SPARKLE SERIES
HELLEBORES

ALDRESHOT GREENHOUSES

Hellebores are one of the earliest bloomers of the season, and customers notice. With shade tolerance, long-lasting flowers, and low-maintenance appeal, they're an easy sell! EHR works with a deep bench of hellebore suppliers so you can source finished product, liners, or bare root... whatever fits your program.

PROGRAM SNAPSHOTS

Creek Hill Nursery - 'Sparkle' Series

Vigorous Growth • High Flower Count.
Size: 50-cell liners • 40-64 trays per rack

The 'Sparkle' series delivers exactly what the name promises... standout color and reliable performance right out of the liner. Available in variety of colors, from Spring Sparkle Red to Winter Sparkle White Blush.

Aldershot Greenhouses

Retail-Ready • Right-Sized for Any Operation
Size: 6" prefinished • 336 per rack

Aldershot's 6" prefinished hellebores arrive ready for the bench, no finishing required. Mix and match color with flexibility to combine varieties in a single shipment.

Pacific Plug & Liner - 'Frostkiss' Series

More Heat Tolerance • More Color
Size: Prefinished quarts • 350 per rack

The 'Frostkiss' series sets itself apart with stronger heat tolerance than competing hellebore programs, plus a huge range of colors and consistently abundant blooms.
