Containerizing Balled & Burlapped Plants

If you would like to receive your plants in containers, we offer containerizing of some of our plants. Please contact us or our sales representatives if you are interested in having your plants containerized.

10 Gallon Container- \$

15 Gallon Container- \$

This is the process involved in containerizing: We dig the plant and put treated burlap around the root ball, securing the burlap to the rootball with twine. We then place the ball of the plant into a container and fill with Bark, ready for shipment.

20 Gallon Container- \$

25 Gallon Container- \$

Wire Basket - Most of the Cedrus Deodara and Cedrus Atlantica varieties 7-8' and larger are supplied with a wire basket with no extra charge. If you would like wire baskets on any other plants, there is an additional \$9.00 charge for the basket and the labor to put these on.

D = Deer Resistant
