintain its Christmas tree-like shape. Dense, dark green, glossy leaves with undulating edges and pointy tips make a perfect backdrop. Bright red berries from fall to winter attract birds. For best berry display, plant a male blue holly pollinizer nearby. Deer resistant, evergreen.

JUNIPERUS CHINENSIS 'BAKAUREA' GOLD STAR

Chinese Juniper

Size: 4 x 6'

Exposure: Full sun

Zone: 4

Gold tips highlight light green to blue-green branches on this spreading evergreen shrub. Good resistance to root problems. Great choice for using to brighten the front of borders as a low growing shrub.

JUNIPERUS CHINENSIS 'DAUB'S FROSTED'

Chinese Juniper

Size: 2 x 3-5'

Exposure: Sun-Part shade

Zone: 4

Low growing spreader with bright lemon yellow highlights over emerald green foliage. Needs afternoon shade in hot summer areas.

JUNIPERUS CHINENSIS 'KAIZUKA' TORULOSA

Hollywood Juniper

Size: 15 x 10'

Exposure: Full sun

Zone: 5

Upright irregular conifer with scale-like bright green foliage. The unusual twisted form makes an effective statement in the garden. Also useful as a hedge or wind break. Tolerant of most soils except wet conditions. Good salt tolerance.

JUNIPERUS CHINENSIS 'ANGELICA BLUE'

Angelica Blue Chinese Juniper

Size: 5 x 10'

Exposure: Full sun

Zone: 4

Feathery blue foliage makes this cultivar a refreshing change from other groundcover junipers. The blue color becomes even brighter in cooler weather.

JUNIPERUS CHINENSIS 'BLUE POINT'

Chinese Juniper

Size: 12 x 8'

Exposure: Full sun

Zone: 4

Multi-stemmed, evergreen shrub with a distinctive and refined pyramidal form. Foliage is an attractive blue-green. Dense branching makes it suitable for topiary or privacy screening.

JUNIPERUS CHINENSIS 'GOLD LACE'

Chinese Juniper

Size: 4 x 7'

Exposure: Full sun

Zone: 4

Vivid, yellow-tipped foliage visually softens the landscape and is brightest in summer. Branches spread horizontally, enhancing the lacy appearance. Good for rock gardens and erosion control.

JUNIPERUS CHINENSIS 'OLD GOLD'

Chinese Juniper

Size: 3 x 5'

Exposure: Sun-Part shade

Zone: 3

Dense, compact, spreading evergreen shrub has branches that arch out at 45-degree angles, forming a flat top. Soft, golden-yellow foliage acquires bronze tints in summer, intensifying in winter. Needs afternoon shade in hot summer areas.

Juniperus chinensis 'Perfecta'

JUNIPERUS CHINENSIS 'PERFECTA'

Chinese Juniper

Size: 18 x 8'
Exposure: Full sun
Zone: 4

This evergreen is narrowly pyramidal, with attractive dark green foliage. Good used as a specimen or screen. Tolerates drought and rocky soil.

JUNIPERUS CHINENSIS 'SPARTAN'

Chinese Juniper

Size: 20 x 6'
Exposure: Full sun
Zone: 4

Evergreen, pyramidal shaped tree with rich green foliage. Good as a windbreak and screen. Vigorous growing habit. Drought tolerance once established.

JUNIPERUS COMMUNIS 'COMPRESSA'

Pencil Point Juniper

Size: 10 x 2'
Exposure: Full sun
Zone: 3

This narrow, upright, columnar conifer has finely textured blue-green foliage. Great as an accent or specimen plant. Evergreen.

JUNIPERUS HORIZONTALIS 'BAR HARBOR'

Creeping Juniper

Size: 1 x 6'
Exposure: Full sun
Zone: 3

Blue-gray foliage takes on a purple hue in winter. This fast-growing, evergreen, woody groundcover is good for erosion control, is deer resistant and air pollution tolerant. Great for rock gardens or planted on slopes.

JUNIPERUS CHINENSIS 'SEA GREEN'

Chinese Juniper

Size: 6 x 8'
Exposure: Full sun
Zone: 4

Evergreen conifer with upright, arching branches. Soft, bright mint-green foliage darkens in winter. Good in borders or as a specimen. Needs afternoon shade in hot summer areas.

JUNIPERUS CHINENSIS 'TRAUTMAN'

Trautman Chinese Juniper

Size: 15 x 4'
Exposure: Full sun
Zone: 4

A tall, narrow juniper, this cultivar is also cold hardy and has blue-green foliage. Excellent as a focal point or can be used in narrow spaces to form a screen.

JUNIPERUS COMMUNIS 'GOLD CONE'

Common Juniper

Size: 5 x 1-2'
Exposure: Full sun
Zone: 4

Upright, narrow, evergreen shrub. Golden yellow foliage fades to bluish green in winter.

JUNIPERUS HORIZONTALIS 'BLUE CHIP'

Creeping Juniper

Size: 10" x 8'
Exposure: Sun-Part shade
Zone: 3

A low mounding, evergreen groundcover. Silver-blue foliage. Grows in most soils, but requires afternoon shade in hot summer areas.

Juniperus horizontalis 'Wiltonii'

Juniperus scopulorum 'Blue Arrow'

Juniperus scopulorum 'Moonglow'

Juniperus scopulorum 'Wichita Blue'

Juniperus procumbens 'Nana'

Juniperus scopulorum 'Medora'

Juniperus scopulorum 'Skyrocket'

Juniperus squamata 'Blue Star'

JUNIPERUS HORIZONTALIS 'WILTONII'

Blue Rug Creeping Juniper

Size: 6" x 8"

Exposure: Sun-Part shade

Zone: 3

Dense, very prostrate evergreen shrub has rich, silvery blue foliage that acquires lavender tints in winter. Produces tiny, silvery blue cones. Heat and cold tolerant. Good as ground cover or for erosion control. Needs afternoon shade in hot summer areas.

JUNIPERUS SCOPULORUM 'BLUE ARROW'

Rocky Mountain Juniper

Size: 15 x 2'

Exposure: Full sun

Zone: 4

This columnar evergreen has blue-green foliage and a very narrow habit, perfect for small spaces. Drought tolerant. Good accent or screen material.

JUNIPERUS SCOPULORUM 'MOONGLOW'

Rocky Mountain Juniper

Size: 20 x 8'

Exposure: Full sun

Zone: 3

A very columnar tree with upright, bright, bluish green, needle-like foliage. Good as a specimen or for privacy screens. Tolerates coastal exposures.

JUNIPERUS SCOPULORUM 'WICHITA BLUE'

Rocky Mountain Juniper

Size: 10-15' x 4-6'

Exposure: Full sun.

Zone: 3

Compact pyramidal tree with blue or blue-gray foliage. Retains good color all year. Adapts to wide range of soil types. Used as small landscape tree, screen or background.

JUNIPERUS PROCUMBENS 'NANA'

Dwarf Garden Juniper

Size: 12" x 8"

Exposure: Sun-Part shade

Zone: 4

Compact, mat-forming evergreen shrub has dense blue-green foliage. Good in border, massing, groundcover, or for erosion control. This plant can be staked to form an upright shrub. Afternoon shade in hot areas.

JUNIPERUS SCOPULORUM 'MEDORA'

Rocky Mountain Juniper

Size: 15 x 5'

Exposure: Full sun

Zone: 3

This blue-green conifer forms a compact, narrow conical shape. Great as a vertical accent.

JUNIPERUS SCOPULORUM 'SKYROCKET'

Rocky Mountain Juniper

Size: 15 x 3'

Exposure: Full sun

Zone: 4

A very narrow upright form containing silver-blue needle-like foliage. Popular for use as a specimen or privacy screen.

JUNIPERUS SQUAMATA 'BLUE STAR'

Blue Star Juniper

Size: 3 x 4'

Exposure: Full sun

Zone: 5

This rounded, evergreen shrub has steel blue foliage that looks like starbursts on the branch ends. Great in rock gardens, or as a contrast plant in mixed borders.

Juniperus squamata 'Dream Joy'

Larix decidua 'Pendula'

Larix kaempferi 'Blue Dwarf'

Larix laricina 'Big Mama'

Juniperus virginiana 'Taylor'

Larix decidua 'Puli'

Larix kaempferi 'Blue Rabbit'

Leucothoe axillaris 'Rejoyce' PP30821

JUNIPERUS SQUAMATA 'DREAM JOY'

Blue Star Juniper

Size: 2 x 4'
Exposure: Full sun
Zone: 4

This dwarf, spreading, evergreen Juniper has year-round interest with blue winter color that warms to brilliant yellow in the summer months.

LARIX DECIDUA 'PENDULA'

Weeping European Larch

Size: 12 x 6'
Exposure: Full sun
Zone: 3

Weeping form of this deciduous conifer. Tufts of light green needles hang on drooping branches, turning golden yellow in fall. Tolerates moist soil conditions. Size depends on training.

LARIX KAEMPFERI 'BLUE DWARF'

Dwarf Japanese Larch

Size: 5 x 5'
Exposure: Full sun
Zone: 4

This slow growing dwarf conifer forms an irregular globe. Deciduous blue-green foliage turns bright golden yellow in fall. Copper colored bark provides winter interest.

LARIX LARICINA 'BIG MAMA'

Tamarack Larch

Size: 3 x 3'
Exposure: Full sun
Zone: 2

Slow-growing deciduous conifer shrub with green foliage. Use as border plant, container plant, rock garden. Irregular, compact habit.

JUNIPERUS VIRGINIANA 'TAYLOR'

Virginia Juniper

Size: 20 x 4'
Exposure: Full sun
Zone: 3

Excellent as a screen or windbreak, this evergreen forms a narrow column. Blue-green foliage becomes bronzy in winter. Purplish blue cones attract birds.

LARIX DECIDUA 'PULI'

Weeping European Larch

Size: Height depends on staking
Exposure: Full sun
Zone: 2

A weeping selection with graceful, lacy foliage. In the fall, the light green branches will transform into a golden hue. If left un-staked, it will spread slowly along the ground creating a soft mound. Deciduous.

LARIX KAEMPFERI 'BLUE RABBIT'

Japanese Larch

Size: 40 x 10'
Exposure: Full sun
Zone: 4

A deciduous conifer. This Japanese larch has exceptionally vivid blue needles which take on a golden hue in fall before dropping. It has a loosely conical growth habit.

LEUCOTHOE AXILLARIS 'REJOYCE' PP30821

Doghobble

Size: 3 x 4'
Exposure: Part sun
Zone: 6

Bears white urn-shaped flowers in spring. Bright red foliage matures to green then turns dark wine red in winter. Evergreen. Unlicensed propagation prohibited.

LEUCOTHOE AXILLARIS LEAFSCAPE™ 'OPSTAL20' TWISTING RED®

Doghobble

Size: 20 x 24"

Exposure: Part shade-Shade

Zone: 6

The small twisted leaves on this evergreen shrub provide year-round interest. Foliage emerges red, matures to green, then turns red again in winter. Small white flowers provide additional summer color.

LEUCOTHOE KEISKEI LEAFSCAPE™ 'OPSTAL16' HALLOWEEN

Doghobble

Size: 30 x 20"

Exposure: Sun-Part shade

Zone: 5

A beautiful little evergreen shrub. Narrow, curved foliage has red and orange coloration in the new growth. Leaves turn burgundy red in winter. Prefers afternoon shade in hot climates.

MAHONIA AQUIFOLIUM

Oregon Grape

Size: 6 x 6'

Exposure: Sun-Shade

Zone: 5

Bushy, upright, evergreen shrub has glossy, holly-like leaves opening bronze, turning deep green with a few red leaves mixed in. Clusters of yellow flowers in April or May are followed by powdery blue berries. Needs some shade in warmer areas. Rust resistant.

MAHONIA REPENS

Creeping Oregon Grape

Size: 1 x 1.5'

Exposure: Sun-Part shade

Zone: 5

Creeping mahonia is a low, spreading, evergreen groundcover with a stiff habit. Pinnately compound leaves are dull blue-green in summer, rich purple in winter. Deep yellow flowers bloom in April and fruit is grape-like, persisting from August to September. Rust resistant.

LEUCOTHOE FONTANESIANA 'RAINBOW'

Doghobble

Size: 5 x 6'

Exposure: Part sun

Zone: 5

Green lance-shaped leaves are mottled with pink and cream. In spring, upright, arching branches have clusters of white flowers on the tips.

MAGNOLIA STELLATA 'ROYAL STAR'

Star Magnolia (white)

Size: 20 x 15'

Exposure: Sun-Part shade

Zone: 4

Fragrant, white, double flowers bloom in early spring. Flowers better with more sun. Deciduous leaves are dark green. Forms a large shrub or small rounded tree.

MAHONIA NERVOSA

Cascade Oregon Grape

Size: 3 x 4'

Exposure: Sun-Shade

Zone: 5

This suckering shrub forms a loose, evergreen mass with lustrous emerald leaves, panicles of canary yellow flowers in May, and waxy blue berries in autumn. It is durable and an excellent choice when the plant palette is limited to native plants. It is adaptable to difficult growing situations. Rust resistant.

METASEQUOIA GLYPTOSTROBROIDES 'WAH-08AG' AMBER GLOW™ PP29472

Dawn Redwood

Size: 40 x 20'

Exposure: Full sun

Zone: 5

Deciduous conifer featuring spring foliage that emerges bright gold and turns orange as it matures. Golden foliage resists summer burn. Needle drop exposes interesting exfoliating bark. Dense pyramidal growth habit. Unlicensed propagation prohibited.

MICHELIA X FAIRY MAGNOLIA® 'MICJUR01' BLUSH PP21873

Michelia

Size: 12 x 7'
Exposure: Sun-Part shade
Zone: 7

Profuse spring bloomer with fragrant, creamy-white flowers blushed lilac-pink. This evergreen can be grown as a shrub or small tree. Vigorous and easy care, works well as specimen or hedge material. Disease resistant hybrid. Unlicensed propagation prohibited.

MICHELIA X FAIRY MAGNOLIA® 'MICJUR05' WHITE PP25870

Michelia

Size: 12 x 11'
Exposure: Sun-Part shade
Zone: 7

Profuse spring bloomer with fragrant white flowers. This evergreen can be grown as a shrub or small tree. Vigorous and easy care, works well as specimen or hedge material. Disease resistant hybrid. Unlicensed propagation prohibited.

NANDINA DOMESTICA 'GULF STREAM'

Heavenly Bamboo

Size: 3 x 3'
Exposure: Sun-Part shade
Zone: 6

Evergreen shrub with soft-looking foliage. Leaves turn a beautiful red color in the fall. Stays compact and bushy without much maintenance, nearly fruitless cultivar. Deer resistant, drought tolerant.

OSMANTHUS HETEROPHYLLUS 'GOSHIKI'

False Holly

Size: 10 x 8'
Exposure: Sun-Part shade
Zone: 6

An evergreen shrub that lives up to its name, 'Goshiki', meaning "five-colored". Year-round interest is provided by leaves that are mottled yellow, creamy white, pink, orange, and green. This lovely shrub has a rounded habit, and can easily be kept smaller by pruning.

MICHELIA X FAIRY MAGNOLIA® 'MICJUR02' CREAM PP25850

Michelia

Size: 6 x 10'
Exposure: Sun-Part shade
Zone: 7

Profuse spring bloomer with fragrant, creamy white flowers. This evergreen can be grown as a shrub or small tree. Vigorous and easy care, works well as specimen or hedge material. Disease resistant hybrid. Unlicensed propagation prohibited.

NANDINA DOMESTICA 'FIREPOWER'

Heavenly Bamboo

Size: 1.5 x 2'
Exposure: Sun-Shade
Zone: 6

Lance-shaped, curled leaves emerge lime-green in spring, mature to medium green with red highlights, and become fiery red in fall. Best color in sun. Dwarf and evergreen to semi-evergreen.

NANDINA DOMESTICA 'HARBOUR DWARF'

Heavenly Bamboo

Size: 2 x 3'
Exposure: Sun-Part shade
Zone: 6

A semi-evergreen broadleaf shrub that is grown for its interesting foliage and fruit display. Compound leaves with narrow leaflets emerge with coppery tints, maturing to green. In fall leaves acquire red to purple tones. Tiny whitish flowers appear in late spring, producing red fruits in fall.

PHILADELPHUS FIRST EDITIONS® SNOW WHITE™

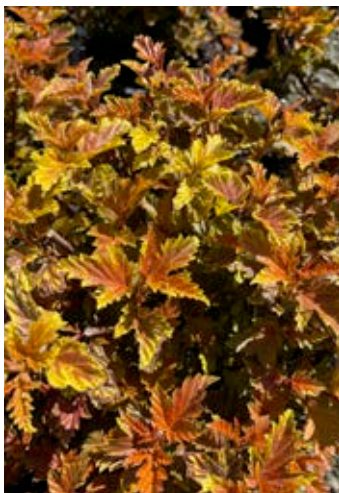

Mock Orange

Size: 5-6 x 4-5'
Exposure: Full sun
Zone: 4

Deciduous shrub prized for appearance, abundant pure white blooms and sweet fragrance. Repeat blooming, deer resistant, and drought tolerant.

**PHYSOCARPUS OPULIFOLIUS
'COURIPHY01' ALOUETTE™
PP28793**

Ninebark

Size: 6 x 6'
Exposure: Full sun
Zone: 4

Copper, gold and orange foliage makes this deciduous shrub an attractive accent plant. Clusters of white flowers bloom from late spring to early summer, eventually producing bright red seed pods. Leaf color is best in full sun. Peeling red-brown bark provides winter interest. Unlicensed propagation prohibited.

**PHYSOCARPUS OPULIFOLIUS
'HOOGI021' LITTLE JOKER®
PP27986**

Ninebark

Size: 24 x 18"
Exposure: Sun-part shade
Zone: 3

Rich reddish burgundy leaves with a beautiful green undertone cover this dwarf, deciduous shrub. Burgundy stems match the dramatic foliage. Contrasting pale pink flowers bloom through spring and summer. Unlicensed propagation prohibited.

**PHYSOCARPUS OPULIFOLIUS
FIRST EDITIONS® 'UMNHARPELL'
FIRESIDE® PP30792**

Ninebark

Size: 5-7 x 4-6'
Exposure: Full sun
Zone: 3

Displays reddish new growth that matures to deep red-purple. Pinkish-white flowers in spring. Rounded, upright shape. Deer resistant, drought tolerant but tolerates damp soils. Unlicensed propagation prohibited.

PICEA ABIES 'CUPRESSINA'

Columnar Norway Spruce

Size: 30 x 10'
Exposure: Sun-Part sun
Zone: 4

Dense, narrow, evergreen tree with stiff, dark green needles, arranged singularly around upright branches. Good for screening.

**PHYSOCARPUS OPULIFOLIUS
'HOOGI018' LITTLE ANGEL®
PP28059**

Ninebark

Size: 4-5' X 4-5'.
Exposure: Sun-Part shade
Zone: 4

Dramatic orange new growth matures to deep red-purple foliage-setting the perfect stage to contrast corymbs of white flowers in spring. Alongside showy flowers, 'Little Angel' produces red berries from late summer to mid fall. Unlicensed propagation prohibited.

**PHYSOCARPUS OPULIFOLIUS
'PODARAS 3' LEMON CANDY
PP22362**

Ninebark

Size: 2.5 x 3'
Exposure: Sun-Part sun
Zone: 3

Compact, upright shrub with bright gold foliage that matures to chartreuse. Color is best with more sun. Small white blooms in mid to late spring, producing red seed pods. After leaf drop, peeling bark provides winter interest. Unlicensed propagation prohibited.

**PHYSOCARPUS OPULIFOLIUS
'LP1' SAVANNAH SUNSET
PP34993**

Ninebark

Size: 4-5 x 3-4'
Exposure: Full sun
Zone: 3

Compact deciduous shrub with ever-changing foliage. Leaves unfold in a bright orange hue, transitioning to shades of yellow and green and transform into deep reds and marrons. Blooms with small white to pink flowers in summer. Unlicensed propagation prohibited.

**PICEA ABIES
'FASTIGIATA COMPACTA'**

Compact Norway Spruce

Size: 12 x 6'
Exposure: Sun-Part sun
Zone: 3

Perfect for the smaller landscape, this narrow pyramidal, compact tree has dark green needles and upright branching.

PICEA ABIES 'GOLD DRIFT'

Weeping Norway Spruce

Size: 6 x 10'

Exposure: Sun-Part sun

Zone: 3

This moderate growing, weeping conifer has golden needles that age to green. Gold color is better in sun, however protect young plants from strong sun to prevent foliage burn. Use as a groundcover or stake into a small weeping tree. Height depends on training.

PICEA ABIES 'LITTLE GEM'

Dwarf Norway Spruce

Size: 3 x 3'

Exposure: Sun-Part sun

Zone: 3

Compact, flat-topped, dwarf, evergreen shrub with dark green foliage. A sport of 'Nidiformis', this bun or cushion shaped conifer keeps its form naturally with very little trimming needed. New growth in spring is a beautiful bright green.

PICEA ABIES 'PAUL'S SELECT'

Norway Spruce

Size: 10-20'x4-8'

Exposure: Sun-Part shade

Zone: 3

A moderate-growing, blue-needled Norway spruce that has a dense pyramidal habit and exceptional cold hardiness. Makes a good accent plant.

PICEA ABIES 'PUMILA'

Dwarf Norway Spruce

Size: 4 x 5'

Exposure: Full Sun

Zone: 3

Slow-growing, with small dark green needles, this evergreen makes a great foundation plant. Rounded when young, becoming flatter with age. Prefers cool summer climates.

PICEA ABIES 'HILLSIDE UPRIGHT'

Norway Spruce

Size: 20 x 8'

Exposure: Full sun

Zone: 3

Dark green conifer has a narrow pyramidal form. Ascending, irregular branching is very sculptural.

PICEA ABIES 'NIDIFORMIS'

Bird's Nest Spruce

Size: 5 x 6'

Exposure: Sun-Part shade

Zone: 3

Best known as "Bird's Nest Spruce", this dwarf conifer grows into a dense, wide-spreading mound. The center has a slight depression as it does not develop a leader. Dark grey-green needles.

PICEA ABIES 'PENDULA'

Weeping Norway Spruce

Size: 6 x 10'

Exposure: Sun-Part sun

Zone: 3

Evergreen with rich green needles on trailing branches and 4" long hanging cones. Good accent plant. Size depends on training.

PICEA ABIES 'PUSCH'

Norway Spruce

Size: 1.5 x 1.5'

Exposure: Full sun

Zone: 3

Without a leader, this dwarf Norway spruce slowly forms an irregular mound. In early spring, branches are tipped with cones that are vivid purplish red, maturing to light brown.

PICEA ENGELMANNII 'BUSH'S LACE'	PICEA GLAUCA 'CONICA'	PICEA GLAUCA 'PENDULA'	PICEA MARIANA 'NANA'
<i>Engelmann Spruce</i> Size: 25 x 6' Exposure: Full sun Zone: 3 Although this is an upright conifer, its branches are somewhat weeping. New needles are light blue-green, adding to the soft appearance. Native to the Colorado Rocky Mountains and naturally adapted to extreme cold, wind, and snow. This cultivar was discovered at a nursery in Canby Oregon.	<i>Dwarf Alberta Spruce</i> Size: 8 x 5' Exposure: Sun-Part shade Zone: 3 This dense, pyramidal, evergreen shrub has soft, bright green new growth that matures to a darker green. Good in rock gardens, large containers, as a foundation plant, or a specimen.	<i>Weeping White Spruce</i> Size: 30 x 6' Exposure: Full sun Zone: 2 An outstanding specimen, whose blue-green needled branches weep from a tall central leader, creating a slender spire. Ideal for small spaces. Best with cold winters and cool summers.	<i>Dwarf Black Spruce</i> Size: 3 x 5' Exposure: Sun-Part sun Zone: 3 This slow-growing evergreen forms a neat mound without the need for any pruning. The foliage has a nice bluish gray color.
PICEA GLAUCA 'BLUE TEARDROP'	PICEA GLAUCA 'ESHRAIGHI1' POCO VERDE	PICEA MARIANA 'AUREOVARIEGATA'	PICEA MARIANA 'NICOLET WEEPING'
<i>White Spruce</i> Size: 4 x 2' Exposure: Full sun Zone: 2 A dense, dwarf conifer with short, tightly set, blue-green needles. The teardrop shapes make it an attractive accent plant. Very cold hardy. Discovered in Oregon as a sport on a Picea glauca 'Echiniformis'.	<i>White Spruce</i> Size: 5 x 2' Exposure: Full sun Zone: 3 Dwarf, narrowly pyramidal, evergreen conifer. New growth is light yellow-green, creating a contrasting polka dot effect against the dense darker green foliage.	<i>Variegated Black Spruce</i> Size: 35 x 10' Exposure: Full sun Zone: 3 This evergreen sports blue-green needles with bright, eye-catching gold colored new growth. More mature specimens may have purplish cones that turn brown as they age. Quite slow growing, reaching only about 5' in 10 years.	<i>Black Spruce</i> Size: 12 x 5' Exposure: Full sun Zone: 2 This conifer has strong weeping branches, creating an irregularly narrow shape. The short needles are thick and dark green. A great vertical accent.

PICEA OMORIKA 'BRUNS'

Serbian Spruce

Size: 15 x 5' in 10 yrs
Exposure: Full sun
Zone: 4

This evergreen conifer has lovely bluish green needles with contrasting silvery undersides. Its narrow pyramidal form works well in many situations, including as a specimen or in mixed borders.

PICEA OMORIKA 'PENDULA BRUNS'

Weeping Serbian Spruce

Size: 30 x 8'
Exposure: Full sun
Zone: 4

A unique looking conifer, with a main leader that seems to climb toward the sky, while the side branches are strongly pendulous and weep to the ground. The foliage emerges light green, turning blue-green with silver undersides. Makes a great focal point in the landscape.

PICEA ORIENTALIS 'NUTANS'

Oriental Spruce

Size: 15 x 3' in 10 yrs
Exposure: Sun-Part shade
Zone: 4

This upright evergreen is called a nodding Caucasian spruce because of pendulous branch tips. Irregular branching and short, dark green needles give it a very sculptural form.

PICEA PUNGENS 'BABY BLUE'

Colorado Spruce

Size: 30 x 15'
Exposure: Sun-Part sun
Zone: 3

An outstanding Colorado blue spruce cultivar with a strong blue color and dense growth habit. A nice conical shape without shearing, and slightly more slender than the species.

PICEA OMORIKA 'NANA'

Dwarf Serbian Spruce

Size: 4-5 x 4-5'
Exposure: Full sun
Zone: 4

Densely growing, dwarf, globe-shaped plant. Needles are 2-toned, green on one side and bands of white on the other giving the overall plant a silverish cast. Good candidate for containers.

PICEA ORIENTALIS 'GOWDY'

Oriental Spruce

Size: 10 x 6'
Exposure: Full sun
Zone: 4

This slow-growing, narrow, pyramidal spruce is a good choice for smaller landscapes. Its short, dark green, fine-textured needles are soft and the red-purple cones provide a nice contrast in spring. Tolerates heat and humidity well.

PICEA ORIENTALIS 'SKYLANDS'

Golden Oriental Spruce

Size: 25-30 x 8-10'
Exposure: Sun-Part shade
Zone: 4

Upright spruce with spiky needles that emerge bright yellow in spring and turn gold. Older needle growth is dark green. Irregular form becomes pyramidal with age. Protect from late afternoon sun.

PICEA PUNGENS 'BAKERI'

Colorado Spruce

Size: 20 x 12'
Exposure: Full sun
Zone: 3

Beautiful silver-blue needles adorn this broadly conical evergreen tree. Semi-dwarf version of Colorado spruce. Also known as 'Bacheri'.

PICEA PUNGENS 'BLUE TOTEM'

Colorado Spruce

Size: 15 x 4'
Exposure: Full sun
Zone: 3

A blue-gray conifer with a dense columnar shape. Good for narrow screening or as a vertical accent.

PICEA PUNGENS 'FAT ALBERT'

Colorado Spruce

Size: 15 x 12'
Exposure: Full sun
Zone: 3

Dense, upright, very broad, pyramidal evergreen with blue needles. Good as a windbreak, screen, or landscape accent.

PICEA PUNGENS 'GLAUCA PROCUMBENS'

Colorado Spruce

Size: 2 x 10'
Exposure: Full sun
Zone: 3

The sprawling habit of this dwarf, blue-needled conifer makes it an unusual specimen. Some branches are prostrate, and some are upright, creating a very irregular shape.

PICEA PUNGENS 'WALDBRUNN'

Colorado Spruce

Size: 8 x 6'
Exposure: Full sun
Zone: 3

Short horizontal branches are covered with unusual blue-grey needles. Our grafted version is a slow-growing, pyramidal form of Colorado blue spruce.

PICEA PUNGENS 'FASTIGIATA'

Columnar Colorado Spruce

Size: 30 x 10'
Exposure: Full sun
Zone: 3

This narrow, upright tree with stiff bright blue needles adds vertical interest to the landscape.

PICEA PUNGENS 'GLAUCA GLOBOSA'

Globe Blue Spruce

Size: 3 x 4'
Exposure: Full sun
Zone: 3

This dense, compact, globe-shaped, evergreen shrub has stiff, bright blue needles. Excellent selection as an accent or specimen plant.

PICEA PUNGENS 'HOOPSII'

Colorado Spruce

Size: 50 x 20'
Exposure: Full sun
Zone: 3

Pyramidal, evergreen tree with long, thick, silvery blue needles on spreading branches. Produces large magenta cones in spring.

PICEA PUNGENS 'SLENDERINA'

Weeping Colorado Spruce

Size: Height depends on training
Exposure: Full sun
Zone: 3

Introduced by Eshraghi Nursery. A weeping form of Colorado blue spruce, which is narrower and bluer than other varieties. Striking specimen plant.

Exposure: Full sun
Zone: 2

This jack pine variant forms a prostrate, ground hugging mound with contorted branches and fine textured needles. 'Schoodic' would make a fine accent for a rock wall and is very cold hardy.

Pinus banksiana 'Uncle Fogy'

Pinus contorta 'Chief Joseph'

Pinus flexilis 'Domingo'

Pinus heldreichii 'Satellit'

Pinus cembra 'Glauca'

Pinus contorta var. latifolia 'Taylor's Sunburst'

Pinus flexilis 'Vanderwolf's Pyramid'

Pinus mugo 'Columnaris'

PINUS BANKSIANA 'UNCLE FOGY'

Jack Pine

Size: 2 x 15'
Exposure: Full sun
Zone: 2

This pendulous form of jack pine produces a large unique specimen in short order. Curving, trailing branches create an interesting, woody groundcover, with good cold tolerance. Can be trained to a variety of forms.

PINUS CONTORTA 'CHIEF JOSEPH'

Lodgepole Pine

Size: 6 x 4'
Exposure: Sun-Part shade
Zone: 5

This dwarf conifer, with its bright yellow winter color, is on every collector's list. Slowly growing 3-6" per year, it forms a broad upright to oval shape. New growth in spring is a medium green maintaining its color throughout summer until frost initiates the winter transformation.

PINUS FLEXILIS 'DOMINGO'

Limber Pine

Size: 25 x 15'
Exposure: Full sun
Zone: 4

Beautiful long needles have a soft, bluish green color on a broadly pyramidal tree. Good as a specimen or a screen.

PINUS HELDREICHII 'SATELLIT'

Bosnian Pine

Size: 15 x 8'
Exposure: Sun-Part sun
Zone: 4

The long needles of this fastigate pine are dark green and grow tightly along the branches. The 2-needled bundles grown densely on the branches. Slow-growing, this upright evergreen is great for smaller landscapes. Drought and salt-spray tolerant.

PINUS CEMBRA 'GLAUCA'

Swiss Stone Pine

Size: 15 x 10'
Exposure: Full sun
Zone: 4

A fantastic, disease resistant cultivar that has lovely silvery blue needles. It is quite slow-growing with a broadly conical shape, becoming somewhat rounded with age. A very attractive conifer that adds great color to the landscape.

PINUS CONTORTA VAR. LATIFOLIA 'TAYLOR'S SUNBURST'

Lodgepole Pine

Size: 12 x 8'
Exposure: Full sun
Zone: 4

Gold-yellow new growth makes a vivid contrast against older dark green needles. This bright display lasts for weeks, before fading to yellow-green, and finally to dark green. Tiny red cones add interest in spring.

PINUS FLEXILIS 'VANDERWOLF'S PYRAMID'

Limber Pine

Size: 25 x 15'
Exposure: Sun-Part sun
Zone: 4

Long, twisted, blue-green needles on a pyramidal tree make this an interesting landscape addition.

PINUS MUGO 'COLUMNARIS'

Mugo Pine

Size: 8 x 4'
Exposure: Full sun
Zone: 2

With an upright, rather than rounded shape, this Mugo pine will provide height to the landscape. Long needles are dark green, and the bark is red-orange.

Pinus mugo 'Eshraghi2' DayBreak

Pinus mugo 'Slowmound'

Pinus mugo 'Tannenbaum'

Pinus mugo var. pumilio

Pinus mugo 'Sherwood Compact'

Pinus mugo 'Sunshine'

Pinus mugo 'Valley Cushion'

Pinus nigra 'Green Tower'

PINUS MUGO 'ESHRAHI2' DAYBREAK

Mugo Pine

Size: 4 x 6'

Exposure: Sun-Part shade

Zone: 3

Naturally occurring variety found at Eshraghi Nursery. New growth is bright yellow, similar in color to 'Taylors Sunburst'.

PINUS MUGO 'SLOWMOUND'

Mugo Pine

Size: 4 x 6'

Exposure: Full sun

Zone: 2

Consistent dark green color and a naturally compact, mounding shape makes this conifer perfect for rock gardens and smaller spaces. As the name suggests, very slow-growing.

PINUS MUGO 'TANNENBAUM'

Mugo Pine

Size: 11 x 6'

Exposure: Full sun

Zone: 2

This unusual Mugo pine is upright, and has a broad Christmas tree shape. Deep green needles have a hint of blue. Very cold hardy.

PINUS MUGO VAR. PUMILIO

Mugo Pine

Size: 4 x 6'

Exposure: Sun-Part sun

Zone: 3

Evergreen shrub has short, dark green needles. New growth appears as narrow candles. Produces small dark brown cones.

PINUS MUGO 'SHERWOOD COMPACT'

Mugo Pine

Size: 1.5 x 2'

Exposure: Full sun

Zone: 2

A super choice for the front of the border, or for lining a walkway. Also works well as a bonsai specimen. Compact and well branched, with small deep green needles that create a bottle-brush appearance.

PINUS MUGO 'SUNSHINE'

Mugo Pine

Size: 3 x 3'

Exposure: Full Sun

Zone: 2

This slow growing Dutch evergreen features durable dragon's-eye type variegation, not burning in full sun. Fairly vigorous for a Mugo, forming a globe shape about 3' by 3' after 10 years. Reportedly, in some climates it has assumed a more pyramidal form.

PINUS MUGO 'VALLEY CUSHION'

Mugo Pine

Size: 2 x 3'

Exposure: Full sun

Zone: 2

Excellent for smaller landscapes, this dwarf evergreen shrub is globe-shaped and has very short green needles.

PINUS NIGRA 'GREEN TOWER'

Austrian Pine

Size: 8 x 2'

Exposure: Full sun

Zone: 4

If you want an ideal specimen for a smaller space, this is it. A strong fastigate habit is softened by lush long dark green needles. The sturdy branches withstand snow and ice well.

Pinus nigra 'Oregon Green'

Pinus parviflora 'Goldilocks'

Pinus strobus 'Blue Shag'

Pinus strobus 'Fastigiata'

Pinus parviflora 'Glauca'

Pinus strobus 'Angel Falls'

Pinus strobus 'Coney Island'

Pinus strobus 'Green Twist'

PINUS NIGRA 'OREGON GREEN'

Austrian Pine

Size: 12 x 10'
Exposure: Full sun
Zone: 4

This relatively slow-growing upright tree has very fine-textured green needles and a distinctive pyramidal form. Bright white candles stand out against the green needles in the spring. Excellent as an accent or can be massed to form a tall screen.

PINUS PARVIFLORA 'GOLDILOCKS'

Japanese White Pine

Size: 8 x 6'
Exposure: Sun-Part shade
Zone: 5

New golden needles contrast nicely against silvery green older growth. An open, pyramidal form creates a statement in the landscape. A little shade improves the golden color.

PINUS STROBUS 'BLUE SHAG'

White Pine

Size: 4 x 4'
Exposure: Sun-Part sun
Zone: 3

Compact, dwarf, globe-shaped evergreen shrub with short, soft, blue-green needles. Does not produce cones. Good as a specimen.

PINUS STROBUS 'FASTIGIATA'

Columnar White Pine

Size: 40 x 10'
Exposure: Sun-Part sun
Zone: 3

An evergreen with an upright growth habit that makes it much more suitable for smaller spaces than other white pines. Soft, blue-green needles look great when mixed with other conifers.

PINUS PARVIFLORA 'GLAUCA'

Japanese White Pine

Size: 20 x 20'
Exposure: Full sun
Zone: 4

An evergreen tree with a dense, conical form when young, becoming wide spreading as it matures. Green needles with blue undersides are twisted and coarse. Freely produces red-brown, 1-4" long cones.

PINUS STROBUS 'ANGEL FALLS'

White Pine

Size: 10 x 3'
Exposure: Full sun
Zone: 3

Left unstaked, this weeping conifer forms a dense mound. When staked, its weeping branches create a dense, softly irregular column, with a weeping top. The habit is narrower than 'Pendula'.

PINUS STROBUS 'CONEY ISLAND'

White Pine

Size: 5 x 3'
Exposure: Sun-Part sun
Zone: 3

A unique, dwarf pine that is dense, with long 5" blue-green needles softening the look of this rounded conifer. Bears numerous gray to blue cones, even when young.

PINUS STROBUS 'GREEN TWIST'

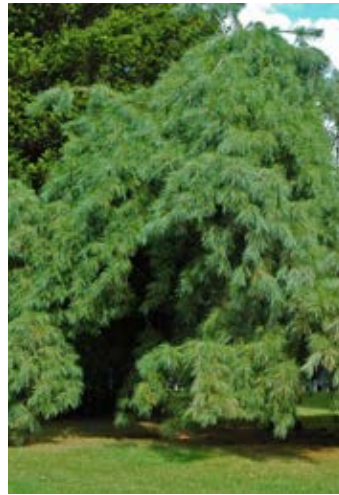

Dwarf White Pine

Size: 5 x 3'
Exposure: Sun-Part sun
Zone: 4

A compact grower that originated as a witch's broom. This dwarf white pine with twisted, curly green needles will add texture and interest to any garden. Its slow growth & rounded habit make it perfect for border or foundation plantings.

Pinus strobus 'Louie'

Pinus strobus 'Pendula'

Pinus strobus 'Stowe Pillar'

Pinus sylvestris 'Watereri'

Pinus strobus 'Mini Twists'

Pinus strobus 'Sea Urchin'

Pinus sylvestris 'Green Penguin'

Pinus thunbergii 'Kotobuki'

PINUS STROBUS 'LOUIE'

White Pine

Size: 20 x 15'
Exposure: Full sun
Zone: 3

Globe shaped when young, this conifer eventually becomes loosely pyramidal. Long, thin needles emerge golden, fading to a soft yellow-green during winter.

PINUS STROBUS 'PENDULA'

Weeping White Pine

Size: 7 x 12'
Exposure: Sun-Part sun
Zone: 4

Evergreen conifer with blue-green needles on long, weeping branches. Must be staked to develop a leader. Good as a specimen or accent plant. Size depends on training.

PINUS STROBUS 'STOWE PILLAR'

White Pine

Size: 12 x 3'
Exposure: Full sun
Zone: 3

Extremely upright branching creates a narrow form perfect for a vertical accent or small space. Long green needles soften this conifer's shape, and large pine cones add interest.

PINUS SYLVESTRIS 'WATERERI'

Scots Pine

Size: 12 x 10'
Exposure: Sun-Part sun
Zone: 3

The blue-green needles on this evergreen contrast nicely against its exfoliating cinnamon-brown bark. Pyramidal when young, becoming irregular to dome-shaped when mature.

PINUS STROBUS 'MINI TWISTS'

Dwarf White Pine

Size: 6 x 4'
Exposure: Full sun
Zone: 3

A slower growing variety of *Pinus strobus* 'Contorta'. Encourage a more compact, dense tree by candle pruning annually, or allow to form a more pyramidal shape. Small, twisted needles offer a unique textural element to the landscape. Evergreen.

PINUS STROBUS 'SEA URCHIN'

White Pine

Size: 2 x 2'
Exposure: Sun-Part shade
Zone: 3

A very tight, slow-growing dwarf. Globe-shaped with a flattened top, the silvery blue-green needles are a standout in the landscape.

PINUS SYLVESTRIS 'GREEN PENGUIN'

Scots Pine

Size: 4 x 2'
Exposure: Full sun
Zone: 3

This dwarf evergreen forms a dense, rich green conical shape, and produces curious "flowers" of juvenile foliage in the late summer each year. This cultivar is taller than it is wide and takes on a penguin-shape as it matures. Extremely cold hardy.

PINUS THUNBERGII 'KOTOBUKI'

Dwarf Japanese Black Pine

Size: 8 x 3'
Exposure: Full sun
Zone: 5

Short, dark green needles, with branches that grow upward with a tight and narrow habit.

Pinus thunbergii 'Thunderhead'

Pinus x schwerinii 'Wiethorst'

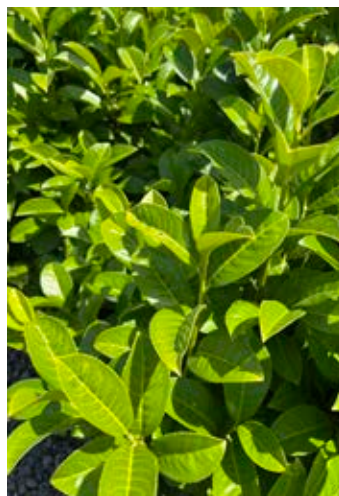

Prunus laurocerasus 'Jong2' Greenfinity PP29890

Prunus laurocerasus 'Nana'

Pinus uncinata 'Silver Candles'

Prunus laurocerasus 'Jong1' Volcano PP29889

Prunus laurocerasus 'Jong3' Green Goblet PP29891

Prunus laurocerasus 'Otto Luyken'

PINUS THUNBERGII 'THUNDERHEAD'

Dwarf Japanese Black Pine

Size: 10 x 10'
Exposure: Full sun
Zone: 5

Dwarf evergreen shrub, with glossy dark green needles and large white candles, forms a broad, dense pyramid.

PINUS X SCHWERINII 'WIETHORST'

Schwerin Pine

Size: 5 x 3'
Exposure: Sun-Part sun
Zone: 4

This dwarf, pyramidal pine has delicate, light green needles with silvery undersides, giving it a soft appearance. Produces seed cones at a young age.

PRUNUS LAUROCERASUS 'JONG2' GREENFINITY PP29890

English Laurel

Size: 5 x 4'
Exposure: Sun-Part shade
Zone: 5

This cold hardy evergreen shrub has a bushy habit and shiny dark green leaves. New growth is yellowish lime green. An excellent hedging plant. Unlicensed propagation prohibited.

PRUNUS LAUROCERASUS 'NANA'

Dwarf English Laurel

Size: 4-6 x 4-6'
Exposure: Sun-Shade
Zone: 7

Glossy dark green leaves make this evergreen shrub useful for an informal screen.

PINUS UNCINATA 'SILVER CANDLES'

Mountain Pine

Size: 3 x 3'
Exposure: Full sun
Zone: 5

This evergreen dwarf Mountain Pine has a flattened, globose habit and features silver-white candles that lengthen in spring.

PRUNUS LAUROCERASUS 'JONG1' VOLCANO PP29889

English Laurel

Size: 7 x 4'
Exposure: Sun-Part shade
Zone: 6

A cold hardy, evergreen shrub, this cultivar has a compact habit, and shiny foliage. Oval leaves emerge dark red and mature to dark green. May flush 3 times during the season. Excellent hedging material. Unlicensed propagation prohibited.

PRUNUS LAUROCERASUS 'JONG3' GREEN GOBLET PP29891

English Laurel

Size: 28 x 28"
Exposure: Sun-Part shade
Zone: 5

A compact evergreen shrub, this cultivar has glossy leaves which emerge yellow-green, and mature to dark green. Cold hardy, with a bushy, compact habit. Unlicensed propagation prohibited.

PRUNUS LAUROCERASUS 'OTTO LUYKEN'

English Laurel

Size: 6 x 6'
Exposure: Sun-Part shade
Zone: 6

Low growing evergreen shrub. Glossy dark green foliage. White flower spikes in spring.

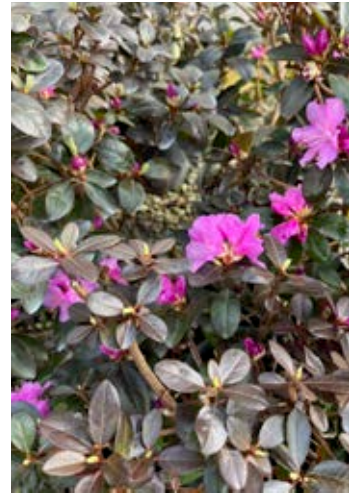

Prunus laurocerasus 'Schipkaensis'

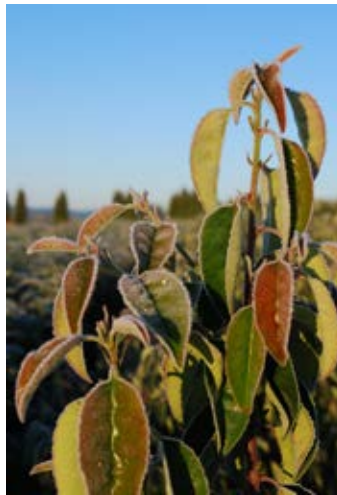

Prunus pumila First Editions® 'UCONNPP002' Jade Parade® PP33014

PRUNUS LAUROCERASUS 'SCHIPKAENSIS'

Schip Laurel

Size: 15 x 8'

Exposure: Sun-Shade

Zone: 6

This evergreen shrub has glossy, deep green leaves. Racemes of very fragrant, white flowers bloom freely and abundantly in spring, attracting butterflies. Red berries ripen black and attract birds. Good as a privacy screen. Needs some shade in hot areas.

PRUNUS PUMILA FIRST EDITIONS® 'UCONNPP002' JADE PARADE® PP33014

Sand Cherry

Size: 2-3 x 4-6'

Exposure: Full sun

Zone: 3

Attractive glossy blue-green leaves that turn shades of yellow, orange and red in fall. In spring small white blooms appear along the stems followed by small black cherries in late summer. Deer resistant, drought tolerant, fragrant and a pollinator. Unlicensed propagation prohibited.

RHODODENDRON 'HONEY BUTTER'

Rhododendron (yellow/pink)

Size: 3 x 3'

Exposure: Part shade

Zone: 7

Yellow-orange flowers with pink midribs bloom midseason in dome-shaped trusses. New growth emerges glossy wine-red with a compact habit. H4

RHODODENDRON 'WESTON'S AGLO'

Rhododendron (pink)

Size: 3 x 3'

Exposure: Part sun- Part shade

Zone: 4

A stunning selection as a broadleaf shrub. With an evergreen foliage that transitions from deep green to purple in the fall. Featuring a profusion of trumpet shaped flowers colored pink with dense shading that tends to attract butterflies in spring.

PRUNUS LUSITANICA

Portuguese Laurel

Size: 15 x 15'

Exposure: Sun-Part shade

Zone: 7

Large evergreen shrub or small tree has glossy dark green leaves. 10" long racemes of fragrant white flowers attract butterflies. Red berries ripen black and attract birds.

RHODODENDRON 'CATAWBIENSE ALBUM'

Rhododendron (white)

Size: 6 x 6'

Exposure: Full sun-Part shade

Zone: 5

A cold-hardy evergreen shrub, 'Catawbiense Album' has light lavender buds which open to reveal white flowers with a green-yellow blotch. Blooms late midseason. Leaves are dark green. H2

RHODODENDRON 'THE HONOURABLE JEAN MARIE DE MONTAGUE'

Rhododendron (red)

Size: 5 x 6'

Exposure: Full sun-Part shade

Zone: 6

This selection has thick textured evergreen leaves. Flowers appear mid to late season and are an outstanding bright scarlet color with dark center speckles. Heat tolerant. H3

RHODODENDRON HOLDEN'S™ 'HOLDENRHODO201' PINK FLARE PP33594

Rhododendron (pink)

Size: 5 x 6'

Exposure: Full sun-Part shade

Zone: 5

Pink buds open to even lighter pink flowers. Petals are ruffled and have a dark red flare. Dark green leathery leaves are evergreen. Resistant to Phytophthora cinnamomi. Unlicensed propagation prohibited. H1

SAMBUCUS NIGRA 'JONADE' SERENADE™

Elderberry

Size: 7 x 5'
Exposure: Sun- Part shade
Zone: 3

A gorgeous, deciduous shrub that produces black-red fruit. New foliage emerges light red and ages to a bright green only to return red in the fall. Fragrant clusters of small white flowers bloom in early summer. Berries attract birds and are edible by people if cooked.

SARCOCOCCA HOOKERIANA VAR. HUMILIS

Sweet Box

Size: 2 x 4'
Exposure: Part shade-Shade
Zone: 6

This low-growing shrub spreads slowly, creating an evergreen groundcover. Leaves are glossy green with fragrant tiny white flowers that bloom in spring, eventually producing small black fruit.

SORBARIA SORBIFOLIA 'BOCOCOT' CHERRY ON TOP® PP33639

False Spiraea

Size: 5 x 5'
Exposure: Sun-Part sun
Zone: 2

Summer blooms of white flower plumes turn into dangling clusters of vibrant red seed pods, creating attractive fall color. Stems are adorned with evenly spaced narrow green foliage tapering to a point. Unlicensed propagation prohibited.

SAMBUCUS NIGRA 'JDEBOER001' GOLDEN TOWER® PP28957

Elderberry

Size: 9 x 3'
Exposure: Part sun
Zone: 6

An elegant upright, narrow, deciduous shrub with deeply cut yellow-green leaves. Flat clusters of white flowers appear in summer followed by red berries. Unlicensed propagation prohibited.

SAMBUCUS RACEMOSA 'WALFINB' WELSH GOLD SUNRISE SURPRISE™ PP26425

Elderberry

Size: 4 x 3'
Exposure: Sun-Part shade
Zone: 4

This plant boasts a compact growth habit and features stunning deeply serrated leaves with a vibrant fluorescent yellow-green color. It produces beautiful white flowers during the summer, which are followed by bright red berries. Unlicensed propagation prohibited.

SARCOCOCCA RUSCIFOLIA

Sweet Box

Size: 4 x 4'
Exposure: Part shade-Shade
Zone: 7

A dense, compact, broadleaf evergreen shrub featuring small, aromatic flowers in late winter to early spring followed by small scarlet berries. Perfect for shady areas.

SPIRAEA JAPONICA 'ICECONSPIR' EMPIRE® ICE DRAGON™ PP33786

Spiraea (pink)

Size: 4 x 4'
Exposure: Full sun
Zone: 4

A low maintenance, deer resistant shrub that's perfect for foundation plantings or containers. New growth emerges deep burgundy, maturing to blue-green. In late spring, waves of pink blooms appear and will attract pollinators throughout the season. Unlicensed propagation prohibited.

Tidy, compact form with candy-pink button flowers that pop against dark green foliage. Blooms spring to fall. Deer resistant, drought and heat tolerant and low maintenance. Unlicensed propagation prohibited.

SPIRAEA X DOUBLE PLAY® 'NCSX2' DOOZIE® PP30953

Spiraea (red)

Size: 3 x 3'
Exposure: Sun-Part sun
Zone: 3

A perpetual bloomer that requires no deadheading. This non-invasive, sterile spirea will produce waves of magenta flowers from the beginning of summer through the first frost. Unlicensed propagation prohibited.

STYRAX JAPONICUS 'JLWEEPING' MARLEY'S PINK™ PP23755

Weeping Japanese Snowbell

Size: 10 x 5', ht depends on training
Exposure: Sun-Part shade
Zone: 5

Green leaves are erect on trailing branches, while deep pink flowers topped with red hang like little bells. Blooms have a cotton candy fragrance, and fall foliage is lemon yellow. Unlicensed propagation prohibited.

SPIRAEA JAPONICA 'WALBUMA' MAGIC CARPET

Spiraea (pink)

Size: 1.5 x 2'
Exposure: Sun-Part sun
Zone: 4

Low growing, mounding shrub that has bright red new growth. Foliage matures to golden yellow then to lime green, and is topped in spring with dainty clusters of pink blooms.

SPIRAEA THUNBERGII 'OGON'

Spiraea (white)

Size: 5 x 5'
Exposure: Full sun
Zone: 4

This delightfully mounded, multi-stemmed deciduous shrub is an early bloomer with its slender branches covered in clusters of brilliant white flowers. Wispy, willow-like leaves emerge golden yellow in spring, before gradually changing to bright green and finally an orange-yellow in the fall.

STEWARTIA PSEUDOCAMELLIA

Japanese Stewartia

Size: 40 x 25'
Exposure: Sun-Part shade
Zone: 6

Pyramidal, deciduous tree has year-round interest. Fresh green leaves in the spring. White flowers resemble single camellias in summer. Orange-red to purple fall color. Very showy bark flakes off to show a patch-work of multiple colors from green to rust to cream.

STYRAX JAPONICUS 'RNI-RIXRED' STARWAY TO HEAVEN® PP35353

Weeping Japanese Snowbell

Size: 12-18 x 5-8'
Exposure: Sun-Part sun
Zone: 5

Deciduous tree with fragrant, showy white bell-shaped flowers in spring and reblooms in fall. Foliage green in spring and turns to bronze-red in fall. Ideal for small landscapes. Unlicensed propagation prohibited.

STYRAX JAPONICUS

Japanese Snowbell

Size: 30 x 30'
Exposure: Sun-Part shade
Zone: 5

This deciduous tree, native to China, Japan and Korea, develops attractive horizontal branching with age. Pendulous, white, bell-shaped flowers in spring hang below the foliage. Flowers are mildly fragrant. Round drupes follow in summer.

SYMPHORICARPOS DOORENBOSII 'KOLMPICA' PINKY PROMISE® PP33230

Snowberry

Size: 4 x 4'
Exposure: Sun-Part sun
Zone: 3

A pink fruiting Snowberry! Small pink flowers in early summer are followed by cheerful pink gumball-like berries that last through early fall. Deer resistant, pollinator friendly. Unlicensed propagation prohibited.

SYRINGA PATULA 'MISS KIM'

Manchurian Lilac (purple)

Size: 9 x 8'
Exposure: Sun-Part sun
Zone: 3

A compact, deciduous shrub with dark green leaves that turn burgundy-red in fall. 3" clusters of lavender-purple buds open to fragrant, lavender-blue flowers in late spring.

SYRINGA VULGARIS 'MADAME LEMOINE' (WHITE DOUBLE)

Common Lilac- White

Size: 10x10'
Exposure: Full sun
Zone: 3

Double white flowers on a spreading bush with dark green foliage. Very fragrant. Attracts butterflies.

SYMPHORICARPOS DOORENBOSII 'KOLMAPINPOS' PINK POSY™ PP36010

Snowberry

Size: 3 x 3'
Exposure: Full sun
Zone: 3

Low maintenance shrub tolerates a range of soils. Compact, mounded shape with dense green foliage with clusters of candy-pink berries that appear in late summer and last into fall. Great for borders, low hedges and small spaces. Unlicensed propagation prohibited.

SYRINGA MEYERI FLOWERFESTA® 'ANNY2013-18' PINK PP32908

Dwarf Korean Lilac (pink)

Size: 4 x 4'
Exposure: Sun- Part shade
Zone: 5

A reblooming selection. Introducing panicles of lightly fragrant, lilac-pink flowers among the spring and early fall. Compact and uniform in nature with small round foliage. Great for containers or mass planting. Unlicensed propagation prohibited.

SYRINGA VULGARIS 'LUDWIG SPAETH' (DARK PURPLE)

Common Lilac- Red Purple

Size: 12 x 6'
Exposure: Full sun
Zone: 4

A reliable and profuse bloomer, with reddish purple blossoms that are highly fragrant and tend to arrive just a little later than others in the species, thus extending the blooming season.

SYRINGA VULGARIS 'PRESIDENT GREY' (LAVENDER BLUE)

Common Lilac- Double lilac-blue

Size: 12 x 8'
Exposure: Full sun
Zone: 3

Large panicles of fragrant flowers bloom in late spring. Florets are double, star-shaped, and lilac-blue. Attracts butterflies.

Taxus baccata 'Fastigiata Aurea'

Taxus baccata 'Repandens'

SYRINGA VULGARIS 'PRESIDENT LINCOLN' (LAVENDER BLUE)

President Lincoln Lilac

Size: 8-10 x 8-10'

Exposure: Full sun

Zone: 3

Deciduous shrub with large fragrant single blue flowers. Mid-season bloomer. Branches are erect and open with green foliage. Deciduous. Deer resistant. Attracts pollinators.

SYRINGA VULGARIS VAR. 'ALBA' (WHITE)

Common White Lilac

Size: 12-15 x 8-10'

Exposure: Full sun

Zone: 2

Hardy deciduous shrub with pure white clusters of sweetly fragrant flowers in spring. A classic favorite for use as a focal point or part of a mixed border. Attracts pollinators.

SYRINGA X HYACINTHIFLORA 'POCAHONTAS'

Lilac - Deep Violet

Size: 10 x 10'

Exposure: Sun-Part sun

Zone: 2

Early flowering variety with burgundy-purple buds opening to fragrant, lavender blooms. Blooms early May.

TAXUS BACCATA 'FASTIGIATA'

Irish Yew

Size: 8 x 3'

Exposure: Sun-Part shade

Zone: 6

The deep green, soft needles on this columnar growing evergreen add a nice touch of both color and texture to the landscape. Perfect for vertical accents due to its upright growth habit.

SYRINGA VULGARIS 'SENSATION' (PURPLE RED W/WHITE EDGES)

Common Lilac- Purple / White

Size: 10 x 12'

Exposure: Full sun

Zone: 3

A very fragrant lilac that has unique purple florets with a white picotee edge. Perfect addition for attracting butterflies.

SYRINGA X BLOOMERANG® 'SMSJBP7' DARK PURPLE PP26549

Reblooming Lilac -Purple

Size: 6 x 6'

Exposure: Full sun

Zone: 3

Very dark buds open to deep purple blooms in spring. This deciduous shrub will also rebloom on new growth, from late summer through frost. Deer resistant. Unlicensed propagation prohibited.

TAXUS BACCATA 'FASTIGIATA AUREA'

Golden Irish Yew

Size: 25 x 8'

Exposure: Sun-Shade

Zone: 6

A columnar, slow-growing evergreen. New needles are golden yellow, developing a green center that becomes more prominent with age. Displays red berries in fall. Beautiful accent plant when grown next to contrasting colors.

TAXUS BACCATA 'REPANDENS'

Spreading English Yew

Size: 4 x 15'

Exposure: Sun-Shade

Zone: 5

A prostrate yew with shiny, dark green needles. Branches tend to grow horizontally with pendulous tips, creating a soft effect. Produces red berries.

Taxus cuspidata 'Nana Aurescens'

Taxus x media 'H.M. Eddie'

Taxus x media 'Hilli'

Taxus x media 'Tauntonii'

Taxus x media 'Densiformis'

Taxus x media 'Hicksii'

Taxus x media 'Maureen'

Thuja occidentalis 'Amber Glow'

TAXUS CUSPIDATA 'NANA AURESCENS'

Dwarf Golden Japanese Yew

Size: 3 x 6'

Exposure: Sun-Part shade

Zone: 4

The foliage on this low, spreading evergreen starts bright, golden yellow, gradually changing to dark green. Looks good planted in masses as a ground cover, or used in mixed borders. Non-fruit bearing male cultivar.

TAXUS X MEDIA 'H.M. EDDIE'

Columnar Yew

Size: 20 x 5'

Exposure: Sun-Shade

Zone: 4

This narrow, upright yew takes well to pruning and is perfect for small spaces or as hedge material. Foliage emerges bright green, fading to a darker blue-green. It is a male selection, does not produce fruit, keeping a relatively tidy space. Evergreen.

TAXUS X MEDIA 'HILLII'

Columnar Yew

Size: 8 x 5'

Exposure: Sun-Part shade

Zone: 4

The columnar yew is an adaptable, hardy, evergreen capable of withstanding heavy pruning, but beautiful unpruned for a softer landscape. Dark green needles are tightly spaced. Perfect for hedges or planting along fences and walls. Male cultivar does not produce berries.

TAXUS X MEDIA 'TAUNTONII'

Taunton's Yew

Size: 4 x 5'

Exposure: Sun-Part shade

Zone: 4

A wonderful dwarf evergreen shrub for use as a foundation plant or in mixed borders. It grows wider than tall, and has deep green needles that hold onto their color year round. Tolerates summer heat.

TAXUS X MEDIA 'DENSIFORMIS'

Dense Spreading Yew

Size: 3-4 x 4-6'

Exposure: Sun-Shade

Zone: 4

Low growing, dense, spreading evergreen shrub with dark green needled foliage. May have scarlet winter berries. This shade tolerant conifer is also drought tolerant once established, and works well as low hedge material.

TAXUS X MEDIA 'HICKSII'

Columnar Yew

Size: 20 x 10'

Exposure: Sun-Shade

Zone: 4

Columnar evergreen shrub has glossy, dark green needled foliage with pale green reverse. Red winter berries. Very tolerant of urban conditions.

TAXUS X MEDIA 'MAUREEN'

Columnar Yew

Size: 7 x 1.5' in 15 yrs

Exposure: Sun-Part shade

Zone: 5

Great for narrow spots, this conifer has dark green needles and a columnar form. The needles hold their color well year-round. Tolerates heat and humidity.

THUJA OCCIDENTALIS 'AMBER GLOW'

Arborvitae

Size: 1.5 x 1.5' in 10 yrs

Exposure: Sun-Part sun

Zone: 4

Forming a small mound, this cultivar is golden in summer, and amber-orange in winter. Good for small spaces and as an accent.

Thuja occidentalis 'Anniek' Sienna Sunset™ PP22813

Thuja occidentalis 'Congabe' Fire Chief™ PP19009

Thuja occidentalis 'Hetz Midget'

Thuja occidentalis 'King of Brabant' Private Jet™ PP29678

Thuja occidentalis 'Bobazam' Mr. Bowling Ball®

Thuja occidentalis 'DeGroot's Spire'

Thuja occidentalis 'Jantar' PP22296

Thuja occidentalis 'Smaragd'

THUJA OCCIDENTALIS 'ANNIEK' SIENNA SUNSET™ PP22813

Arborvitae

Size: 2 x 2.5'

Exposure: Sun-Part sun

Zone: 3

This miniature arborvitae will maintain a compact globe shape. Branching is very short and covered with dense foliage. Soft and green at the core, the foliage has yellow tips. In winter, it transforms to a bronzy orange. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'CONGABE' FIRE CHIEF™ PP19009

Arborvitae

Size: 4 x 4'

Exposure: Full sun

Zone: 5

Selected for its bright orange to red fall foliage, this sport of 'Rheingold' lights up the landscape year-round. Spring color is gold, maturing to green in summer. This globe-shaped shrub is perfect for low-maintenance mass plantings or as a rock garden specimen. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'HETZ MIDGET'

Arborvitae

Size: 5 x 5'

Exposure: Sun-Part sun

Zone: 3

A slow-growing compact globe-shaped shrub with rich bluish green foliage that bronzes in winter. Its neat habit makes it great for border, foundation, or rock garden plantings. Tolerant of urban conditions.

THUJA OCCIDENTALIS 'KING OF BRABANT' PRIVATE JET™ PP29678

Arborvitae

Size: 20 x 5'

Exposure: Sun-Part shade

Zone: 3

The perfect evergreen hedge, fast. Private Jet will grow up to 2ft per year, providing an instant screen in a narrow space. Stands up well to wind, snow and ice. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'BOBAZAM' MR. BOWLING BALL®

Arborvitae

Size: 3 x 3'

Exposure: Sun-Part shade

Zone: 3

This unusual arborvitae grows in a compact globe with a soft, feathery texture. Light green juvenile foliage eventually turns sage green.

THUJA OCCIDENTALIS 'DEGROOT'S SPIRE'

Arborvitae

Size: 20 x 5'

Exposure: Full sun

Zone: 3

Medium green foliage on this narrow, columnar evergreen shrub, has a purple tint in winter. Good hedge material or use as a specimen. Protect from strong winds.

THUJA OCCIDENTALIS 'JANTAR' PP22296

Arborvitae

Size: 15 x 3'

Exposure: Full sun

Zone: 3

A narrow, bright yellow arborvitae with a dense habit and a narrow, pointed top. The color becomes orange-yellow in winter, giving this cultivar its name, which means "amber". Suitable as a screen or accent plant. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS 'SMARAGD'

Emerald Green Arborvitae

Size: 15 x 5'

Exposure: Sun-Part shade

Zone: 2

Compact, columnar evergreen shrub has feathery, rich green foliage that holds its color all year. Needs a moist atmosphere and some shade in hot summer areas.

Thuja occidentalis 'Tom Thumb'

Thuja orientalis 'Franky Boy'

Thuja plicata 'Northern Spire' PP31298

Thuja plicata 'Whipcord'

Thuja standishii x plicata 'Green Giant'

THUJA OCCIDENTALIS 'TOM THUMB'

Arborvitae

Size: 3 x 3'

Exposure: Sun-Part sun

Zone: 3

This semi-dwarf arborvitae will form a neat globe-shaped mound. Dense foliage is a lovely emerald green color that holds well throughout the year with little bronzing. Makes a fine low growing hedge or mixes well in shrub borders.

THUJA ORIENTALIS 'FRANKY BOY'

Oriental Arborvitae

Size: 6 x 4'

Exposure: Full sun

Zone: 5

Unique golden, thread-like foliage grows upright creating a tear drop effect on this dwarf conifer. Winter foliage turns orange-bronze, adding both color and texture to the landscape year-round.

THUJA PLICATA 'NORTHERN SPIRE' PP31298

Western Red Cedar

Size: 20 x 5'

Exposure: Sun-Part shade

Zone: 4

Columnar evergreen with dense, dark green foliage. Grows about 1' per year, great for a privacy hedge. Deer resistant. Unlicensed propagation prohibited.

THUJA STANDISHII X PLICATA 'BFC68' 'VIRGINIAN'™ PP26684

Western Red Cedar

Size: 14 x 6' in 10 years

Exposure: Sun-Part sun

Zone: 5

A densely foliated evergreen conifer with a soft feathery texture. Conical and upright, its habit is small and heavily branched with deep green leaves. Tolerates heat, humidity, and cold. Unlicensed propagation prohibited.

THUJA OCCIDENTALIS HIGHLIGHTS™ 'JANED GOLD' PP21967

Arborvitae

Size: 8 x 4'

Exposure: Sun-Part shade

Zone: 5

Upright, pyramidal evergreen with yellow-gold foliage. Tight, dense habit. Holds bright color throughout the year. Sport of 'Gelderland'. Unlicensed propagation prohibited.

THUJA PLICATA '4EVER' FOREVER GOLDY™ PP19267

Western Red Cedar

Size: 20 x 5'

Exposure: Sun-Part shade

Zone: 4

Year-round interest is what you get with this upright conifer. Its golden color and sculptural form are stunning. Foliage develops an orange tint in fall and winter, along with red stems. Unlicensed propagation prohibited.

THUJA PLICATA 'WHIPCORD'

Western Red Cedar

Size: 5 x 5'

Exposure: Full Sun

Zone: 5

Green foliage is thin and cord-like, arching from the center of the plant. This interesting evergreen makes a great focal point in the landscape.

THUJA STANDISHII X PLICATA 'GREEN GIANT'

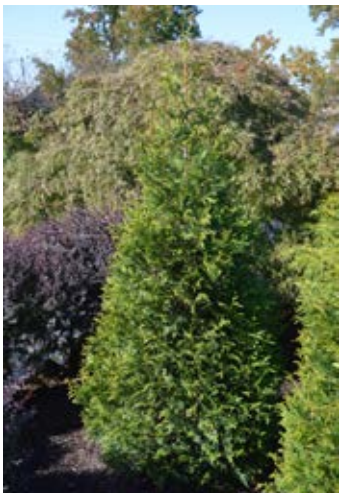

Western Red Cedar

Size: 60 x 18'

Exposure: Sun-Part shade

Zone: 5

An excellent substitute for Leyland cypress. This evergreen has dark green foliage and a nice upright conical shape that requires no pruning. Ideal for screens and can be sheared for hedges. Disease and deer resistant.

Thuja standishii x plicata 'Junior Giant' PP31297

THUJA STANDISHII X PLICATA 'JUNIOR GIANT' PP31297

Western Red Cedar

Size: 20 x 10'
Exposure: Full sun
Zone: 5

'Junior Giant' is a smaller version of the beloved 'Green Giant' with the same deep green foliage. Ideal for privacy screens in smaller spaces. Planting it in groups forms a low-maintenance hedge, screen, or barrier that requires less trimming. Easy to grow, hardy, and deer resistant. Unlicensed propagation prohibited.

VIBURNUM DAVIDII

Evergreen Viburnum

Size: 5 x 6'
Exposure: Sun-Part sun
Zone: 7

Evergreen shrub with mounding habit has deeply veined, dark green leaves. Clusters of pink buds open to white flowers in spring. Female plants bear blue fruit if male plants are present.

VIBURNUM OPULUS 'ROSEUM'

Snowball Viburnum

Size: 6 x 6'
Exposure: Sun-Part sun
Zone: 4

Deciduous shrub has deep green leaves that turn bright red in fall. Rounded clusters of white flowers bloom in spring. Sterile variety, sets no fruit.

VIBURNUM PLICATUM VAR. TOMENTOSUM 'MARIESII'

Doublefile Viburnum

Size: 12 x 15'
Exposure: Sun-Part sun
Zone: 5

The branches of this viburnum grow in an interesting layered pattern, and are topped in the spring with flattened clusters of pretty white blossoms. Fall color is a very pleasing reddish purple.

THUJA STANDISHII X PLICATA 'STEEPLECHASE'

Western Red Cedar

Size: 20 x 8'
Exposure: Full sun
Zone: 4

An attractive evergreen with finely textured deep green foliage and a dense habit. It has a broadly conical to oval shape. Drought tolerant once established. Branches hold up better to snow and ice.

VIBURNUM OPULUS 'COMPACTUM'

European Compact Cranberrybush

Size: 6 x 6'
Exposure: Sun-Part sun
Zone: 4

A dwarf deciduous shrub with a dense mounding habit. This smaller plant produces bright scarlet fruits. The dense branches are covered in small, glossy, tri-lobed leaves.

VIBURNUM PLICATUM 'NEWZAM' NEWPORT™

Doublefile Viburnum

Size: 6 x 6'
Exposure: Sun-Part sun
Zone: 5

Dense, upright, multi-stemmed, deciduous shrub. Creamy white, sterile flowers bloom in snowball-like clusters. Dark green leaves turn an attractive red to burgundy fall color.

VIBURNUM PLICATUM VAR. TOMENTOSUM 'PINK BEAUTY'

Doublefile Viburnum

Size: 10 x 10'
Exposure: Sun-Part sun
Zone: 4

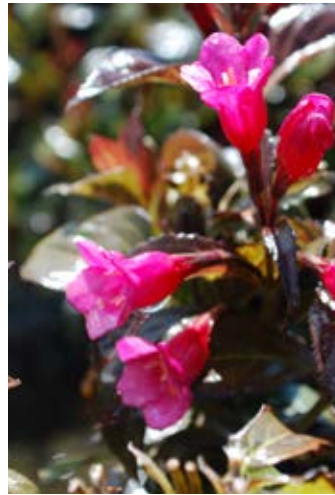

White spring flowers mature to deep pink, and like other Doublefile viburnums, the flower clusters are borne along the top of the branches. Dark green, textured leaves turn red-purple in fall. This deciduous shrub has a nice tiered habit.

Viburnum plicatum var. *tomentosum* 'Summer Snowflake'

VIBURNUM PLICATUM VAR. TOMENTOSUM 'SUMMER SNOWFLAKE'

Doublefile Viburnum

Size: 6 x 6'
Exposure: Sun-Part sun
Zone: 5

This compact, deciduous shrub has a layered branching habit with clusters of white flowers that bloom along the tops of the branches from April into November. Rich green leaves turn burgundy red in fall. Sets very little fruit.

VIBURNUM TINUS 'SPRING BOUQUET'

Laurustinus

Size: 8 x 8'
Exposure: Sun-Part sun
Zone: 7

Small, compact, upright evergreen shrub has dark green foliage. Fragrant, pink-white flowers in spring are followed by dark blue-black fruit.

WEIGELA FLORIDA 'ALEXANDRA'

Weigela (red/pink)

Size: 5 x 5'
Exposure: Full sun
Zone: 4

Reddish pink, funnel-shaped flowers cover this deciduous shrub in spring. Foliage is purple, extending the seasonal interest. Needs sun for best flowering and leaf color. Upright rounded habit.

WEIGELA X 'AZ' AFTERGLOW® P33254

Weigela

Size: 3-4 x 3-4'
Exposure: Full sun
Zone: 4

Deciduous shrub with dark purplish-bronze leaves topped with cream and pink flowers. Attracts pollinators and tolerant of many soil types. Deer resistant. Unlicensed propagation prohibited.

VIBURNUM TINUS 'SPIRIT'

Viburnum

Size: 7 x 7'
Exposure: Sun-Part shade
Zone: 7

This evergreen, compact plant was originally developed for cut flowers. The dark green foliage and red stems create a nice background for the fragrant, striking white flower clusters that begin as deep pink buds. Blooms November through May. After flowering, metallic, purple-blue berries appear.

VIBURNUM X RHYTIDOPHYLLOIDES 'ALLEGHANY'

Alleghany Viburnum

Size: 8-10 x 8-10'
Exposure: Full to part sun
Zone: 5

Multi-stemmed, dense, upright deciduous shrub with textured dark green leaves. Blooms in spring with large clusters of creamy white flowers. Use as a hedge, screen or windbreak. Semi-evergreen.

WEIGELA FLORIDA 'MORCOLZAM' MOR-COLOURFUL™

Weigela (white)

Size: 4 x 5'
Exposure: Full sun
Zone: 5

Brighten up the garden with this compact, mounding shrub. In late spring, trumpet-shaped flowers are light pink to white. Green foliage has broad, creamy yellow margins. Tolerates urban conditions, drought, and is disease resistant.

WEIGELA X 'SLINGPINK' PEACH KISSES™ PP29149

Weigela

Size: 3 x 3'
Exposure: Full sun
Zone: 4

Deciduous low maintenance shrub with green leaves. Blooms in spring with peach-pink color. Deer resistant and pollinator friendly. Drought tolerant. Unlicensed propagation prohibited.

Wisteria macrostachya 'Blue Moon'

Wisteria frutescens 'Amethyst Falls'

WEIGELA X 'SPRING 2' STUNNER® PP30185

Weigela

Size: 3-4 x 3-4'

Exposure: Sun-Part sun

Zone: 4

Compact deciduous shrub with bright pink blooms that stand out against dark purple foliage. Unlicensed propagation prohibited.

WISTERIA FRUTESCENS 'AMETHYST FALLS'

American Wisteria (purple)

Size: 20'

Exposure: Sun-Part sun

Zone: 5

This relatively compact, deciduous wisteria blooms dependably at a younger age, and is non-invasive. Can be pruned to grow in large containers. Produces lightly fragrant, 4-6" blue-purple racemes in late spring, and again in summer.

WISTERIA MACROSTACHYA 'BLUE MOON'

Kentucky Wisteria (blue)

Size: 25'

Exposure: Sun-Part sun

Zone: 3

The hardiest of Wisteria! Dependably blooms up to three times in a growing season once established, producing beautiful foot long racemes of fragrant, pea-like lavender-blue flowers. Cloaks shade arbors and structures. Ideal for arching over gateways and entries, or along the top of a wall. Deciduous.

Dryopteris erythrosora Brilliance™

ADIANTUM PEDATUM

Northern Maidenhair Fern

Size: 12 x 18"

Exposure: Part shade-Shade

Zone: 4

A graceful fern with a spreading habit, this plant adds woodland charm to the garden. Delicate, lacy, light-green fronds radiate outward from wiry black stems.

ATHYRIUM FILIX-FEMINA

Lady Fern

Size: 3 x 2.5'

Exposure: Part shade-Shade

Zone: 4

Light green feathery fronds add great color and texture to the landscape. Fronds are arrowhead-shaped, up to 1' wide and 3' long. This deciduous fern grows in thick, rounded clumps.

ATHYRIUM NIPONICUM VAR. PICTUM 'METALLICUM'

Japanese Painted Fern

Size: 2 x 2'

Exposure: Part shade-Shade

Zone: 4

Arching fronds are silver-grey with green accents. The rachis is burgundy colored. In warm summer areas, color tends to be greener. Spreads slowly by rhizomes, creating a natural understory layer.

DRYOPTERIS ERYTHROSORA

Autumn Fern

Size: 2 x 2'

Exposure: Part sun-Shade

Zone: 5

This fern has arching, broadly triangular fronds in vase shaped clumps. New fronds unfurl in pretty shades of orange and copper, which turn bright green, then mature to shiny dark green. Deer resistant. Evergreen.

ADIANTUM VENUSTUM

Himalayan Maidenhair Fern

Size: 6" x 3'

Exposure: Part shade-Shade

Zone: 5

Delicate fronds unfurl with a bronze-green color, maturing to light green. Semi-evergreen fronds are triangular in shape, with fan-shaped pinnae. Spreads slowly by rhizomes, good for naturalizing a shady wooded area.

ATHYRIUM NIPONICUM VAR. PICTUM 'APPLE COURT'

Japanese Painted Fern

Size: 2 x 3'

Exposure: Part shade-Shade

Zone: 4

Silvery green fronds with purple tones.

BLECHNUM SPICANT

Deer Fern

Size: 1.5 x 2'

Exposure: Part shade-Shade

Zone: 5

Evergreen. Sterile fronds are narrow, glossy dark green and angled; fertile fronds are upright with widely spaced leaflets. Needs good air circulation.

DRYOPTERIS ERYTHROSORA BRILLIANCE™

Autumn Fern

Size: 1.5 x 2'

Exposure: Part shade-Shade

Zone: 5

Young fronds are lustrous, displaying orange, copper, and pink colors that intensify the landscape. A showy evergreen fern.

Matteuccia struthiopteris

Polystichum munitum

Polystichum acrostichoides

Polystichum polyblepharum

MATTEUCCIA STRUTHIOPTERIS

Ostrich Fern

Size: 4 x 3'

Exposure: Part shade-Shade

Zone: 2

The light to medium green fronds of this beautiful and elegant fern are upright and slightly arching. Their size and texture lend a tropical air wherever they are planted. The young fiddleheads are edible.

POLYSTICHUM MUNITUM

Western Sword Fern

Size: 4 x 7'

Exposure: Part shade-Shade

Zone: 4

A great structural, evergreen to semi-evergreen fern growing from a dense, slowly expanding crown. Upright fronds are deep green.

POLYSTICHUM ACROSTICHOIDES

Christmas Fern

Size: 2 x 2'

Exposure: Part shade- Shade

Zone: 3

True to its name, a fern that lasts through the year. Leaflets (pinnae) resembling stockings are colored rich, dark green. Each fountain-like frond emerges from a tight coil unfurling with a touch of silver. Best for borders, containers and accents.

POLYSTICHUM POLYBLEPHARUM

Tassel Fern

Size: 2 x 2'

Exposure: Part shade-Shade

Zone: 6

Lustrous evergreen fern adds an elegant look to shaded gardens. Particularly beautiful when new fronds emerge, drooping backwards to form a tassel, before expanding and flattening out.

Big Bluestem Grass

Size: 5 x 3'
Exposure: Full sun
Zone: 4

The blue-green foliage of this ornamental grass takes on overtones of pink and purple in fall. Seed heads form above the foliage and are attractive to birds and can be used in cut floral displays. Unlicensed propagation prohibited.

ANDROPOGON GERARDII 'BLACKHAWKS' PP27949

Big Bluestem Grass

Size: 5 x 2'
Exposure: Full sun
Zone: 3

This tall ornamental grass matures from blue-green to burgundy in late summer. Unlicensed propagation prohibited.

CALAMAGROSTIS X ACUTIFLORA 'KARL FOERSTER'

Feather Reed Grass

Size: 3 x 2', bloom ht 5'
Exposure: Sun-Part sun
Zone: 4

This is a cool season, clumping grass with a compact, erect growth habit. Leaf blades are bright green. Magnificent, wheat-like seed heads appear in late spring and last all season long. This tall grass provides a great backdrop for lower growing plants and is also useful for screening, and will not reseed. A good choice for heavy clay soils.

CAREX MORROWII EVERCOLOR® 'EVERGLOW' PP30466

Sedge Grass

Size: 1.5 x 1.5'
Exposure: Part shade-Shade
Zone: 5

Featuring bright green foliage with cream colored margins, this cultivar develops an orange tint to its edges in fall and winter. Evergreen. Unlicensed propagation prohibited.

ANDROPOGON GERARDII 'RED OCTOBER' PP26283

Big Bluestem Grass

Size: 6 x 3'
Exposure: Full sun
Zone: 4

Spring leaves are green with red highlights, and as fall approaches the red deepens to burgundy. Foliage turns bright red after first frost. Unlicensed propagation prohibited.

BOUTELOUA GRACILIS 'BLONDE AMBITION' PP22048

Blue Grama Grass

Size: 3 x 3'
Exposure: Sun-Part sun
Zone: 4

A cold hardy grass featuring blue-green foliage and distinctive chartreuse colored flower heads that fade to blonde at maturity. Unlicensed propagation prohibited.

CAREX ELATA 'BOWLES GOLDEN'

Golden Sedge Grass

Size: 3 x 3'
Exposure: Part shade
Zone: 5

Golden leaves have green margins. Adds bright spots to shade gardens. Clumps are graceful and arching. This sedge can grow in shallow water at the edge of a pond. Also known as 'Aurea'.

CAREX OSHIMENSIS 'EVERGOLD'

Sedge Grass

Size: 2 x 1'
Exposure: Sun-Part sun
Zone: 5

This clumping evergreen sedge has arching narrow leaves with a creamy yellow central stripe and dark green margins. Insect and disease resistant.

CAREX OSHIMENSIS EVERCOLOR® 'EVERILLO' PP21002

Sedge Grass

Size: 1.5 x 1.5'

Exposure: Part sun-Part shade

Zone: 5

Bright yellow clumping sedge, evergreen to semi-evergreen. Narrow, arching leaves form graceful mounds that are nice for edging borders. Golden color adds bright spots to the garden. Unlicensed propagation prohibited.

CAREX PENSYLVANICA 'STRAW HAT' PP29432

Sedge Grass

Size: 1 x 1'

Exposure: Part shade-Shade

Zone: 3

This green sedge prefers drier sites than most others. Semi-evergreen, loose clumps spread by rhizomes. Flowers and seed heads are showier than most, and this cultivar may self-seed. Use as a groundcover in shady areas. Unlicensed propagation prohibited.

FESTUCA ARUNDINACEA 'GLOW STICKS' PP34648

Tall Fescue Grass

Size: 30 x 18"

Exposure: Sun-Part shade

Zone: 3

Vivid yellow flower stalks rise above dark green foliage in mid-spring. This evergreen grass forms a slightly rounded clump. Disease and humidity resistant. Unlicensed propagation prohibited.

FESTUCA X 'COOL AS ICE' PP27651

Blue Fescue Grass

Size: 1.5 x 1'

Exposure: Sun-Part sun

Zone: 4

Fine blue foliage with a hint of grey green in spring. Small tight habit with better heat tolerance than other fescue. Unlicensed propagation prohibited.

CAREX OSHIMENSIS EVERCOLOR® 'EVERSHEEN' PP25938

Sedge Grass

Size: 18 x 18"

Exposure: Part shade-Shade

Zone: 5

Evergreen foliage is yellow with dark green edges. The long leaves create a soft mounding groundcover. Deer and disease resistant. Unlicensed propagation prohibited.

CAREX TENUICULMIS 'CAPPUCCINO'

Sedge Grass

Size: 1.5 x 1.5'

Exposure: Sun-Part shade

Zone: 6

This exciting sedge changes color throughout the seasons with foliage first emerging brown, changing to copper and then to orange and red in the fall. Fine-textured, forming arching mounds.

FESTUCA GLAUCA 'CASCA11' BEYOND BLUE™ PP23307

Blue Fescue Grass

Size: 1 x 1.5'

Exposure: Sun-Part sun

Zone: 4

From spring through winter this outstanding fescue carries its rich steel blue color throughout. Growing in a mound, the fine foliage cascades neatly, and the inflorescences rise 6-8" above the foliage. Tolerates heat, humidity, and drought. Unlicensed propagation prohibited.

HAKONECHLOA MACRA 'ALL GOLD'

Japanese Forest Grass

Size: 14 x 18"

Exposure: Part shade

Zone: 5

Shiny, pure golden leaves arch gracefully. Slow to establish. Good in shady and woodland gardens.

Size: 1.5 x 2'
Exposure: Shade
Zone: 5

Interesting combination of cream and lime green leaves with dark purple stems. Forms softly upright clumps. This perennial grass makes a nice groundcover in mass plantings. Deer resistant. Unlicensed propagation prohibited.

MISCANTHUS SINENSIS 'GOLD BAR'

Maiden Grass

Size: 5 x 3'
Exposure: Sun-Part shade
Zone: 5

A dense, upright, clumping grass that is noted for its horizontally banded, creamy yellow and green foliage. When autumn is mild, burgundy inflorescences rise just above the foliage, maturing to beige.

MISCANTHUS SINENSIS 'M77' SCOUT™ PP30402

Maiden Grass

Size: 6 x 3'
Exposure: Full sun-Part shade
Zone: 5

Slender green blades with white midrib. Pink to beige plumes and fall foliage becomes shades of yellow, orange, and red. Sterile cultivar from the University of Georgia. Unlicensed propagation prohibited.

HAKONECHLOA MACRA 'BENI-KAZE'

Japanese Forest Grass

Size: 18 x 24"
Exposure: Part shade
Zone: 5

Graceful ribbon-like leaves, that are green in summer, turn brilliant shades of red in the fall. Clumping, spreading habit. Easy to grow.

HELICTOTRICHON SEMPERVIRENS

Blue Oat Grass

Size: 3 x 2.5'
Exposure: Full sun
Zone: 4

Very narrow blue leaves form a rounded clump. Flower spikes rise above the foliage in summer, maturing to a golden brown in fall. Evergreen in mild winter areas.

MISCANTHUS SINENSIS 'GRACILLIMUS'

Maiden Grass

Size: 6 x 6'
Exposure: Sun-Part shade
Zone: 5

Narrow, arching leaves give this large ornamental grass a delicate appearance. Leaves are green with a silver midrib. In fall, coppery red inflorescences, which rise 2' above the foliage, mature to silvery white. Tolerates drought, air pollution and most soil conditions.

MISCANTHUS SINENSIS 'MORNING LIGHT'

Maiden Grass

Size: 6 x 4'
Exposure: Sun-Part shade
Zone: 5

Light green, narrow leaves with white margins make this ornamental grass glow when backlit. Bronze-red flowers yield cream colored seedheads. Blooms late summer.

MISCANTHUS SINENSIS 'ZEBRINUS'

Zebra Grass

Size: 6 x 6'
Exposure: Sun-Part sun
Zone: 5

Deep green foliage cut by yellow horizontal bands make an attractive variable pattern. Growing to an impressive 8 feet tall with blooms. Flower plumes last into winter, adding interest. Clumps may need support.

MISCANTHUS SINENSIS MYSTAL™ 'LITTLE MISS' PP28849

Maiden Grass

Size: 3 x 3'
Exposure: Sun-Part shade
Zone: 4

A compact, clumping grass with narrow, arching foliage emerges green in spring, and develops crimson and purple tones. This two-toned effect intensifies as the season progresses. Red flowers rise above the foliage, producing showy buff colored seed heads late in summer, persisting through fall. Unlicensed propagation prohibited.

OPHIPOGON PLANISCAPUS 'NIGRESCENS'

Black Mondo Grass

Size: 1 x 1'
Exposure: Sun-Part shade
Zone: 6

This semi-evergreen has purple-black grass-like leaves which form a slowly spreading clump. Small bell-shaped, light pink flowers produce glossy dark purple berries.

PANICUM VIRGATUM 'CAPE BREEZE' PP24895

Switchgrass

Size: 2.5 x 2'
Exposure: Full sun
Zone: 4

Adding a soft texture to the garden, this green grass arches gently to create a soft, upright clump. Flower panicles form in late summer and seedheads last into the winter. Salt tolerant. Unlicensed propagation prohibited.

MISCANTHUS SINENSIS MYSTAL™ 'FIRE DRAGON' PP30374

Maiden Grass

Size: 6 x 3'
Exposure: Full sun
Zone: 4

Upright green foliage segues in autumn to a range of vivid reds and oranges. Silvery flower plumes. Unlicensed propagation prohibited.

MUHLENBERGIA REVERCHONII 'PUND01S' UNDAUNTED®

Ruby Muhly Grass

Size: 2 x 2', bloom height 2.5'
Exposure: Full sun
Zone: 5

Grey-green rounded clumps of foliage are topped by 1' tall red flower spikes in fall, persisting into winter. Nice in mass plantings or as a specimen.

PANICUM VIRGATUM 'APACHE ROSE'

Switchgrass

Size: 2.5 x 4'
Exposure: Full sun
Zone: 4

Rosy-red inflorescences make this switch grass unique. Blooms late summer. Has a dense, columnar habit and grey-green leaves. Drought tolerant and deer resistant. Tolerates most soil conditions.

PANICUM VIRGATUM 'CHEYENNE SKY' PP23209

Switchgrass

Size: 3 x 2'
Exposure: Sun-Part shade
Zone: 5

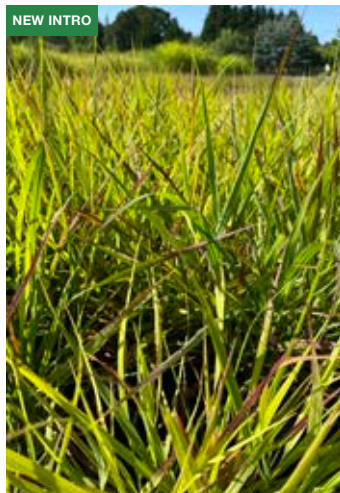

Blue-green clumping grass turns deep burgundy red in summer. Typically forms a dense, narrow clump, but may become more open in too much shade. Pinkish flower spikes appear above the leaves in midsummer. Unlicensed propagation prohibited.

PANICUM VIRGATUM 'DALLAS BLUES'

Switchgrass

Size: 5 x 3', bloom ht 6'
Exposure: Sun-Part sun
Zone: 5

Wide, smoky blue foliage contrasts with red-purple plumes that form in early autumn. Clump-forming, and also spreads by rhizomes. Winter interest is provided by seed heads that attract birds.

PANICUM VIRGATUM 'HOT ROD' PP26074

Switchgrass

Size: 4 x 2.5'
Exposure: Sun-Part sun
Zone: 4

Leaves emerge blue-green on this perennial, becoming burgundy by summer. Seedheads are also burgundy, appearing in mid-summer. Drought tolerant and deer resistant. Unlicensed propagation prohibited.

PANICUM VIRGATUM 'RED FLAME' PP35213

Switchgrass

Size: 3.5 x 2'
Exposure: Full sun
Zone: 4

Blue-green broad-bladed foliage turns wine red by the end of summer. Red panicles turn gold. Sturdy in cold. Tolerates wet and dry soils. Unlicensed propagation prohibited.

PENNISETUM ALOPECUROIDES 'BURGUNDY BUNNY' PP21917

Fountain Grass

Size: 1 x 1'
Exposure: Sun-Part sun
Zone: 6

A dwarf fountain grass forming an upright clump of narrow green leaves. Red highlights begin in late spring and by fall the foliage is completely ablaze. Small tufts of cream colored flower plumes appear a few inches above the foliage in late summer. Unlicensed propagation prohibited.

PANICUM VIRGATUM 'HEAVY METAL'

Switchgrass

Size: 4 x 3'
Exposure: Sun-Part shade
Zone: 5

Blue-grey leaves turn yellow in fall, eventually fading to buff in winter. This ornamental grass has a nice upright form where a vertical look is needed. Flower panicles have a hint of pink and are taller than the foliage.

PANICUM VIRGATUM 'PRAIRIE SKY'

Switchgrass

Size: 6 x 3'
Exposure: Sun-Part sun
Zone: 4

This tall ornamental grass has powder blue leaves that turn yellow in fall, aging to brown. Seed plumes can last through winter. Clumps will increase in size over time. Tolerates occasional flooding.

PANICUM VIRGATUM 'SHENANDOAH'

Switchgrass

Size: 4 x 3'
Exposure: Full sun-Part shade
Zone: 4

Blue-green leaves turn wine red by summer. This upright ornamental grass is compact, with panicles of red-pink flowers that float above the foliage.

PENNISETUM ALOPECUROIDES 'DESERT PLAINS' PP20751

Fountain Grass

Size: 4 x 4'
Exposure: Full sun
Zone: 5

Narrow green leaves grow in a soft, upright clump. In summer and fall the foliage gradually turns red, orange, and gold. The flower heads emerge purplish, maturing to beige. With age, this large ornamental grass becomes a rounded focal point with large fluffy plumes rising above the leaves. Unlicensed propagation prohibited.

PENNISETUM ALOPECUROIDES 'HAMELN'

Fountain Grass

Size: 2.5 x 2.5'

Exposure: Sun-Part sun

Zone: 5

This compact ornamental grass forms spreading clumps, with deep green leaves that turn golden yellow, then beige in fall. Flower spikes are fine, pinkish white bottle brushes, which turn brown as seeds form. May not flower in too much shade.

PENNISETUM ALOPECUROIDES 'LITTLE BUNNY'

Fountain Grass

Size: 20 x 20"

Exposure: Sun-Part sun

Zone: 4

An attractive miniature of the popular fountain grass. Dark green foliage supports tufted seed heads.

SCHIZACHYRIUM SCOPARIUM 'STANDING OVATION' PP25202

Little Bluestem Grass

Size: 4 x 2'

Exposure: Full sun

Zone: 3

A beautiful ornamental grass with a distinctly sturdy upright habit. The foliage is a lovely steel blue briefly showing red tips, becoming blazing orange-red in fall. Unlicensed propagation prohibited.

PENNISETUM ALOPECUROIDES 'LEMON SQUEEZE' PP34634

Fountain Grass

Size: 3.5 x 4.5'

Exposure: Full sun

Zone: 5

Bright chartreuse leaves arch over gracefully. Color is better with more sun. Seedheads appear in midsummer, just above the foliage. Deer resistant. Unlicensed propagation prohibited.

PENNISETUM ALOPECUROIDES 'RED HEAD'

Fountain Grass

Size: 4 x 3'

Exposure: Sun-Part sun

Zone: 5

Large, pale pink flowerheads appear just above the foliage from midsummer to early fall. Green leaves turn yellow in fall. This ornamental grass can be used for moist areas and erosion control. May need winter protection in colder climates.

Zone: 3

This large Hosta features a mounding form with cascading green leaves. Irregularly shaped chartreuse centers fade to creamy white. Light purple flowers arrive in midsummer. Uncensored propagation prohibited.

HOSTA 'BLUE MOUSE EARS'

Plantain Lily

Size: 7 x 12", bloom ht 12"

Exposure: Part shade-Shade

Zone: 3

Small, rounded leaves give this hardy, clump-forming Hosta its name. Short stalks of lavender flowers stand above blue-green to gray-green foliage.

HOSTA 'CATHEDRAL WINDOWS'

Plantain Lily

Size: 1.5 x 3'

Exposure: Part shade-Shade

Zone: 3

Forms a clump of large, rounded, golden leaves with dark green margins. Leaves start to become dome-shaped as they age. Large, fragrant, white flowers arrive in late summer.

HOSTA 'DANCING WITH DRAGONS' PP32040

Plantain Lily

Size: 18 x 43"

Exposure: Part shade-Shade

Zone: 3

Heart-shaped blue leaves with heavily rippled margins that give a wavy appearance. The blue color holds throughout the season. Late summer brings white flowers on tall flower scapes. Uncensored propagation prohibited.

HOSTA 'BLUE IVORY' PP19623

Plantain Lily

Size: 2 x 3'

Exposure: Part shade-Shade

Zone: 3

Heart-shaped leaves are blue with a cream-white margin. Eventually, the centers become blue-green, and the margins become bright white and may develop a green blush. Lavender flowers bloom on 2' stalks in summer. Uncensored propagation prohibited.

HOSTA 'BULLETPROOF'

Plantain Lily

Size: 2 x 3'

Exposure: Part sun-Shade

HOSTA X 'PARADIGM'

Plantain Lily

Size: 20 x 48"

Exposure: Part shade-Shade

Zone: 3

Attractive dense mounds chartreuse green heart-shaped leaves beautifully adorned with broad blue-green margins. Trusses of lily-like, pale lavender to near-white flowers blooming mid-summer. Attracts pollinators.

HOSTA 'WIGGLES AND SQUIGGLES'

Plantain Lily

Size: 8 x 24"

Exposure: Part shade-Shade

Zone: 3

Bright yellow leaves are long and thin and notable for the wavy margins. Forms a low, wide habit that highlights the 'wiggly' edges.

Terms & Conditions

TERMS AND CONDITIONS

Orders must be prepaid unless credit has been previously approved. New accounts requesting credit terms must complete a credit application. All credit applications will be considered. Please allow up to 30 days for processing. Approved credit accounts are due 30 days from the date of shipment. Overdue accounts will be charged interest at the rate of 1.5% per month on the unpaid balance, or the maximum rate permitted by applicable law, whichever is less. Accounts not meeting established terms will revert to prepayment status and may result in a loss of discount. Accounts inactive for two (2) years or greater will revert to prepayment status and must submit a new credit application at least 30 days prior to shipping. Payment by credit card is accepted. Applicable processing fees will be added where permitted by law.

Customer agrees to pay all costs of collection, including reasonable attorney fees, court costs, and collection agency fees incurred in recovering past due amounts.

PRICING

Prices are subject to change without notice. Please contact us for current pricing. Freight costs are not included in pricing.

PHYTOSANITARY CERTIFICATES

Orders shipped to Canada or to a state within the United States that requires a phytosanitary certificate will be charged a fee to process phytosanitary documents.

ORDER MINIMUMS

For efficiency, quantity minimums will apply to all material, as described in the current availability. Orders shipped via common carrier must also meet our net dollar minimum as stated in the current availability.

SHIPPING

At your request, we will arrange shipping via a third-party carrier. You will be charged freight COD unless you have previously established credit with the carrier. If you are arranging a carrier, please allow at least five (5) business days' notice prior to shipping to prepare your order. We do not assume responsibility for the product once loaded. Freight claims must be submitted directly to the carrier.

FORCE MAJEURE

Seller shall not be liable for delays, shortages, or failures to perform due to causes beyond its reasonable control, including but not limited to weather events, natural disasters, labor disputes, transportation interruptions, governmental actions, disease outbreaks, or other force majeure events.

ADJUSTMENTS AND CANCELLATIONS

Please review your confirmations promptly and notify us of any changes. We reserve the right to substitute one size larger or smaller on all material unless prior instructions of "no substitutions" are given. We reserve the right to cancel products due to weather damage, errors in availability, insect or disease injury, acts of nature, governmental action, or other causes beyond our control.

If the material ordered is not available for any reason, we shall provide the option of substituting another product upon terms and conditions agreeable to both parties. Plant unavailability shall not be deemed a breach of this Agreement.

Fall order cancellations must be received in writing prior to October 15. Any cancellations on pre-booked Fall orders received after this date will incur a 15% restocking fee on B&B and B&B/CT items. Cancellations on Spring orders must be received in writing prior to March 15. Cancellations after this date will incur a 15% restocking fee (\$250 minimum). Late cancellations may jeopardize future allocation percentages and/or fill rates. After June 1, pre-booked Spring orders will be released to open availability. No cancellations will be accepted once an order has been pulled and placed on the dock.

CLAIMS

All claims must be noted on the Bill of Lading (BOL). Claims must be made in writing within five (5) business days of receipt of shipment and must include photographs of damaged material. Any material subject to claim must be held for inspection and disposition. Claims regarding damage in transit must be made directly to the carrier. We will be glad to assist if requested.

Failure to inspect and report claims within the required period constitutes acceptance of the shipment.

We are not responsible for any sum greater than the purchase price of the stock.

CUSTOM LABELS

We can add your company's retail prices, SKU numbers, and/or our UPC codes to our tags for each plant, or you may provide your own tags. Retail pricing, SKU codes, and/or company tags must be received by January 15. Please refer to the current availability for applicable custom label charges.

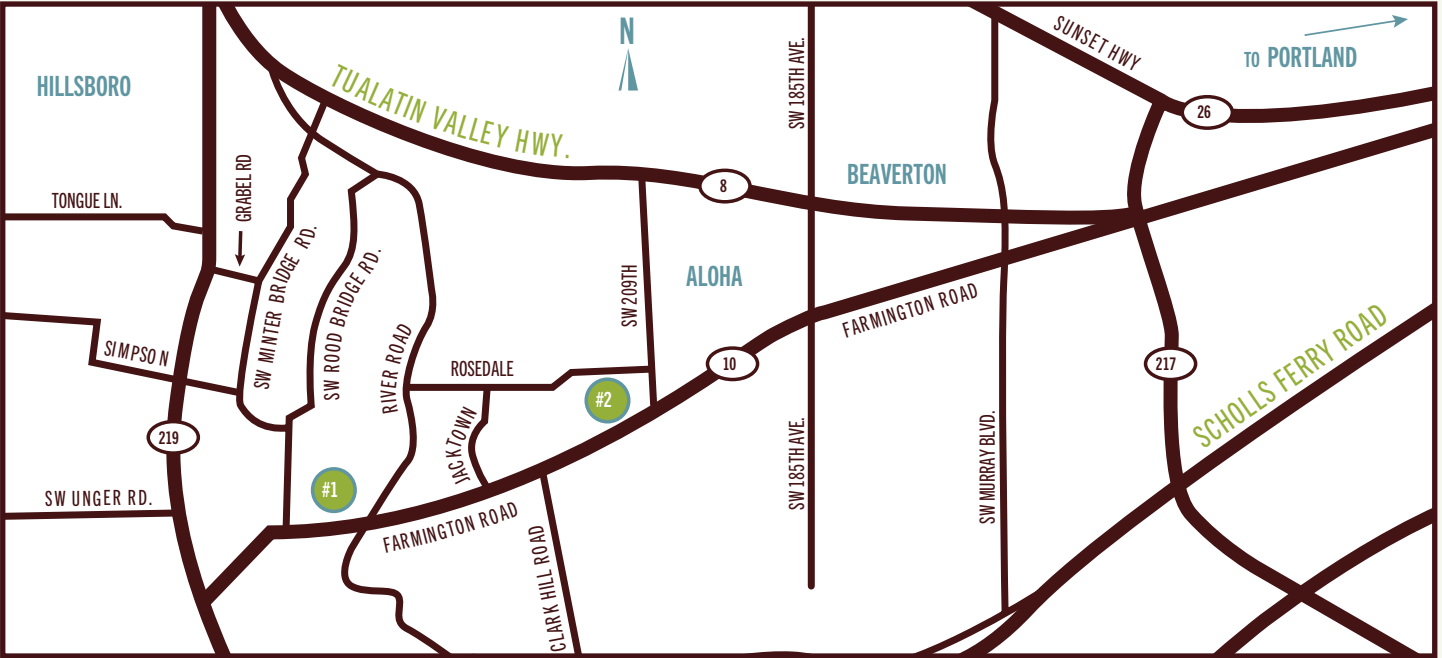

CONDITIONS OF SALE

The seller makes no warranty, express or implied, extending beyond the description herein, including any warranty of merchantability or fitness for a particular purpose. Liability in all cases shall not exceed the purchase price of the subject plants.

PLANT PATENT AND/OR TRADEMARK

The price of certain plants purchased may include a plant patent and/or trademark royalty. In exchange for those royalty payments, you are granted a limited, non-exclusive license to grow and sell the plants. This license does not include the right to propagate the plants in any manner.
