Seed & Plant Starter and Microbe Remedy

Pictures taken 6 weeks after URC sticking. Right had Seed and Plant Starter applied as dip at URC stage, and a second application of Microbe Remedy

applied at 3 weeks. Left is without treatment. Customer normally moves product off heated floor at 6 weeks, hangs, and finishes for another 2 to 3 weeks. Now customer can sell these right off the heated floor at 6 weeks, cutting production time by 2 weeks! Customer normally would experience takes of around 80% of cuttings, losing 20% to yellowing and rotting of leaves. With treatment they experienced about 95% take. Note the difference in root mass, root size, and growth!

Microbe Remedy for 4 months on Poinsettias

Microbe Remedy used once on Calla Lilies

Microbe Remedy used twice on Easter Lilies

Cleaner. Safer. Organic. Works Fast.

MICROBES OUTPERFORMING CHEMICALS

Fairy Garden Plants Gulley Greenhouse

Promotion Details

Save 5% on fairy plant orders of \$500 or more! Available in 96 CP, 196 CP, and 25 strip trays.

25 Strip Tray: Must order in increments of 3 - packed 3 in a single box, 12 in a full box
96 Cell: packed 4 to a box
196 Cell: packed 4 or 6 to a box

Each plant comes with a beautiful tag that introduces consumers to both the fairy and the flower! The Fairy Flowers® tag is required.

Orders must be shipped by May 31, 2023. No other discounts apply.

Miniature Plants, Huge Personality!

The plants in the Fairy Flowers® program have been individually selected because they either naturally stay small or can be trimmed to stay tiny. They thrive as outdoor plants in the height of the growing season and as indoor plants the remainder of the year. There are three series within the Fairy Flowers® line; Original Fairy Flowers®, Gargoyle™ Succulent Fairy Flowers® and Terrarium Fairy Flowers®.

Fairy Flowers® plugs available exclusively from Gulley Greenhouse!

A plant for every tiny space, with diverse texture and forms!

Finish your plants in the pot size that you desire!
